In an effort to recruit professional personnel to the field of special education who are interested in teaching in the Tennessee public schools and serving students with disabilities, the Division of Special Populations, within the Tennessee Department of Education is offering financial assistance to post-baccalaureate and undergraduate students who meet the eligibility criteria presented in Section IV of this document. This financial assistance is in keeping with the provisions of Part B of the Individuals with Disabilities Education Act, as amended (IDEA or ACT) and T.C.A., Title 49-10-110, hereinafter referred to as the BASE-TN Teaching Program or The Program.

I. INTRODUCTION

A. The BASE-TN Teaching Program provides limited financial assistance in the form of tuition remission and textbook support for either part-time or full-time study to professional personnel who desire to work in programs for the education of children with disabilities. The purpose of the program is to help professional personnel meet licensure requirements in the area of Special Education. Participation in the program is limited to (a) post-baccalaureate candidates admitted to teacher education programs (or eligible to be admitted and/or have provided written intent to seek admission) in approved Tennessee colleges and universities, and (b) educational assistants or para-professionals with at least two years of transferable college credit in an area of special education who are currently employed by a Tennessee school and serve students with disabilities ages birth through twenty-one. These candidates must seek Tennessee initial licensure in Special Education or an endorsement in Special Education. The financial award entails a commitment to full-time teaching two years in a Tennessee public school for each academic year the award is received. The goal of the BASE-TN Teaching Program is to help increase the number of fully licensed Tennessee teachers, including speech-language pathologists, serving students with disabilities in Tennessee public schools. See also Section IV (Eligibility) and Section V (Method of Selection).

BASE-TN Teaching Program funds may not be used to support out-of-state tuition/fees nor other student fees (e.g., parking fees, laboratory fees, online/distance education/technology fees, etc.).

B. The following Tennessee colleges and universities have approved teacher education programs, including special education, and participate in the BASE-TN Teaching Program under these guidelines and criteria developed jointly by the Tennessee Department of Education, Division of Special Populations, and the Tennessee Interagency Professional Educators Consortium (TIPEC):
All participating universities and colleges will, at the end of each semester, provide the Department of Education, Division of Special Populations, with rosters of program participants, including students completing the special education programs, the type Tennessee special education license the participants have applied for and received, efforts made by the scholars to find employment in a Tennessee public school and / or written employment verification. All program participants will be advised to search for Tennessee teaching positions as well as post their resumes on the Tennessee Department of Education’s online recruitment service, Teach Tennessee (www.tnteachingjobs.org), during the last semester of their programs. Tennessee schools will be encouraged to use Teach Tennessee to post job announcements and to view resumes of potential teacher candidates and speech-language pathologists who have participated in this program.

See Appendix A for a list of the college and university representatives and relevant contact information.

C. Aspiring special education teachers and post-baccalaureate level speech-language professionals interested in applying for BASE-TN Teaching Program financial assistance are encouraged to submit applications to one of the participating colleges or universities in keeping with the deadlines and other requirements as set forth by that institution. See Appendix A for a list of the participating institutions, the representatives and other contact information. See also Section IX: How to Apply for BASE-TN Assistantships and Fellowships.

V. METHOD OF SELECTION

A. Each year that funds are available, preliminary ratings of applications will be made two or more times per year by the College and University Selection Committees based upon established criteria for participation in the BASE-TN Teaching Program. The College and University Selection Committees will review the top rated candidates to determine the final selections. Each Selection Committee MUST include at least one representative from the Tennessee Department of Education. The Tennessee Department of Education, BASE-TN Office, may request copies of the applications to determine funding needs and trends critical to the efficiency of The Program.
B. The following priority groups have been established for the BASE-TN Teaching Program:

