Carson-Newman University

Carson-Newman University, a Christian, private, liberal arts institution, is located in Jefferson City, 25 miles east of Knoxville. Carson-Newman offers a campus of stately white-columned buildings on rolling, grassy hills close to Cherokee Lake and near the Great Smoky Mountains.

Carson-Newman has been named to the President's Higher Education Community Service Honor Roll, the highest federal recognition a college or university can receive for its commitment to volunteering, service-learning and civic engagement. Carson-Newman has also been recognized by Washington Monthly as one of the top ten liberal arts colleges in the nation. The University's reputation is born from its commitment to Christian excellence and academic rigor as manifested through 50 undergraduate majors and graduate programs in business, counseling, education, nursing, social justice, and theology.

Mission

Our mission is to help our students reach their full potential as educated citizens and worldwide servant leaders.

Vision

Carson-Newman University will be the Christ-Centered, liberal arts-based university of choice in the Southeast for education and service.

University Identity and Values

Carson-Newman accomplishes its mission by integrating academic excellence and Christian commitment within a caring community. We believe that faith as well as learning make the whole person and are dedicated to developing both the spirit and mind of each student. The university is a community of learners committed to academic quality and personal growth by encouraging *selfless service, excellence, learning, and leadership*. These core values form the basis of our identity as an institution of higher learning and provide guidance to members of our organization. Devotion to these values helps us to achieve our mission and guide us toward fulfilling our vision as a university. Carson-Newman is committed to:

1. *Preparing **servant leaders** by providing men and women of character and intellect to serve with and among others. Our graduates will be equipped to occupy places of leadership and will use their God-given talents in service to others.*
2. *Working toward **excellence in all that we do** by developing individuals who are better able to live out their faith as educated citizens, promoting an attitude of stewardship for God's creation, and fostering an appreciation for truth, beauty, and goodness.*
3. *Providing **access to higher education** to students through additional, flexible educational opportunities outside the conventional course delivery model.*
4. *Promoting the **wholeness of life** by recognizing the inherent value of self as well as others and welcoming a diverse population to share in the pursuit of excellence.*
5. *Being an **integral part of the Appalachian region** by providing multifaceted resources, opportunities, and community engagement programs.*
6. *Confronting and **addressing the challenges of the future** by providing its graduates with the capabilities to be lifelong learners.*

University Learning Goals

Carson-Newman recognizes that there are many pathways to success. Traditional as well as post-traditional students are encouraged to pursue their passions as well as to become lifelong learners and servant leaders. To this end, the University's curriculum is designed to provide graduates with the skills and knowledge needed to be competitive in a rapidly and continually changing world. In order to achieve these aims, Carson-Newman has identified the following goals:

1. *Provide a **breadth of knowledge** through the delivery of a Liberal Arts Core curriculum to produce graduates with the ability to assimilate a range of knowledge across multiple academic disciplines with varied learning practices.*
2. *Provide a **depth of knowledge** through the comprehensive study of an academic discipline to produce graduates with the appropriate skills to grow intellectually and ensure that all students are prepared for career success.*
3. *Ensure students can demonstrate **critical and analytical reasoning** skills when evaluating information by accessing and gathering relevant information, identifying pertinent suppositions, recognizing relationships, applying scientific principles, evaluating arguments, and solving problems by employing suitable strategies.*
4. *Ensure students are able to **communicate effectively** by demonstrating the ability to formulate clear written and oral arguments, speak articulately, and correspond with others using appropriate means.*
5. *Ensure students exhibit **social responsibility and ethical awareness** by understanding and embracing moral principles, acquiring the capacity for self-evaluation, acting responsibly, and fostering justice.*
6. *Ensure students have an appreciation for **cultures and traditions** by demonstrating an understanding of global perspectives and diversity, recognizing the values and beliefs of multiple societies, and exhibiting an awareness of the arts.*

Carson-Newman University History

In the early 1840s, a number of Baptist leaders in East Tennessee desired to offer better prepared ministers to area congregations. The East Tennessee Baptist Educational Society, which was comprised of two groups with a common interest, applied in 1850 for a charter to establish an institution of higher learning. Afforded the use of a local church building, Mossy Creek Missionary Baptist Seminary opened to students in the fall of 1851. The Tennessee Legislature granted the school's charter in December of that year.

As noted in their founding documents, the founders possessed a twofold intent: "to promote education in general, and among the ministry in particular." Over time, that ideal has become the institution's DNA of Christian service as evidenced in student volunteers as well as in the lives of alumni.

The institution produced its first graduate, Richard Scruggs, in 1855. Manifesting the ideal of "education in general," Scruggs went on to become a physician. The following year, the second graduating class reaffirmed the school's mission by producing a lawyer and a minister, in that order.

The 1889 merger of men's and women's institutions made Carson-Newman an early entrant in coeducation in the region. Throughout its history, the institution has instilled a deep commitment to service in its students. The fruits of its labor, its alumni, have filled schoolrooms, courthouses, hospitals, boardrooms, pulpits, and mission fields the world over in spreading the lessons of Carson-Newman's motto of Truth, Beauty, and Goodness.

Servant leadership programs abound on campus. Carson-Newman's Bonner Center annually oversees some 40,000 hours of community service by students. Since 1984, Appalachian Outreach and its volunteers have performed hundreds of home repair projects throughout the region. Each year Baptist Campus Ministries sends out more than 300 fall and spring break volunteers to serve not only across Tennessee, but also nationally and internationally. Because of such efforts, Carson-Newman was recognized in 2012, earning the Presidential Award in the President's Higher Education Community Service Honor Roll, the highest federal recognition a university can receive for its involvement in community service.

Global education and broadening students' horizons are staples of the Carson-Newman experience. Scores of international students study at Carson-Newman each year while others travel from campus to study abroad. Recent abroad experiences have included trips to Australia, China, Costa Rica, France, Great Britain, Haiti, Ireland, Israel, Jordan and South Africa.

On October 18, 2012, Carson-Newman College's Board of Trustees unanimously voted to begin the process of changing the institution's name to "Carson-Newman University." The move was made to more accurately describe the institution and its offerings both at home and abroad. The name change became official on February 11, 2013.

Through the institution's name has changed, its mission remains unwavering. Its heritage is tailor-fit to the vision of Dr. O'Brien: "C-N's future will be built on the twin pillars of academic rigor and Christian excellence." Carson-Newman students learn to think, to write, to read well, and to present and enter into the give and take of argument so as to become educated citizens and worldwide servant leaders.

Undergraduate Admissions

Admission Policy

Carson-Newman University seeks students who have demonstrated the ability and motivation required to gain full benefit from a challenging program of liberal arts education in a Christ-centered context and who will contribute to the campus community as a whole. Students are considered for admission based on their academic credentials (coursework, grades attained, and ACT/SAT test scores) along with additional factors that demonstrate probability of college success at a Christian liberal arts university.

Carson-Newman University does not discriminate on the basis of race, color, gender, national origin, disability, age, genetic information, or veteran status in provision of its education policies, programs, and activities.

To be considered for admission, applicants must meet academic requirements and other admission criteria established by the University. The University reserves the right to deny admission to applicants who do not possess adequate academic preparation and/or to those who fail to meet other admission criteria. Students who are admitted are required to abide by University policies and regulations.

Carson-Newman University maintains a rolling admissions policy. Applications may be submitted for freshman admission after six semesters of completed high school coursework. Transfer students may apply for admission up to one year before the desired term of enrollment. Priority application deadline for fall admission is April 1.

Admission Status

Upon review of a student's application and supporting documents, one of the following admission decisions will be rendered:

Regular Admission - Students who meet all requirements for admission as determined by university policy.

Admission to Academic Skills Enhancement Program - Students who do not meet the freshman admissions requirements may be considered for admission to the university under the academic skills enhancement program. Students with ACT scores of 18 or below in English, Math or Reading or SAT scores of 500 or below in Evidence-Based Reading or 500 or below in Math will be required to take academic skills classes.

Conditional Admission - Students who do not meet both criteria for admission, but whose GPA is significantly higher than their ACT/SAT scores, will be admitted on the grounds that their GPA indicates significant classroom success. Such credentials are based on a sliding scale. Students admitted provisionally must meet guidelines established for satisfactory academic progress (see Academic Probation) and attend and pass the Carson-Newman Summer Bridge Program. In addition, freshmen admitted conditionally must complete all required academic skills enhancement program requirements.

Delayed Admission - A hold on the application file for the student's chosen term (as selected on the application) until credentials are received that indicate the student meets Admission requirements and is ready to be officially offered admission.

*Students who have a delayed status may be admitted by the Enrollment Management Committee. Students admitted through the Enrollment Management Committee's review must meet guidelines established for satisfactory academic progress (see Academic Probation), completed all required academic skills enhancement program requirements, and complete other recommendations and requirements as provided by the committee at the time of decision.

Denial of Admission - Student does not meet criteria for enrollment to the university.

*During the application process, some students may be referred to the Enrollment Management Committee for consideration of admission.

*For international student admission status information, see page 7.

