The history of the College during the last six years is marked by a uniform progress.

The zealous and self-sacrificing spirit of the Faculty and the thoroughness of their work, have won the sympathy and confidence of the Baptists of East Tennessee, as is shown in the large increase of patronage, and new purchase of new College Buildings.

The prospects are most encouraging; and the past patronage highly satisfactory—205 students have been matriculated during the past year.

By the continued co-operation of Baptists and other friends of the Institution it is desired to make this COLLEGE the crowning glory of the denomination in East Tennessee.

For Catalogues, address the President,

N. B. Coforth, D. D.,

MOSSY CREEK, TENN.