1. **First priority** shall be given to candidates with a Bachelor's degree or higher whose approved Plans of Study indicate intent to complete all remaining course work and other requirements for Tennessee licensure in an area of special education within 12 to 24 calendar months from effective date of original award. This first priority includes "career switchers" or persons with a major other than an area of special education who now seek to obtain Tennessee teacher licensure in an area of special education (e.g., persons who hold a degree in general psychology, English, or elementary education). Speech-language pathology applicants **MUST** hold a minimum of a Bachelor’s degree in speech-language pathology or have completed 21 hours of prerequisite coursework in speech-language pathology. The BASE-TN Teaching Program will provide supplementary financial assistance in the form of support for approved textbooks (amounts to be determined by the Grantee institution) and tuition remission to complete licensure requirements as reflected in each student's Plan of Study. The extent of the BASE-TN support provided will be determined by the availability of funds at the participating institutions as well as the other grants the applicant student may have applied for and received or will receive. **ALSO – see Section III- E above that clarifies the supplementary nature of BASE-TN.** (Amended 02.15.10)

2. **Second priority** shall include persons who (a) are currently working full-time as an educational assistant or para-professional in a Tennessee approved school, (b) have earned at least two years of transferable college credit in an area of special education, (c) are currently serving students with disabilities on a full-time basis, and (d) submit written intent to earn a Bachelor's degree in special education **within a maximum of three calendar years**. The BASE-TN Teaching Program will provide supplementary financial assistance in the form of support for approved textbooks (amounts to be determined by the Grantee institution) and tuition remission, assisting the scholar in completing graduation requirements leading to an initial Tennessee teacher license in special education as reflected in the scholar’s Plan of Study. Second priority students will be required to begin fulfilling their service obligations as full-time teachers of special education in keeping with the BASE-TN Guidelines upon completion of the Bachelor’s degree. Second priority program completers (i.e., scholars with a Bachelor’s degree) will be ineligible for additional BASE-TN financial support. The extent of the tuition support provided will be determined by the availability of funds at the participating institutions. BASE-TN funds may not be used to support scholars in pursuit of a Bachelor’s degree in speech-language pathology, nor the pre-requisite courses required of speech-language pathology majors.
The BASE-N Teaching Program will provide supplementary financial support in the form of textbooks and tuition remission to complete licensure requirements as reflected in each student’s Plan of Study. The extent of the BASE-TN support will be determined by the availability of funds at the participating institutions as well as the other grants the applicant student may have applied for and received or will receive. 

ALSO - see Section III-E above that clarifies the supplementary nature of BASE-TN support.  

(Amended 02.15.10)

C. The ranking of applicants must consider grade point average, prior teaching experience with children with disabilities, number of semester hours required to satisfy requirements for a Tennessee teacher license in special education, and teacher shortage areas within the field of Special Education. Criteria for applicant rankings may also include standardized test scores, evidence of commitment (e.g., experiences that would indicate an interest in teaching students with disabilities), and other such factors that shall be identified as relevant to meeting the goals and interests of the BASE-TN Teaching Program.

VI. AMOUNTS AND TERMS OF BASE-TN TEACHING PROGRAM AWARDS

A. The BASE-TN Program is designed to prevent students from needing to obtain loans. If the students/BASE-TN recipients nonetheless obtain a loan, the BASE-TN support will be reduced. The specific award adjustments will be determined by the BASE-TN Directors / Principal Investigators and BASE-TN Selection Committee and must reflect compliance with the supplementary nature of the intended BASE-TN support.  See Section III-E for additional clarification. 

(Amended 02.15.10)

Each BASE-TN Grantee Institution must stipulate on the Financial Authorization Form that the BASE-TN awardees cannot receive BASE-TN monies as a refund and that BASE-TN funds are supplementary to other private, Federal and State support such as Pell Grants, Stafford Loans, TN Teaching Scholars Program, etc. 

(Amended 02.15.11)