Freshman Admission

Freshman admission decisions are based on the following:

1. High school academic record and cumulative GPA, completed through the junior year at minimum.
2. Standardized test scores (ACT or SAT). Carson-Newman University does not require the essay for standardized tests.
3. Completion of core academic credits comprising of the following:
 - 4 English
 - 3 math, including either Geometry or Algebra II
 - 3 sciences, including one physical science course and Biology
 - 3 social studies, including one history
 - 1 wellness
 - 6 additional academic credit electives chosen from foreign language, math, science, or social studies (to satisfy state graduation requirements credit totals)
4. Other factors such as:
 - Extracurricular or leadership activities
 - Special talents or skills
 - Recommendations from high school teachers and counselors and church leadership, such as pastors or youth program directors

Candidates seeking freshman admission should submit the following to the Office of Admissions:

1. Completed application for admission
2. Official high school transcript(s)
3. Official college transcript(s) (if dual enrollment credits have been attempted)
4. ACT or SAT scores (for all applicants under 30 years old)
5. List of activities/honors (optional)
6. Recommendation letters (optional)

Home Schooled Applicants

Along with the application for admission, home schooled applicants must submit the C-N Home School Information Form; an official copy of the home school transcript, showing coursework completed through the junior year; and a secondary school completion credential as provided on the admissions forms webpage, if required by state law. Home school applicants from states that do not provide a standard transcript should use the C-N Home School Transcript Template to provide an official home school transcript. The official home school transcript must be signed by the home school administrator. Home schooled applicants must also submit official ACT or SAT scores and will be evaluated based on requirements for freshman admission (above).

Transfer Admission

Transfer admission decisions are based on the following:

1. Academic record and transferable cumulative GPA in coursework taken at all accredited institutions of higher learning. A minimum cumulative college GPA of 2.0 is required for standard admission
2. Academic and disciplinary standing at current and former institutions
3. High school coursework and ACT or SAT test scores will be used to determine admission for all applicants who have completed fewer than 12 semester hours of transferable college credit

Candidates seeking transfer admission should submit the following to the Office of Admissions:

1. Completed application for admission
2. Official copies of all college transcript(s)
Applicants for transfer admission who have completed fewer than 12 semester hours of transferable credit (after high school graduation) must also submit official high school transcript(s) and ACT or SAT scores. Applicants in their first term of full-time college enrollment and have not yet earned any college credit after high school graduation will be evaluated on the basis of their high school GPA and test scores and must submit a college transcript for evaluation at the conclusion of their first term of enrollment.
3. Transfer Student Disciplinary Record Check Form

Students who do not academically qualify for standard admission may request to have their application reviewed by the Enrollment Management Committee. A personal statement and at least one letter of recommendation from a higher education faculty member, administrator, counselor, or from another related professional capable of gauging the student's character and potential for academic success must be submitted. All Committee decisions are final.

Mid-year (spring) Transfers During the Freshman Year of College:

Students who initially enroll in another higher education institution for the fall semester of a given academic year but elect to transfer to Carson-Newman University for the spring semester of their first year in college will be evaluated as a "Freshman with College Credit" transfer status. Admission decisions will be based on their high school GPA and test scores. Freshman transfer students must submit an official copy of their college transcripts at the conclusion of their fall semester and prior to matriculating for the spring term at Carson-Newman. The official college transcript will be evaluated for transfer credit.

All Mid-Year Transfers who have currently earned more than 12 college credits in non-developmental coursework:

1. Students should submit an official copy of their current official transcript showing their fall in-progress course work.
2. Students will be evaluated for early admission based on their transferable cumulative GPA if the transferable GPA is 2.5 or higher at the time of application.
 - a. If a student has a GPA of cumulative 2.49 or lower, the student is not eligible for early admission because of his/her academic performance during their final term at the current institution for the current academic term could lower the GPA below the required threshold for admission. In these cases, the admission decision will be made after the final official transcript indicating fall term grades is received.
 - b. If a student has a 2.5 or higher transferable cumulative GPA, the student is eligible for early admission to Carson-Newman University with the specific condition that the student must submit an official copy of their final transcript prior to matriculating. Final enrollment status will be determined after receipt of the official transcript indicating grades for all terms of enrollment at the current institution

NOTE: Institutional gift aid (scholarships and grants) will be determined at the time of acceptance for all transfer students and will be based on the transferable GPA at the time of acceptance.

Carson-Newman University Transfer Credit Policies

Students who transfer to Carson-Newman University having earned an Associate of Arts or an Associate of Science degree from an accredited post-secondary institution have satisfied the Carson-Newman liberal arts core with the exception of LA 102, REL 101, and REL 102. Students will still be required to meet the requirements specified by their chosen major to complete their course of study at Carson-Newman.

Carson-Newman University accepts transfer credit from accredited colleges and universities and endorses the guidelines for transfer of credit as outlined in the "Joint Statement of the Transfer and Award of Credit" developed by the American Association of Collegiate Registrars and Admissions Officers (AACRAO) and the Council for Higher Education Accreditation (CHEA). Courses recommended by the American Council of Education (ACE) are evaluated on a course by course basis. Some courses must be authorized for acceptance by a department chair.

Carson-Newman University accepts transfer credit from other institutions for courses which are essentially equivalent to courses offered at Carson-Newman University.

8 Admissions

Elective credit may be granted for courses from academic disciplines in which Carson-Newman University offers coursework, as long as the courses are reasonably applicable to a baccalaureate degree and do not violate another University policy.

Credit for technology or skill-oriented courses is not accepted, unless Carson-Newman University offers similar courses, e.g. music performance.

Credit for institutionally specific courses, e.g. chapel or convocation, etc., is not accepted.

Credit for freshman seminar courses may be granted as interdisciplinary course credit depending upon evaluation of the course content from the transferring institution.

Credit for courses considered developmental or remedial is not accepted.

Credit from institutions not accredited by a regional accreditation agency is generally not accepted, unless a recommendation is made by a Carson-Newman University department chair or unless the institution has gained recognition through AACRAO (American Association of Collegiate Registrars and Admissions Officers). The student may petition for credit from unaccredited institutions.

All grades are recorded for courses which are accepted for transfer. Grades are recorded on a 4.0 grading scale. Plus and minus quality points are not computed in the transfer grade point average. Grades from other institutions will be replaced only when the course is repeated.

Courses transfer with the hours and level from the original institution. Therefore, a course may satisfy a content requirement, but may not satisfy other Carson-Newman University requirements. (For example, a minimum 36 semester hours numbered 300 or higher and taken at a 4-year institution are required for graduation.) Department chairs may review transferred courses and equate them as equivalent to and counting within the required upper division level hours on a case-by-case basis.

Some academic departments may have specific requirements which are more restrictive. In these cases, the department chair should be contacted for more information.

Class standing of transfer students is determined by the number of hours accepted for transfer to Carson-Newman University.

The complete transfer policy of credit is available at www.cn.edu under the Office of the Registrar webpage or contact the Office of the Registrar at 865-471-3240 to request a copy.

Time Limit on Transfer Credits

Courses meeting the Liberal Arts Core requirement do not have a time limit for traditional undergraduate programs. Courses used for elective credit toward the total number of hours required for the degree do not have a time limit. Courses meeting major requirements for the Bachelor of Arts, the Bachelor of Music, or the Bachelor of Science taken more than 15 years prior to the enrollment at Carson-Newman University will transfer only with departmental approval. An exception to this policy may be granted with approval of the department chair for the program in which the student plans to major. In certain courses, current knowledge is essential, and the department chair may impose a time limit on the applicability of earned credit toward satisfying a degree requirement. In this instance, the course may be used as elective credit toward the total number of hours required for the degree, but the student will have to repeat the course at Carson-Newman University to earn the credit for the major requirement.

Pre-requisite courses for the nursing major, i.e., general chemistry, anatomy and physiology, nutrition, microbiology, human development, and statistics must have been earned within ten (10) years of the date of enrollment in the program. All nursing coursework completed at another institution must be approved by the Nursing Admission and Progression Committee in order for credit to be awarded toward the major at Carson-Newman University.

Tennessee Transfer Pathways and Articulation Agreement

Carson-Newman University has established articulation agreements and transfer pathways for students who complete an associate degree from a Tennessee community college prior to beginning their enrollment at Carson-Newman University. Students who transfer to Carson-Newman University having earned an Associate of Arts or an Associate of Science degree from an accredited post-secondary institution have satisfied the Carson-Newman liberal arts core with the exception of LA 102, REL 101, and REL 102. Students will also be required to meet the specific liberal arts requirements specified by their chosen major to complete their course of study at Carson-Newman.

Students who follow the prescribed transfer pathway will streamline their educational journey and satisfy many components of their pursuit of a bachelor's degree without taking additional unnecessary coursework and often transfer credit into their academic major at Carson-Newman. Following an articulation agreement or transfer pathway prior to admission will allow a student to graduate with a bachelor's degree from Carson-Newman University upon completion of any remaining required major, liberal arts, or elective hours from Carson-Newman.

Additional information on transfer pathways can be found on the Admissions website at this link: <http://www.cn.edu/admissions/undergraduate-admissions/admission-requirements/transfer-admission/tennessee-transfer-pathways>.

Tennessee Reverse Transfer

Tennessee Reverse Transfer is a process that allows a student who completed a minimum of 15 hours at a participating Tennessee Board of Regents (TBR) community college and enrolled at Carson-Newman University before completing an associate degree to transfer their credits earned at Carson-Newman back to their community college. A reverse transfer potentially allows these students to be awarded an associate degree by their community college while also meeting bachelor's degree requirements at Carson-Newman. For more information, see <http://www.cn.edu/admissions/undergraduate-admissions/tennessee-reverse-transfer>.

Enrollment Requirements for Freshman and Transfer Students

Enrollment Fee/Deposit: \$200.00 enrollment fee/deposit (\$100 covers registration/orientation costs and \$100 is a deposit on the C-N student account) must be submitted to the Office of Admissions prior to enrollment. The request for the enrollment fee will be mailed with the acceptance letter. Priority for class registration and residence hall room assignments is based on date fee is received. The enrollment fee is non-refundable if admission offer is canceled after May 1 or if fee is submitted after May 1 for fall and summer semesters (after December 1 or submitted after December 1 for spring semester). Enrollment fee refund requests (or cancellation of acceptance offer) must be submitted to the Office of Admissions.

Immunization Form: All students must submit proof of proper immunizations (those born before 1957 are exempt). Immunizations can be obtained from a family physician or a local health department. Appropriate forms are provided by the Office of Admissions or by the C-N Health

Services for the preceding information. Any questions or appeals because of extenuating circumstances related to immunization requirements must be filed with and approved by the Director of Health Services prior to enrollment. A physical examination is not required.

Final Official Transcript: Entering freshmen must submit a final, official transcript which shows 8 semesters of coursework and graduation date. Transfer students must submit final, official transcripts from all colleges and universities attended.

Residence Hall Application: All students who wish to live on campus must submit a residence hall application prior to enrollment. Resident hall applications are online, and links are provided by the Office of Admissions upon acceptance to the University. Applications should be submitted to the Office of Admissions or to the Office of Residence Life. In order to receive a residence hall assignment, students must submit both the Residence Hall application and the Enrollment Fee/Deposit.

Off-Campus Living Form: Students who wish to live off-campus must complete the Off-Campus Living Form online and receive permission from Residence Life to live off-campus.

Forms should be submitted to the Office of Admissions.

Readmission for Carson-Newman Students Who Have Not Enrolled at Another Institution

Students who have previously attended Carson-Newman University but have ceased to be enrolled for a full semester or longer (excluding summer) must apply for readmission. Students who have graduated and wish to re-enroll for a second undergraduate or non-degree seeking set of preparatory undergraduate/post-baccalaureate coursework must apply for readmission. All students applying for readmission must clear any previous holds or issues with Carson-Newman University before they are eligible to be re-enrolled. Submitting an application for readmission will automatically result in all of the relevant offices in the readmission process being notified of the student's intent to return so that they may make the admission staff aware of any potential issues that the student may need to resolve. Students who have not attended any other institution after ceasing to be enrolled at Carson-Newman and wish to be evaluated for readmission must submit an online Readmission Application Form.

The priority deadline for applying for readmission is one month before each semester begins. International students applying for readmission are required to submit an application at least one month prior to the beginning of the next enrollment term. Students who have been readmitted may contact the Office of Admission for class registration information.

* Students who are re-admitted to the University after Academic Suspension will be automatically placed on Academic Probation (see Academic Standing).

Re-Enrollment for Former Carson-Newman Students Who Enrolled at Another Institution and Wish to Return

Students who previously attended Carson-Newman University who transferred to another institution but wish to return to Carson-Newman must complete the following process:

1. Complete the application for transfer admission
2. Submit official copies of all college transcript(s)
3. Submit the Transfer Student Disciplinary Record Check Form from all institutions attended after ceasing enrollment at Carson-Newman

Returning students with transfer credit earned at another institution must clear any previous holds or issues with Carson-Newman University before they are eligible to re-enroll. Students must be approved for re-enrollment by the Office of the Registrar, the Office of Student Accounts, the Office of Financial Aid, and the Office of Student Affairs.

Re-enrolling students will be evaluated for admission under the standards of the academic year in which they wish to return. They will be considered as transfer applicants and are not guaranteed to receive any previous awarded financial aid. Financial Aid awards will be based on transfer status. Students who apply for readmission during their first term of enrollment at another institution may be evaluated for admission based on the student's previous cumulative GPA from Carson-Newman University. If the previously earned cumulative GPA is 2.5 or higher, the student is eligible for early readmission. If the previous cumulative GPA earned at Carson-Newman is 2.49 or below, a readmission decision may not be rendered until a final official transcript is received showing all grades received and courses attempted.

Transient Admission

A transient student is one, currently enrolled at another college or university, who wishes to take courses at Carson-Newman University for one semester and transfer the credit earned to the institution where the degree is being pursued. Students who are admitted with transient student status are not eligible for financial aid from Carson-Newman University. Students must submit:

1. Completed application for admission
2. Official transcript(s) or letter of approval from current institution's academic dean or registrar
3. Test scores are required for international students seeking to study in the undergraduate program

International Student Admission

Carson-Newman University is authorized under Federal law to enroll non immigrant students. Upon review of an international student's application and supporting documents, the Office of Admissions will provide one of the following admission decisions:

Full Admission to the Undergraduate Program: International freshmen or transfer students who meet all requirements for admission into the undergraduate program including English language proficiency.

Conditional Admission to the Undergraduate Program: International freshmen or transfer students who are academically eligible to enter the undergraduate program but who do not meet the University's required English language proficiency requirements. Students who do not meet the required English language proficiency for full admission to Carson-Newman University but who are academically eligible may be considered for conditional admission. If students are admitted conditionally, they will be required to attend the English Language Institute until they receive the appropriate TOEFL score, IELTS score, EIKEN STEP score, or a recommendation from the English Language Institute and the Carson-Newman University Department of English.

English Language Institute Admission: International students who wish to enroll in the University's ELI Program for English language studies only.

10 Admissions

Freshman International Student admission decisions are based on the following:

1. Academic record and cumulative GPA (high school graduation or its equivalent). U.S. grade point average minimum is 2.0. High school transcripts can be evaluated by Carson-Newman University. For faster processing, a professional course-by-course evaluation with GPA of the completed studies is recommended but not required. A list of evaluating agencies is available at www.cn.edu.
2. Test Scores*
 - Non-Native English Speaker (must submit one of the following):
 - TOEFL score: 74 iBT (internet-based)
 - IELTS score: 6
 - EIKEN STEP score of Level 1 with a compulsory math placement exam P
 - PTE Academic: 59

* A TOEFL score of 74 iBT (internet-based), IELTS score of 6, or EIKEN STEP score of Level 1 will allow acceptance to the undergraduate program. Students who do not meet the required English language proficiency for full admission to Carson-Newman University but who are academically eligible may be considered for conditional admission. If students are admitted conditionally, they will be required to attend the English Language Institute until they receive the appropriate TOEFL score, IELTS score, EIKEN STEP score, or a recommendation from the English Language Institute and the Carson-Newman University Department of English.

Candidates for freshman admission should submit the following to the Office of Admissions:

1. International CNU online application for admission
2. Non-refundable \$100 application fee U.S. dollars
3. Official high school transcript(s) in both the native language and English from all secondary schools
4. Official university transcript(s) (if applicable*)
5. Standardized tests scores (listed above)
6. Immunization Form: All students must submit proof of proper immunizations and a recent physician's examination. Immunizations can be obtained from a family physician or a local health department. Any questions or appeals because of extenuating circumstances related to immunization requirements must be filed with and approved by the Director of Health Services prior to enrollment.
7. Confirmation of Financial Support: This form must be completed by the individual (student and Parent or sponsor) affirming the availability of financial resources to pay for the student's expenses while attending Carson-Newman University. An official of a bank or other financial institution must complete the appropriate section of this form. Supporting documents from such institutions must also be submitted.
8. Residence Hall Application: All students who wish to live on campus must submit a residence hall application. In order to receive a Resident Hall assignment, students must submit both the Residence Hall application and the Enrollment Fee/Deposit. If a student desires to live off campus, they must meet proper requirements and they must submit an off campus residence application.
9. Choice of Major Form: All students must complete and submit a Choice of Major form.
10. Copy of Passport: All students seeking issuance of a Form I-20 must submit a photocopy of the photo page of their passport prior to being issued a Form I-20.
11. Application for Issuance of Form I-20: All students seeking issuance of a Form I-20 must submit a completed Application for Issuance of Form I-20. This form will serve as verification of the mailing address the student wishes his/her Form I-20 to be sent.

*Official transcripts in both the native language and English from all secondary schools and universities attended. For transfer credit all university transcripts must also be accompanied by a professional, course-by-course evaluation of the completed studies. A list of evaluating agencies is available at www.cn.edu.

Transfer International Student admission decisions are based on the following:

1. Academic record and cumulative GPA in coursework which is transferable to Carson-Newman University. U.S. grade point average minimum is 2.0. Official transcripts in both the native language and English from all secondary schools and universities attended must be submitted. For transfer credit all university transcripts must also be accompanied by a professional, course-by-course evaluation of the completed studies. A list of evaluating agencies is available at www.cn.edu.
2. Academic and Disciplinary Standing at current and former institutions
3. High School coursework (for applicants who have completed fewer than 12 semester hours of transferable college credit)

* International transfer students must meet the same English proficiency standards for Freshman International Student admissions (see # 2 above).

*ELI students are allowed to take some undergraduate courses appropriate to their level of English proficiency and at the discretion of the ELI Director. See English Language Institute (ELI) Program for more details.

*Upon successful completion of the ELI program, ELI students may apply for admission to the undergraduate program. The language requirement for admission will be satisfied with successful completion of the ELI program by passing the ELI exit examination and receiving written consent from both the Director of ELI and the Department of English. The admission application fee will be waived and the enrollment fee/deposit will be \$200. Otherwise, the application procedures will be the same as for any other international undergraduate student.

Enrollment Requirements for International Students

The following items must be submitted to the Office of Admissions before an international student may enroll at Carson-Newman University.

1. New Student Enrollment Fee/Deposit: \$200 (U.S. dollars) enrollment fee/deposit must be submitted to the Office of Admissions prior to enrollment and issuance of Form I-20 (for students entering the undergraduate program).
2. \$100 (U.S. dollars) enrollment fee/deposit must be submitted for students entering the English Language Institute. The request for the enrollment fee/deposit will be made after offer of acceptance.
3. Final official transcript(s): showing completed coursework and graduation date with certified English translations and professional evaluation of any university level studies must be provided.
4. Health Insurance: International student accounts are charged during the fall semester for six months of coverage and during the spring semester for the remaining six months of coverage. See cost section for current rates.