B. All such grants or awards shall be evidenced by signed and notarized Student Service Agreements and Promissory Notes* maintained by the Teacher Education Program, Special Education Department, and / or Speech-Language Department of the Tennessee college or university where the recipients are enrolled with a roster of the students forwarded to the Tennessee Department of Education, Division of Special Populations, at the end of each semester (fall, spring and summer). The maximum award available to any student shall be established each semester consistent with the student's approved Plan of Study. The BASE-TN funds may be used to provide support in the form of tuition remission and to purchase approved textbooks. BASE-TN Teaching Program funds may not be used to pay out-of-state fees / tuition, and other fees such as parking fees, lab fees, or online/distance education fees. (*For additional information pertaining to the Promissory Note requirements and how the financial obligations of the scholar may be voided, see Part III, item “C” above.)
The amount of the BASE TN Teaching Program award shall be determined by the number of semester hours carried by the student and the amount of funds available for the BASE-TN Teaching Program at the participating institution where the student is enrolled. The participating institution determines the specific amount of BASE-TN Teaching Program funds that may be awarded to the eligible students for *approved textbook and tuition support*. Students awarded BASE-TN Teaching Program support will be responsible for other matriculation costs, including fees (e.g., parking fees, on-line fees, computer lab fees, technology fees, laboratory fees, etc.), meals, out-of-state-fees/tuition, housing, copying, and other related expenses. BASE-TN Teaching Program assistance will be awarded in keeping with the supplementary nature of BASE-TN and the current requirements and provisions of the granting agency, the Tennessee State Department of Education. (Amended 02.15.10)

C. **Payments** for the eligible students' tuition will be provided one semester at a time payable to the college or university where the students are enrolled. Prior to disbursing the funds for a student, the institutions shall ensure that (1) the recipient continues to be enrolled in a teacher education program for the number of hours outlined in the students' approved Plan of Study; (2) the student has signed a Promissory Note for the tuition amount required in the current semester; and (3) that the recipient is making satisfactory progress in accordance with the goals of the BASE-TN Teaching Program and the written requirements of the institutions' teacher education programs / speech-language department.

**The amount of the BASE-TN Teaching Program awards for tuition at participating private and independent colleges and universities SHALL NOT exceed the current rate at the Tennessee Board of Regents’ Universities. BASE-TN Teaching Program candidates MAY be encouraged to seek other financial assistance through application for Pell Grants, student loans, and other sources to account for the difference between the BASE-TN award and the tuition at the involved private or independent college or university, consistent with the requirements of that institution of higher education.**

D. Cancellation

1. For each two years of creditable full-time teaching service, as defined in these Guidelines, the recipient / scholar shall receive cancellation credit of one academic year’s award (i.e., the equivalent of 30 semester hours for special education teachers, and the equivalent of 27 semester hours for speech-language pathologists).

2. Cancellation shall apply only if the recipient / scholar completes a Plan of Study leading to a Tennessee teacher license in an area of special education / speech-language pathology (i.e., initial teaching license or an endorsement) and subsequently teaches special education or serves as a speech-language pathologist in an approved Tennessee public school serving students with disabilities ages birth through 21. *(NOTE:}*
Scholars who are employed by private agencies who are in a contractual arrangement with a Tennessee public school system or State Special School are NOT eligible for cancellation. The recipient / scholar must be employed by an approved Tennessee public school system or Tennessee State Special School.

3. A grace period of SIX months may be granted to allow the recipient the opportunity to secure employment to begin cancellation credit. When a recipient has obtained a creditable teaching position, some or all of the grace period may be waived at his or her written request forwarded to the teacher education program or speech-language department of the college or university where the scholar completed the approved Plan of Study.

4. Recipients who believe that they are employed in teaching positions which qualify them for cancellation credit must notify the Tennessee college or university where the program was completed of that teaching status. Those individuals the institutions determine to be in a creditable full-time teaching position shall be granted a postponement on repayment to allow them the opportunity to complete two full years of teaching for each year of BASE-TN Teaching Program financial support. Upon completion of said years of teaching, cancellation credit will be applied upon receipt of the verification of such service.

5. Fractions of a year of less than one semester as a teacher of special education / speech-language pathologist will not be credited toward cancellation. Recipients who have completed a single semester of creditable full-time teaching service may request a postponement of up to one year to allow them the opportunity to secure another special education teaching position in Tennessee. Cancellation credit will then be applied upon receipt of verification of the completion of such service.

6. The debt shall be canceled in case of the death of the recipient.

7. If a recipient is determined to be totally and permanently disabled under the standards established by T.C.A. for determining disability for members of the Tennessee Consolidated Retirement System, the outstanding debt shall be canceled. A recipient is not considered totally and permanently disabled on the basis of a condition that existed prior to his / her application unless the recipient’s condition has substantially deteriorated since he / she submitted the application. If at any time subsequent to an initial determination of disability the recipient’s condition improves to the point where a total and permanent disability no longer exists, the institution may reinstate any outstanding obligations previously canceled.