International Student Application and Required Document Submission Deadlines

For the Fall Semester: July 1

For the Spring Semester: December 1

For the Summer Semesters: February 1

All tuition, fees, and charges are payable on or before registration.

Issuance of Certificate of Eligibility (INS Form I-20): Form I-20 will be issued only after acceptance to Carson-Newman University has been granted and the University has received all required paperwork (which includes transfer release form from previously attended United States institution/F-1 sponsoring school if applicable).

12 Admissions

Early Admission

Applicants who have completed their junior year of high school in the top 10% of the junior class and have scores in the 90th percentile or above on college-bound norms of the ACT, SAT, or NMSQT will be considered for early admission. Applicant must be 16 years of age or older at time of enrollment. Applicants must submit documents listed as requirements for Freshman Admission.

Dual Enrollment

Carson-Newman University welcomes high school juniors and seniors who wish to earn college credit while still enrolled in a secondary school to apply for Dual Enrollment. Dual enrolled students may take up to 11 hours of credit per semester at the tuition rate of \$166 per credit hour. Hours taken beyond the 11th hour will be charged at the traditional undergraduate per hour rate.

Dual Enrollment admission decisions are based on the following:

1. Either a minimum high school GPA of 3.0 **or** a minimum high school GPA of 2.0 with a 19 or higher ACT composite score
2. High school guidance counselor approval via a signed Dual Enrollment Agreement Form

Students with a demonstrated academic deficiency (ie, having a score of 18 or below in Math or English or a demonstrated pattern of grades of C or below in that subject area) are not allowed to take Dual Enrollment courses in that subject area.

Candidates seeking dual enrollment admission should submit the following to the Office of Admissions:

1. Completed application for admission
2. Official High School Transcript(s)
 - * High school juniors must submit transcript showing completion of the sophomore year coursework
 - * High school seniors must submit transcript showing completion of the junior year coursework
3. Dual Enrollment Agreement Form

Priority Application Deadline: May 1 for the summer sessions, July 1 for the fall semester, and December 10 for the spring semester - In order for the admissions office to process the applications for dual enrollment, students must apply by these priority dates. If the student does not apply for admission before each deadline, the student may not be able to enroll in the class at the time needed to be dual enrolled.

Fees: Tuition for Dual Enrolled students is \$166 per credit hour with a \$10 per credit hour technology fee. On-campus dual enrolled students should obtain a Carson-Newman student ID card and may purchase a parking pass from the Office of Safety and Security. The parking pass is an annual cost of \$40. Tennessee students are encouraged to work with the financial aid office and to utilize the TN Dual Enrollment Grant to cover or significantly offset their Dual Enrollment tuition expense.

Class Registration: After a student is accepted for Dual Enrollment, the Director of Transfer and Dual Enrollment will help them develop a schedule and register for appropriate courses. Students who wish to dual enroll should contact the Dual Enrollment representatives in the Office of Admissions at 865-471-4652 for additional information.

Books for Dual Enrollment Courses: Students are responsible for ordering/purchasing dual enrollment course textbooks either online or directly from the Carson-Newman Bookstore.

Financial Aid: Dual enrolled students will not qualify for federal or institutional financial aid, but eligible Tennessee residents may qualify for the Tennessee Dual Enrollment Grant. Please visit www.tn.gov/collegepays.com for more information.

Audit Admission

Applicants who wish to participate in credit courses for the learning experience only (without earning credit) may apply for admission in an audit status. Cost is one half of the tuition rate per credit hour. Applicants must submit an application for admission and high school or college transcripts. Auditors may enroll in classes upon instructor approval on a space-available basis.

Post-Baccalaureate Admission

Candidates, who have obtained a bachelor's degree and wish to enroll in coursework seeking a second degree, teacher certification or health professions preparation, may apply for post-baccalaureate admission. Graduates of Carson-Newman University must complete a readmission application. Candidates who do not have an undergraduate degree from Carson-Newman University must submit an application for admission and official college transcripts.

Candidates who possess a baccalaureate degree and wish to enroll at Carson-Newman University as a non-degree seeking student may apply for admission as a post-baccalaureate student. Applicants must submit an application for admission, and official college transcripts. Students who are admitted as post-baccalaureate non-degree seeking students are not eligible for financial aid from Carson-Newman University.

GED or HiSet Admission

Carson-Newman can receive applications from and admit students who do not have a high school diploma if they have successfully passed a GED or Tennessee HiSet exam. Unless student applicants can provide the college entrance exam scores demonstration academic proficiency in English and Mathematics, students admitted on the basis of a high school equivalency exam will be enrolled in academic enhancement sections of introductory English and Mathematics courses to provide additional support.

Admission Appeal Process

If a student wishes to appeal the undergraduate admission decision, he or she should submit a written letter of appeal to the proper Admissions Representative. The Admissions Representative, in consultation with the Enrollment Management Committee, will render a decision for the student. If the student is denied admission by the Enrollment Management Committee and wishes to appeal the decision, he or she should submit a written appeal to the Provost.

A student who wishes to appeal admission after suspension from the University must follow the guidelines listed under the Academic Suspension section.

Credit by Examination

There are several college approved testing programs whereby students can establish proficiency in subject areas. Students may not receive credit by examination once college coursework has been attempted in the subject area. Credit for coursework by examination will be added to a student's transcript only during the period in which a student is pursuing a degree at Carson-Newman University. Credit earned by examination is limited to a maximum 32 hours. Approved programs are:

Departmental Examinations - Students who can provide supporting evidence demonstrating achievement in a subject offered by Carson-Newman University may be able to receive credit by **departmental examination**. Arrangements for these examinations should be made with department chairs. The fee for departmental examinations is \$10 per credit hour, excluding nursing exams.

College Entrance Examination-Advanced Placement (CEEB-AP) Test - Credits earned by an advanced placement examination may be used to meet liberal arts core requirements for degrees offered at Carson-Newman University.

A student with course credit posted on an official college transcript awarded by an institution earned by recommended advanced placement (AP) or CLEP scores will be awarded credit at Carson-Newman. To qualify for this provision the student must have a minimum 2.5 cumulative college grade point average and at least 30 hours of college credit not earned from credit by exam (AP, CLEP, DANTES, etc). Students who do not meet these criteria will have their AP or CLEP credit assessed on the basis of freshman admission criteria and the required score per subject area specified in this catalog.

Students with high performance levels in English, math, chemistry or another high school subject may bypass the required courses by taking the **College Entrance Examination Board-Advanced Placement (CEEB-AP) Test**. Advanced Placement tests are administered at high schools. Scores should be sent directly to the Office of the Registrar at Carson-Newman University. Carson-Newman University grants advanced placement and credit for a score of 4 or 5 on each CEEB-AP examination, subject to department approval. Some departments will award credit for a score of 3. Departments will determine if the advanced placement credit may be part of the major sequence. The fee for establishing CEEB credit at Carson-Newman University is \$10 per credit hour.

For further information about CLEP tests, visit the web www.collegeboard.com/highered/clep/index.html, or write to: **College Level Examination Program, Box 1821, Princeton, NJ 08540**

International Baccalaureate - Credit will be awarded to those students who score 5 or higher on the Higher-Level examinations in transferable subjects. Lower-division (100-200 level) credit from 3-8 hours will be awarded per examination, subject to the review and approval of the appropriate department, with a maximum award of 32 hours. Credit is NOT awarded for completion of Subsidiary Level Examinations.

Academic Credit Through the Military

Military registry transcripts are required of all beneficiaries in undergraduate studies who have military service. Veterans of the U.S. Armed Services, and members of the military reserve, may receive **up to 40 hours of academic credit for military training** based on recommendations of the American Council of Education. Credit is evaluated based on applicability to the declared major or degree of pursuit. If the declared major or degree changes after the veteran enrolls, the University reserves the right to re-evaluate military transfer credit and add or remove credit as it applies to the declared major of pursuit. Consult the University Registrar or the Military Affairs Coordinator for more information.

Veterans with Army, Navy, Marine Corps, or Coast Guard training must request and submit a Joint Services Transcript. Air Force veterans must submit an official transcript from the Community College of the Air Force (CCAF).

Campus Visits

To arrange a campus visit, contact the Office of Admissions or request a visit online at www.cn.edu/visit. Guests are welcome to visit campus Monday-Friday, 8:30 a.m. - 4:00 p.m. and on designated Saturdays each month (except holidays and break periods). Weekly campus tours are offered at 10:00 a.m. and 2:00 p.m.

The Office of Admissions hosts Fall and Spring preview events for prospective students and their families. Contact the Office of Admissions for specific dates and details or visit the Admissions webpage for more information.

Overnight Visitation Accommodations

Carson-Newman University gladly provides accommodations for prospective students who wish to stay overnight in one of our residence halls. Overnight campus guests spend the night with Carson-Newman student-hosts in their residence hall rooms. Guidelines for overnight stay are as follows:

- Reservations for overnight accommodations must be made at least five (5) days prior to the date of visit.
- Overnight guests must either be at least 16 years of age or a junior in high school.
- Residence hall stays are limited to one night. Meal passes are issued for a maximum of two (2) meals.
- Beds may not always be available, so it may be necessary to bring a sleeping bag/blanket and a pillow (most hosts have carpet).
- Overnight accommodations are not available during final exam periods or University holidays.
- Please call the Office of Admissions regarding cancellations or delays.

If you have any questions about the above guidelines or your campus visit in general, please do not hesitate to contact the Office of Admissions by phone at 1-800-678-9061 or 865-471-3223 or by e-mail at admitme@cn.edu.

**All charges must be paid in full on or before final registration.
All fees and charges are subject to change.**

Senior Citizens

Citizens over the age of 65 who are non-degree seeking may take one course per term for \$50 per credit hour. This rate is applicable for enrollment on a space available basis, which allows registration no earlier than the day before classes begin. The audit rate policy is not applicable to citizens paying the \$50 per credit hour rate.

Costs for Mayterm and Summer Terms

Since university operating and instructional expenses are generally less during these terms, the tuition rate is reduced. Consult the summer course schedule booklet (online) for information regarding payment, refunds, and withdrawals.

Registration and Tuition Charges

Students who register for courses incur tuition charges. The student will be responsible for payment of tuition charges for course registration unless the Office of the Registrar is notified by the student to cancel his/her course registration prior to the day classes begin.

Payment for tuition and fees is due prior to the day classes begin. If, by the end of registration, a student fails to make arrangements for payment of his/her student account, the student's registration may be cancelled!

If a student makes arrangement for payment of tuition and fees after being dropped from course registration and class rolls, re-enrollment must be approved by the Student Accounts Office, the Provost, and the University Registrar. If re-enrollment is approved, the student will be subject to late registration and re-enrollment fees.

Payments

Tuition, fees, and all other costs for the semester are payable upon registration. For students with definite commitments of funds from the Office of Financial Aid, the difference between the total cost for the semester and the financial aid commitment is payable upon registration. Payment of the difference between enrollment charges and financial aid can be made by cash, personal check, DISCOVER CARD, VISA, MASTERCARD, or through the deferred payment plan. Information on this plan is mailed to all new students after acceptance for admission to Carson-Newman University and can also be obtained from the Student Accounts Office or online at www.cn.edu/payplan and select "official payment..." website. Login to official payments and choose Tennessee, Carson-Newman once logged in.

By enrolling, the student agrees to pay all expenses incurred by Carson-Newman University to collect any outstanding debt, including attorney and collection agency fees. Carson-Newman University reserves the right to report the status of any outstanding indebtedness owed to credit reporting agencies.

Each student must settle his/her account for the current semester, including library and traffic fines, infirmary charges, etc., before he/she will be eligible to enroll for a subsequent semester, or before a transcript of his/her academic record can be released by the Office of the Registrar.

Refunds

When dropping a class but not withdrawing from school:

A refund will be given to traditional undergraduate students who drop a course by the last day of the drop/add period during a regular semester. To receive a refund for a course in an accelerated module, the student must drop the course before the session begins.

When withdrawing from school:

If a student elects to withdraw after beginning attendance, the student must contact the Office of the Financial Aid to initiate the formal withdrawal process. Any situation in which all classes are dropped is considered withdrawal from the University. The date of withdrawal used to compute refunds is determined by the date of withdrawal notification and is posted on the student's record by the Office of the Registrar. The Student Accounts Office computes tuition refunds based on the University's refund policy which is as follows:

Tuition Refund Schedule for Withdrawal from the University for students in the traditional semester

During first week of semester	90%
During second week of semester	75%
During third week of semester	50%
During fourth week of semester.....	25%
After four weeks	0%

In other words, after the fourth week of a semester, no refund will be granted for that semester's tuition.

If a student with federal (Title IV) student financial aid withdraws, drops out of school, or is dismissed from the University, the Office of Financial Aid will calculate the portion of federal aid that has been earned and the balance that is unearned must be returned to the appropriate agency or program. Federal aid is earned based upon the student's days in attendance and has no relation to the tuition refund percentage computed above. It is important to note that federal aid may not cover all unpaid institutional charges due upon a student's withdrawal and that a Federal Direct Stafford Loan borrower will begin using the 6-month grace period after which loan repayment will begin. Federal Perkins borrowers have a 9-month grace period. For specific questions concerning the computation of earned federal aid, please contact the Office of Financial Aid. Students must be billed 100% tuition charges to earn university funded financial aid. Students eligible for a tuition refund from withdrawing will no longer qualify for university funded financial aid.

During each semester's last day to qualify for a tuition refund for dropping a course, a student may voluntarily reduce or cancel a commitment for room and board (i.e. a meal plan). Charges for both are recomputed to arrive at the amount refundable.

After the semester's last day to qualify for a tuition refund for dropping a course ends, room-and-board commitments are considered non-cancelable. However, an alternative room assignment can be authorized by the Carson-Newman University Residence Life Director, and a meal plan can be changed but only to one that offers more meals per week.

If a student withdraws from the University or moves off campus after the semester's last day to qualify for a tuition refund for dropping a course ends or is dismissed from the University for disciplinary reasons, no refund will be granted for any portion of room charges.

If a student withdraws from the University or moves off campus with the permission of the Carson-Newman University Residence Life Director, the student will receive a pro-rated refund of his or her board charges only up to mid-term. After mid-term there is no refund for board charges. If a student withdraws from the University or moves off campus without the permission of the Carson-Newman University Residence Life Director or is dismissed from the University for disciplinary reasons, no refund will be granted for any portion of the board charges.

Charges for a meal plan commitment that a student voluntarily reduces during the semester's last day to qualify for a tuition refund for dropping a course or subsequently cancels by withdrawing from the University or by moving off campus with the permission of the Carson-Newman University Residence Life Director are recomputed based on the ratio of whole weeks remaining in the semester to total weeks in the semester, and a refund is paid accordingly up to mid-term. However, no refund will be paid for a partial week and no refund will be given after mid-term. Any unused portion of the declining-balance account (Eagle Bucks) is not refundable.

The unused portion of a student's declining balance (Eagle Bucks) account will be transferred from the fall to the spring semester only if the student continues to have a meal plan that includes a declining balance (Eagle Bucks) account. At the end of the spring semester, the unused balance of a declining balance (Eagle Bucks) account is forfeited. It is not refundable and cannot be transferred to any subsequent period.

The tuition refund policy for the Mayterm and summer terms are published in the Summer Schedule. For students with federal student financial aid, the portion of federal assistance that has been earned and the balance that must be returned to the payer will be determined by the Office of Financial Aid.

Damage to University Property

Failure to respect University property, including but not limited to the residence halls and any property which is not the student's, is prohibited. Residents may be required to pay restitution for any damages incurred.

Financial Aid

Financing higher education is one of the major concerns for students and parents. Carson-Newman University offers a comprehensive financial aid program that includes federal, state, and institutional resources of aid. The Office of Financial Aid at Carson-Newman University is available to assist families in completing the steps that are necessary in applying for aid. Students wishing to apply for any type of assistance must complete the Free Application for Federal Student Aid (FAFSA). This information is used in a formula established by the U.S. Congress to calculate the expected family contribution, known as the EFC. The EFC is an amount that students and families are expected to contribute towards the student's educational costs. Many types of assistance are based upon financial need, which is defined as the student's educational cost minus the EFC. The FAFSA should be completed even if students think they will not qualify, are requesting merit only awards, or are requesting loan or work-study employment. In addition, to receive assistance from federal student aid programs, students must also be U.S. citizens or eligible non-citizens; be admitted into a degree program; and continue to make Financial Aid satisfactory academic progress (FASAP) every semester.

Carson-Newman University offers the following types of assistance: scholarships and grants, loans, and part-time employment through the work-study program. These types of assistance may be awarded individually or in combination depending upon the needs of the student and family. Priority for awarding assistance will be reserved for processed application data received on or before January 15th. The financial need of a family will also be used in priority of awarding funds as well. Notification of assistance will be in the form of an award letter and will also be available for viewing via C-N Connect at the student's convenience. New students must first apply and be accepted for admission to Carson-Newman University before an award letter is prepared. Continuing students need only to complete the FAFSA each year and maintain satisfactory academic progress. For additional information on any financial aid or scholarship program please contact the Office of Financial Aid or view online at <http://www.cn.edu/administration/financial-aid>.

How To Apply For Financial Aid:

1. Complete the FAFSA online at www.fafsa.ed.gov. FAFSAs should be submitted no later than January 15th prior to the fall semester. If a paper application is needed, students may request one directly from the U.S. Department of Education.
2. List Carson-Newman University with our federal code of 003481.
3. Once all forms have been received, a financial aid counselor will review the file for eligibility for financial aid, and an award letter notification will be generated outlining the proposed assistance.

NOTE: Federal and/or state regulations governing the application process and awarding of financial aid may change. These changes may impact the awarding and renewal of financial aid at Carson-Newman University.

Student responsibility in completing necessary forms and returning them to the Carson-Newman University Office of Financial Aid as quickly as possible cannot be over emphasized. Information and forms are available on the C-N Financial Aid website at www.cn.edu or may be obtained by writing or calling:

20 Financial Aid

No aid is automatically renewable; all aid requires application each year. Priority deadline is **January 15th** for aid to be awarded for the following fall semester. For further information, please e-mail the Office of Financial Aid at financialaid@cn.edu or consult our website. More detailed information is also available in the *Financial Aid Handbook*, online.

Initial Eligibility and Financial Aid Satisfactory Academic Progress (FASAP):

1. Initially, to be eligible to receive financial aid, you must be admitted into an eligible program. Federal financial aid is considered renewable up to 150% of the approved program of study, provided you satisfy the standards of Financial Aid Satisfactory Academic Progress (FASAP) as outlined below.
2. You will be considered as making satisfactory progress in receiving financial aid provided that you are eligible to re-enroll at Carson-Newman and that you are making progress at a rate not less than demonstrated by the following qualitative and quantitative scales:

Qualitative

Number of cumulative credit hours attempted	1-30	31-45	46-59	60+
Minimum cumulative GPA required	1.50	1.70	1.90	2.00

Quantitative

Number of attempted fall/spring credit hours	30	24	12	9
Number of credit hours a student must earn 67% of attempted credit hours	20	16	8	6

Number of required credits to earn degree	120
Maximum number of cumulative attempted credits (150%)	180

Summer Semester: All of Carson-Newman Satisfactory Progress Standards will apply to the summer semester as well as to fall and spring. Our review to determine Satisfactory Progress will affect distribution in the summer.