8. The amount of this award plus interest may not be discharged in a bankruptcy filed during the first seven years after the repayment of the award first becomes due (exclusive of any periods of deferment or other authorized suspension of the repayment period).
E. Repayment

1. The award must be repaid should the recipient choose not to honor the terms and conditions of the Student Service Agreement and the guidelines that govern the BASE-TN Teaching Program.

2. The amount of the award or scholarship that has not been retired through eligible service will constitute a debt to the State of Tennessee that **MUST** be repaid by the scholar and may be collected by the State of Tennessee. Repayment will include the full amount of the award received plus interest (at the rate of 10% per annum), in an amount proportional to the service obligation not completed as follows: (Amended 02.15.10)

   a. The State of Tennessee charges the scholar interest on the unpaid balance owed at the rate of 10% (ten-percent) per annum. (Amended 02.15.10)

   b. Interest on the unpaid balance accrues from the date the scholar is determined to have entered repayment status.

   c. Any accrued interest is capitalized at the time the scholar’s repayment schedule is established.

   d. No interest is charged for the period of time during which repayment has been deferred.

   e. The State of Tennessee may impose reasonable collection costs.

   f. A scholar enters repayment status on the first day of the first calendar month after the earliest of the following dates, as applicable:

      i. The date the scholar informs the grantee institution that he / she does not plan to fulfill the service obligation under these Guidelines;

      ii. Any date when the scholar’s failure to begin or maintain employment makes it impossible for the individual to complete the service obligation within the number of years required to satisfy his / her obligations under this program; or

      iii. Any date on which the scholar discontinues enrollment in the course of study as described in these guidelines.

   g. The scholar must make payment(s) to the State of Tennessee that cover(s) principal, interest, and collection costs according to a
schedule established by the Tennessee State Department of Education.

Repayment may be in whole or in monthly installments in accordance with a schedule established by the Tennessee State Department of Education. The maximum installments shall not exceed 12 months. In extreme or extenuating instances, the maximum installments shall not exceed 24 months. (Amended 02.15.10)

Communications from the scholars regarding repayments MUST be sent to the grantee institution as specified by the grantee institution with copies to the Tennessee Department of Education.

3. Repayment by recipients who complete the Plan of Study shall begin on the first day of the month following the end of the grace period.

4. Repayment by recipients who fail to complete the Plan of Study shall begin on the first day of the month after the college or university has determined that the students are no longer enrolled in its teacher education program / speech-language pathology program or otherwise fail to comply with the terms of the agreement. Interest shall begin to accrue immediately after termination of the award.

5. The college or university where the candidate received the BASE-TN scholarship or financial support MUST inform the Tennessee Department of Education if a scholar fails to fulfill or chooses not to fulfill the service obligations of the BASE-TN Teaching Program. This notice MUST be sent within 30 days of the grantee’s awareness that the scholar does not intend to satisfy service obligations consistent with the requirements of the BASE-TN Program.

VII. APPEALS PROCEDURE

A. Generally, the rulings of the Director of the BASE-TN Initiative, Tennessee Department of Education, Division of Special Populations, in conjunction with the university or college BASE-TN Director, Certification Officer, and / or Dean of Education - as deemed appropriate by the Director of the BASE-TN Initiative - shall apply.

B. An individual who believes that the ruling was not in accordance with the published Guidelines and the goals and intent of the BASE-TN Teaching Program may appeal to the Assistant Commissioner, Tennessee Department of Education, Division of Special Populations, for relief. The ruling of the Assistant Commissioner shall be the last administrative remedy.
VIII. PRECEDENCE OF THE ACTS
These Guidelines are subordinate to IDEA and T.C.A. §§49-10-110 and are intended to facilitate their implementation. Any portions of these Guidelines which are adjudicated as contrary to law are to be considered null and void. All other portions of these guidelines shall be severed therefrom and considered in full force.