FASAP Evaluation Process:

1. **REVIEW Each Term:** Review for FASAP will be conducted at the conclusion of each term, including summer. Students who are determined to be ineligible for further aid will be notified. It is your responsibility to ensure that lost eligibility is restored.
2. **WARNING Status:** Students will have one semester of WARNING on the first instance of a failed FASAP calculation. Warning notice will be sent to your CN email account if e-consent on file.
3. **UNSATISFACTORY Status:** A subsequent calculation failing FASAP will result in Financial Aid UNSATISFACTORY standing (suspension), and students will be ineligible for financial aid without a successful appeal. Unsatisfactory notice will be sent to your CN email account if e-consent on file.
4. **APPEALS FASAP:** Students may appeal an unsatisfactory status for FASAP calculation. Appeals must be made by the deadline given in each notification. Students not approved on appeal must re-gain eligibility by meeting the stated standards.
5. **PROBATION Status:** Students that filed a successful appeal from an unsatisfactory status will be granted probation in which they will be eligible for financial aid. After the probation, students must meet the standards satisfactorily to continue aid eligibility.
6. **W, F, or I Grades:** All grades of F, W, WP, WF, U, or I will not count as hours earned but will count as hours attempted.
7. **REPEATED Hours:** Repeated hours will count towards attempted hours, but may not be countable in enrollment status for the term depending upon the number of times repeated for a grade. For example, if you earned 3 hours with a grade of "D" twice, and you decided to repeat the course to earn a better grade, the repeated 3 hours will not count in your enrollment status for the term that it is a second repeat. Hence your enrollment status for the term will be calculated as: registered credit hours - second or more repeated credit hours = enrollment status for federal financial aid purposes. This is subject to change as Federal Regulations are subject to change. All attempted hours will count against your 150% of degree credits limitation.
8. **TRANSFER Credits:** Transfer credits accepted by Carson-Newman University for credit will count in attempted and in total earned hours.
9. **TELS Hope Awards:** Evaluation to determine continued eligibility for **TELS Hope awards** will occur upon attempting 24, 48, 72, 96, and 120 hours for coursework completed after high school graduation, and is a separate process than FASAP calculations. If you fail to meet TELS SAP, you will be sent a written notification with important information, and future TELS awards may not be available to you. Your TELS HOPE grade point average is not calculated the same as your Carson-Newman grade point average calculation. Visit our consumer page to learn more.
10. **APPEALS TELS HOPE Loss:** Students may appeal TELS HOPE loss on reasons other than grade point average.

Student Athlete and Satisfactory Academic Progress

Carson-Newman University holds membership in the South Atlantic Conference (SAC) and the National Collegiate Athletic Association (NCAA). The University conforms to all regulations adopted by this organization which stipulate that:

1. Athletes must be in academic good standing and be making satisfactory academic progress as defined by the University, SAC and NCAA.
2. Participants in intercollegiate athletics must be enrolled in a minimum 12 semester hours during the term of participation. Additional requirements relating to test scores, credits, GPA and various other issues are stated in regulations published by each of the organizations. Consult the coach and/or the Athletic Director.

Scholarships and Grants

University scholarships, grants, and awards are made possible by the generosity of funds provided from individuals, alumni, outside foundations, and other organizations. The majority of awards are coordinated by the Office of Financial Aid and based upon strong academic criteria as well as financial need. Individual academic areas administer some undergraduate scholarship programs for prospective and enrolled students. A separate application may be required. Please refer to the scholarships, grants, and awards page of the financial aid website for more information or contact the academic area for more information.

Federal Grants

The **Federal Pell Grant** is for exceptional need students. It is a grant that does not have to be repaid. Eligibility is determined by the results of the FAFSA. Actual amount awarded may vary according to the number of hours that a student enrolls per semester. Any changes to enrollment status must be reviewed by the Office of Financial Aid. After drop period is complete, each student who is enrolled in less than 12 hours is reviewed to make sure the student is still eligible for the amount awarded. Amounts will be adjusted prior to the student receiving a refund.

The **Federal Supplemental Educational Opportunity Grant (SEOG)** is for Federal Pell Grant recipients only. It is a grant that does not have to be repaid. This award has limited funding. The award is further limited to students who are Federal Pell Grant recipients and have exceptional financial need as determined by the FAFSA. SEOG is awarded based on the availability of funds. Renewal from year to year is not guaranteed.

The **Federal TEACH Grant** is a non-need based award. This grant is for students who are pursuing teaching credentials in high need fields. The student must agree to teach for four years in a high need field and high need area. The student must score above the 75th percentile on a college admissions test such as ACT, SAT, or GRE or graduate from high school with a cumulative GPA of at least a 3.25 on a 4.0 scale or have a cumulative GPA of at least 3.25 on a 4.0 scale on college coursework to receive a grant for each subsequent term. For more info go to <https://teach-ats.ed.gov/ats/index.action>. Should the teaching requirements not be fulfilled, the grant retroactively converts to an Unsubsidized Direct Loan. Please use your best judgment when deciding to accept this award or not.

Tennessee Scholarships and Grants

The **Tennessee Student Assistance Award (TSAA)** is available for undergraduate students only. It is a grant that does not have to be repaid. Eligibility is determined by the results of the FAFSA. This award has limited funding. The award is limited to students who are Federal Pell Grant recipients and have exceptional financial need. Students must be a Tennessee resident. Actual amount of TSAA awarded is determined by the number of hours that a student is enrolled per semester. Any changes to enrollment status will be reviewed by the Office of Financial Aid. After drop period is complete, each student who is enrolled in less than 12 hours is reviewed to make sure the student is still eligible for the amount awarded. TSAA is awarded based on the availability of funds. Renewal from year to year is not guaranteed. In order to maximize your eligibility for these funds, students should file the FAFSA by the priority deadline each year. A student is also limited to eight semesters of eligibility of TSAA award.

The **Tennessee Education Lottery Scholarship (HOPE)** is awarded to students who have been a Tennessee resident for one year by September 1 of the year of application date. For students beginning spring and summer terms, residency determined by February 1 as of application date. Recipients must enroll in a TN public college, university, or private college listed on www.CollegePaysTN.com. Please visit www.CollegePaysTN.com for eligibility and renewal requirements. Students eligible for the TN HOPE scholarship may be eligible for funds from the **TN General Assembly Merit Scholarship (GAMS)** or the **TN Aspire Award (Aspire)**. Eligibility for the GAMS award will be determined by the student's weighted GPA and ACT/SAT score. Eligibility for the Aspire award is determined by information from the FAFSA. A student may only receive one award in addition to the TN HOPE Scholarship. The student will be given the largest award that he/she is eligible to receive.

The **Tennessee Promise Scholarship** is awarded to students pursuing a two year associate degree, meeting all other state guidelines, including FAFSA filing deadline, attending mandatory meeting(s), and community service requirements. The amount awarded will be determined after annual amount has been published in late summer and is reduced by TELS, TSAA, and Federal Pell Grant funding. Not all students that participate in the Tennessee Promise Scholarship program will receive monetary funding, as they are last dollars applied after TELS, TSAA, and/or Federal Pell Grant dollars.

The Tennessee Scholarships and Grants listed are not all inclusive. For more detailed information regarding all Tennessee State Grants and Scholarships available, please visit TN.GOV/collegepays.

Federal Work-Study

The **Federal Work-Study Program** provides jobs for students who have financial need and who need to earn a part of their educational expenses. Students must attend a job fair to facilitate job placement. Eligible students are placed in jobs on campus where they can work a limited number of hours per week. Jobs are available in a variety of departments across campus. The rate of pay for most jobs is at least the federal minimum wage.

Student Loans

The **Federal Direct Stafford Loan Program** provides low-interest loans. Students may be eligible for the Federal Subsidized Direct Stafford Loan or the Federal Unsubsidized Direct Stafford Loan depending on the student's remaining unmet need. Filing the FAFSA is required as well as completion of entrance requirements and a master promissory note (MPN). Students must be enrolled or admitted in a degree seeking program on at least a half-time basis.

The **Federal PLUS Loan** is a federal loan in the parent's name. If your parents are declined, you may become eligible for additional Federal unsubsidized Stafford Loan. **Federal Grad PLUS Loans** are available to graduate students only. Many times a graduate student's cost of attendance are covered through other federal loan programs. Any graduate student interested in this loan should contact the Office of Financial Aid.

22 Veterans Educational Assistance

Alternative loans are consumer based education loans that are not part of the federal government programs. Alternative loans may be more expensive than the federally guaranteed loans and should only be used after all other forms of financial aid have been exhausted. If you determine that an alternative loan is needed, please research your options carefully. Each lender has different fees, interest rates, and repayment options. Most alternative loans require a co-borrower. Maximum loan amounts vary depending on the amount of other financial aid you are receiving. Some lenders may defer repayment of principal until student ceases to be enrolled at least half-time.

University Gift Aid Cap Policy

University aid is considered the last gift dollars applied to the student charges. The University reserves the right to reduce, modify, or cancel awards when aid limits are exceeded, and/or the University determines at any time you are no longer eligible for the assistance. No cash credit balance refunds will be generated from University funds as the last resource.

Disbursements

All financial aid will be credited to your student account each term. For traditional semester attendance, disbursement is scheduled three weeks from the start of the term, upon confirming you have begun attendance in each class anticipated. Until the aid is disbursed to your student account, aid will be pending. Award amounts will be based upon your actual attendance in each class. For instance, if you register for 12 credit hours, but only begin attendance in 9 credit hours, your award amounts will be recalculated for 9 credit hours. It is important to begin attendance and have your schedule finalized by the last day to make a schedule change without a fee (Census date) each term.

Disbursement dates for module classes are scheduled on the first Thursday after the census date of each module.

Veterans Educational Assistance

Carson-Newman University has been approved by the Tennessee Higher Education Commission to provide programs and courses of instruction to veterans of the United States Military or dependents of deceased or disabled veterans eligible for educational benefits.

Benefit Programs

The primary entitlement programs administered by the Military Affairs Office:

- * Montgomery GI Bill® - Active Duty (MGIB-AD) Educational Assistance Program [Chapter 30]
- * Vocational Rehabilitation & Employment (VR&E) Program [Chapter 31]
- * Montgomery GI Bill® - Selected Reserve (MGIB-SR) Educational Assistance Program [Chapter 1606]
- * Post 9/11 GI Bill® - Harry W. Colmery Veterans Educational Assistance Act [Chapter 33]
- * Survivors' & Dependents' Educational Assistance (DEA) Program [Chapter 35]
- * Veterans Work-Study Allowance Program
- * Tennessee Support, Training and Renewing Opportunity for National Guardsman (STRONG) Act of 2017
- * Federal Tuition Assistance

Carson-Newman University has been approved by the Veterans Administration to participate in the Yellow Ribbon Program. Veterans or dependents of veterans who qualify for the Post-9-11 GI bill must be 100% eligible to participate in the Yellow Ribbon Program. For information on current policies for the Yellow Ribbon Program, contact a University school Certifying Official or the Military Affairs office.

Policies and Procedures

Federal guidelines and regulations are specific regarding eligibility to receive veterans' educational benefits. Official decisions on eligibility are made by the VA or the appropriate government office and not the C-N Military Affairs Office.

To receive educational benefits, eligible recipients must be accepted for admission to the University. The application for VA Educational Benefits must be completed and submitted to the Department of Veteran Affairs by the student recipient. The Notice of Benefits Eligibility (NOBE) or Certificate of Eligibility (COE) must be submitted to the School Certifying Official. Recipients who have received VA education benefits and plan to transfer to Carson-Newman University from another college must also complete and submit a Change of Program or Place of Training Application (Form 22-1995). Official transcripts from all colleges and universities attended must also be submitted in order to determine prior credit.

The Carson-Newman University VA Educational Benefits Recipient Statement of Understanding and Acknowledgment of Policies must be signed and submitted to the School Certifying Official before enrollment certifications will be processed. For additional information concerning Veterans Educational Benefits, please contact the Office of Military Affairs or a School Certifying Office.

A University School Certifying Officer will submit the enrollment certification for eligible veterans or their dependents. Enrollment certifications are submitted *after* the eligible student has completed the registration process. Applications and all supporting documents should be submitted at least eight weeks before the start of the first semester of enrollment for the first time recipients. Certifications for *first time Chapter 35* beneficiaries cannot be submitted until after the first day of class attendance of the first term of enrollment.

Eligible recipients must be pursuing an educational objective, which is defined at Carson-Newman as leading to an associate, bachelor, master, or doctoral degree. Recipients must be degree seeking students and designate an approved major and program of study.

Courses approved for certification are those that are required for the recipient's major and program of study. Recipients of educational benefits must work closely with an academic advisor to make certain that courses taken are part of the degree requirements for their chosen academic program. Excessive elective courses or courses in which a passing grade has been earned (except for courses in which a grade of "C" or higher is required) will not be approved for certification.

Students receiving educational benefits are responsible for notifying the School Certifying Official for any change in enrollment that would affect receipt of educational benefits. Satisfactory attendance, conduct and progress, as defined by the University, must be maintained in order to continue receiving benefits. VA Educational Benefit recipients who are placed on academic probation must meet academic progress standards in

order to continue receiving VA educational benefits. A course for which a student received an “Incomplete” must be graded within one academic semester of the beneficiary will be subject to retroactive adjustment in the semester’s training time, which may result in an overpayment and recovery of benefits.

All veterans, National Guard, and Army Reserve recipients must submit a copy of their DD-214 and a copy of their Joint Services Transcripts or official transcript from the *Community College of the Air Force (CCAF)* to the Office of the Registrar for evaluation of transfer credit. See “Academic Credit through the Military” in the Admissions section for more information.

Veterans Tuition and Fee Deferment

For students receiving educational assistance benefits administered and provided by the United States department of veteran affairs (USDVA) or under other governmentally/military funded educational assistance paid directly to the school will receive a deferred payment of the required tuition and fees until the student’s monetary benefits from the USDVA or other governmental agency have been received. Approval is contingent upon a student beneficiary demonstrating benefits eligibility with sufficient entitlement to cover tuition and fees and no outstanding debt to the USDVA or Carson-Newman from prior semesters. The deferred payment will be initiated with Carson-Newman Student Accounts upon the student beneficiary’s request for benefits and SCO’s certification for benefits. Deferred payment will reflect the estimated pending aid from the USDVA or other military education benefit. The student will be responsible for on-time payment of the remaining balance. Students will not be denied access to classes, registration, student services and resources due to an outstanding balance resulting from the USDVA.

The Academic Program

Student Responsibility in Meeting Degree Requirements

Responsibility for knowing and following academic requirements, including both the academic and common degree requirements for graduation, rests with the student. Academic requirements are specified for each undergraduate degree program at Carson-Newman University and these, as well as the common degree requirements, must be met before a degree is granted. Advisors, assigned to assist students in their progress toward degree completion, program directors and appropriate administrators will provide specific information concerning these requirements, but **the student alone is responsible for fulfilling them.**

The administration and faculty of Carson-Newman University believe that the educational and other programs of the University described in this catalog are effective and valuable. However, the ultimate results of programs offered in terms of achievement, employment, professional licensing, or other measure are dependent on factors outside the programs, such as the personality and energy of the student, governmental or institutional regulations, and market conditions. Therefore, except as specifically stated herein, Carson-Newman University makes no representation or contract that following a particular course or curriculum will result in specific achievement, employment or qualification for employment, admission to graduate degree programs, or licensing for particular professions or occupations.

Common Requirements for All Baccalaureate Degrees

1. **Catalog prevailing**--Graduation requirements may be met under any Carson-Newman catalog published during student’s enrollment at any post-secondary institution provided the catalog selected was published no more than 5 years prior to completion of requirements. The University reserves the right to change the requirements and/or the programs of study and to require students to meet them.
2. **Semester hours**--120 degree credit hours. Hours earned through Academic Skills Enhancement or the English Language Institute do *not* apply toward graduation.
3. **Grade point average (Cumulative GPA)**--Minimum C average (2.00 GPA) on all college work attempted. Minimum C average (2.00 GPA) on all work attempted at Carson-Newman University.
4. **Grade point average in major, minor, certificate program**--Overall C average minimum (2.00 GPA) in the major, minor, and certificate program. Some departments may require a higher GPA than the university-wide minimum.
5. **Junior/Senior credits**--Minimum **36 semester hours** of courses numbered 300 or higher and taken at a 4-year college. Sometimes a transfer course is 100- or 200-level at the college where it was taken may be equated to a specific upper-division Carson-Newman course; such courses do not count toward this requirement.
6. **Senior (four year) college credits**--Minimum 60 semester hours (applicable to transfer students from two year institutions).
7. **Community Life and Worship**--minimum attendance of 10 CLWs for each semester of enrollment at Carson-Newman University (see CLW attendance policy).
8. **Residency requirements**--Minimum 30 semester hours or 25 percent of the semester hours required for graduation, whichever is higher for baccalaureate degrees at Carson-Newman University. Senior year in residence is required (30 hours) excluding students in binary programs. Waiver of last hours in residence may be approved not to exceed 12 hours upon establishment of valid reasons provided a minimum 30 hours are completed at Carson-Newman University.
9. **Credit by examination**--32 hours maximum.
10. **Majors, minors**--A student may complete more than one major within a degree. A second major, however, is not limited to the initial degree a student is working toward and may be completed within 120 hours. A student who is working toward a BA in English, for example, may add a second major in business by completing the requirements for that major, and vice-versa. Since each major prescribes its own language requirements, the language requirement for the second major must be met if it is greater than that for the first major. Students may also elect to add one or more minors or a certificate program to complement their major(s) and achieve career goals. A minor program is not required for graduation. See **Majors, Minors Programs** in this catalog. See next page for second degree or post baccalaureate programs.

NOTE: A maximum of 48 hours toward the major discipline (excluding art and music) is allowed for a BA degree.

24 Academic Policies, Procedures, and Regulations

11. **Carson-Newman University credits in a major**--Minimum 12 hours must be completed in a major at Carson-Newman University.
12. **Carson-Newman University credits in minor** -- Minimum 6 hours must be completed in minor at Carson-Newman University.
13. **Requirements for two degrees**--Complete requirements for two of the following degrees (BA, BM, BS, or BSN) and a minimum 30 semester hours beyond 120. The additional 30 hours must be taken in residence at Carson-Newman University. Courses counted toward a major for one degree cannot be counted toward a major for a second degree. Completion of two majors under one degree does not constitute two degrees.
14. **Degree plan**--Degree plan for graduation, approved by advisor and the department chair, must be submitted to the University Registrar **prior to the completion of the semester in which the student will complete at least 90 semester hours.**
15. **Approval of graduates**--Graduates must be approved by the faculty and Board of Trustees.
16. **Commencement**--Ceremonies are held in December and May. Students completing degree requirements in the summer session may participate in the May or the December ceremony. Students must be present to receive degrees, unless sufficient reason is given and written notification is submitted to the University Registrar. Students in binary programs have degrees conferred at the next commencement after completion of a year of professional work at the cooperating institution.

In keeping with its commitment to liberal arts, Carson-Newman University requires of every student encounter with the humanities, with their emphasis on human values; the social sciences, with their perspectives in human relationships; the natural sciences and mathematics, which offer a logical understanding of life; the fine arts, which prepare for the appreciation of beauty; and the applied arts and sciences, which offer practical solutions for human problems.

A core curriculum, designated the **liberal arts core requirement**, forms the basis of this encounter (see Liberal Arts Core Requirements section). This core is a major component of all baccalaureate degree requirements. Liberal Arts Core courses provide an introduction to, or a survey of, a broad area of knowledge and skills which are essential for a well-educated person. It is the aim of the University to equip students to avoid the trap of professionalism without wisdom, to maintain a sense of curiosity throughout life, and to continue their own search for truth.

Second or Additional Bachelor's Degree

A student may earn a second or additional bachelor degree by completing the requirements for both degrees. Students must complete liberal arts courses required for both degrees and must complete major and common degree requirements for both degrees.

Second Degree Requirements when earning both degrees simultaneously

A student may earn two bachelor's degrees simultaneously provided the student satisfies all liberal arts core requirements required for each major, major courses for each degree, and common requirements for all baccalaureate degrees. The student must earn a minimum of 150 hours to be awarded two degrees.

Post-Baccalaureate Second Degree Requirements

Post-baccalaureate students who previously earned a bachelor's degree from Carson-Newman University or another regionally accredited college or university may pursue a second degree from Carson-Newman. The following requirements must be met in order for a student to receive a second baccalaureate degree after completion of the first one:

1. The student must complete a minimum of 150 hours.
2. The student must earn at least 30 hours toward the degree from Carson-Newman University.
3. The 30 credit hours taken at Carson-Newman beyond the first degree shall include at least 12 hours in the major toward the second bachelor's degree and a minimum of 15 upper level hours.
4. The student must earn a minimum grade point average of 2.0 in courses required for the major taken at Carson-Newman, a minimum institutional grade point average of 2.0, and a minimum cumulative grade point average of 2.0.
5. Courses required for the major for one degree cannot be counted toward the major for the second degree.
6. Students must meet all Liberal Arts core requirements for the second degree from the catalog prevailing.
7. The time limit on Transfer Credits Policy will be applied to students seeking a Post-Baccalaureate second degree.

Academic Policies, Procedures, and Regulations

Academic Calendar

The academic year at Carson-Newman University includes a fall and a spring semester and several accelerated terms offered during the summer. Fall and spring semesters include a minimum 14 weeks of instruction and one week of exams and a minimum of 24 credit hours for full-time enrollment. Full-time undergraduates are expected to complete a minimum of 24 semester hours during the academic year. Fall semester begins in August and ends in December. Spring semester begins in January and ends in May. The summer session includes several accelerated terms which commence after the conclusion of the spring semester and end before the beginning of the new academic year. Adult degree completion programs include modules within the semester. Please consult the academic calendar found on page three of the catalog for term dates.

The official final exam schedule is made available to students prior to the end of the semester. Students who have three exams scheduled on one day may request changing one of their exams to another day during the exam period. For more information contact the Office of the Registrar.

To be eligible for consideration of receipt of Title IV funds, an academic year is defined as completion of 24 semester credit hours during an academic calendar year.

Academic Dishonesty

Academic dishonesty may include, but is not limited to, the following: giving or receiving aid on tests; plagiarizing papers, assignments, book reviews; removing and/or copying test questions from office files. The course instructor/professor will address any incidents of suspected dishonesty. After hearing the student and considering all the evidence, this person will levy sanctions if guilt is determined. The instructor/professor will report these actions to the Provost, who shall levy any sanction more severe than the loss of course credit.

Academic dishonesty may result in sanctions including, but not limited to, an immediate F and loss of credit for the course. Additionally, the effect of these sanctions on the student's GPA may impact financial awards. Gross dishonesty or a recurrence of academic dishonesty may result in expulsion from the University. Any student who receives an F in a course due to academic dishonesty will not be allowed to drop the course even if the F is assigned prior to the last date to drop a course with a W.

The student may appeal a finding of academic dishonesty and the resulting sanction first to the department chair; further recourse is to the Provost. For updates and questions related to this area, please contact the Office of the Provost.

Academic Standing

To maintain acceptable scholastic standing and to graduate from Carson-Newman University, a student must have a minimum cumulative GPA of 2.00, a minimum institutional GPA of 2.00 (coursework attempted at Carson-Newman), and a minimum GPA of 2.00 in all coursework attempted in the major and/or minor (unless specific department requirements are higher).

Academic Probation

A student is placed on Academic Probation when the institutional or cumulative GPA is below the minimum level determined by the total number of credit hours attempted, as indicated by the following table:

Hours Attempted	Minimum CNU and Cumulative GPA required
12-29	1.70
30-59	1.80
60-89	1.90
90 or above	2.00

Any student whose institutional GPA or cumulative GPA falls below the minimum required by the above table will be placed on Academic probation, and the notation of the probation will be made on the student's academic transcript. A student on Academic Probation will not be permitted to enroll in more than 14 hours for the semester; in addition, any student on Academic Probation will be required to follow instructions as outlined in their letter of probation from the Provost and the Academic Recovery Plan.

A student who has attained the minimum institutional GPA and the minimum cumulative GPA (as indicated by the table above) by the end of the first semester on probation will be removed from probation. Once a student is placed on probation, the student will be allowed to continue enrollment if academic progress is demonstrated by achieving a semester GPA of 2.0 or higher or a cumulative GPA equal to or greater than that required by the total number of hours attempted for satisfactory academic progress (see table). A student who earns a 2.0 GPA for the term on probation but who does not raise his or her cumulative GPA to meet satisfactory academic progress as outlined on the above table, will be allowed to remain enrolled on continued academic probation. While on probationary status, the student must achieve a semester GPA of 2.0 or higher or a cumulative GPA equal to or greater than that required for minimum standards for satisfactory academic progress to avoid suspension.

Prior to registration for each semester in which a student is on Academic Probation, the student must first meet with a Student Success Center staff member to develop an Academic Recovery Plan for achieving the required level of academic success. After meeting with a Student Success Center staff member, the student must meet with his/her advisor and the department chair. After submitting the approved plan to the University Registrar, the student will be permitted to register. Some students are admitted on Academic Probation and must meet requirements as stated in their letters of acceptance.

Academic Suspension

A student is placed on Academic Suspension when

- * the student failed to meet requirements for continued probation, or
- * the student failed to pass 6 hours during their first term of full-time enrollment as a freshman, or
- * the student failed to pass 12 hours during the freshman year.

The first time a student is placed on Academic Suspension, that student will be suspended from the University for one semester. The second time a student is placed on Academic Suspension, that student will be suspended from the University for two semesters. The notation of the suspension will be made on the student's academic transcript. A student who is suspended a third time is subject to dismissal from the University (see below).

A student who has failed to attain the minimum institutional GPA and the minimum cumulative GPA (as indicated by the table above) after the probationary period will be suspended. The notation of the suspension will be made on the student's academic transcript.

Readmission to the University after Academic Suspension is not guaranteed.

A student who has been suspended who wishes to re-enroll at the university must complete the following steps:

- * Apply for readmission to the university through the Office of Admissions by completing the application for readmission,
- * Write a letter of appeal to the Suspension Review Committee, addressed to the Office of the Provost.
- * Complete and submit the Academic Suspension Appeal Application and attach copies of documentation from a physician or health care provider (in the event of illness or medical condition), from a parent/guardian (in the event of a death-in-the-family or other family emergency), or other appropriate documentation in support of the appeal request.

Any student readmitted after Academic Suspension will be placed automatically on Academic Probation.

Students who are allowed to re-enroll after the suspension review process are not guaranteed eligibility for financial aid and should contact the Office of Financial Aid to determine eligibility.

26 Academic Policies, Procedures, and Regulations

Academic Dismissal

A student who is Academically Dismissed from the University will not be eligible for continued enrollment at Carson-Newman University. The student has been given opportunity to improve his/her academic performance and has been unsuccessful.

Students will be subject to Academic Dismissal and a notation of the dismissal will be made on the student's transcript if:

- * the student receives a third academic suspension, or
- * the student failed to meet specific academic requirements as indicated in his/her letter of acceptance.

Students who have been dismissed may submit an appeal in writing to the Provost who will render a final decision.

Class Attendance

Attendance at all class meetings is expected, and students are responsible for all work (including tests and written assignments) of all class meetings. Each faculty member will establish consequences for class absences and publish them in the course syllabus. Students can earn credit for missed work if the absence was caused by a documented illness, the death of immediate family member, or participation in a university-sponsored activity. Otherwise, the instructor has no obligation to allow students to earn credit for missed work.

Any student who does not attend class by the last day to add a class during the registration period will be administratively dropped from the class for non-attendance. Attendance in an on-line course is determined by posting an assignment, participating in an on-line discussion, or submitting an assignment for the course. Enrollment status (full-time/part-time, etc.), billing, and financial aid eligibility may be affected by disenrollment from non-attended courses. Refer to the Withdrawal and Refund Sections of the catalog for more detailed information.

Students who fail all courses due to non-attendance or lack of academic activity will be administratively withdrawn from the University for the semester. Financial aid recalculations will be processed for students who are administratively withdrawn from the university within 45 days of the date of determination. If a student is administratively withdrawn from the university, financial aid eligibility may be affected. For more information, see *Financial Aid Handbook*, Withdrawal from University section.

Courses

Credit Hour

A credit hour is defined as a unit of coursework represented by attainment of educational goals measured by learning outcomes. In accordance with federal regulation (34 CFR 600.2) one credit is awarded for a workload which reasonably approximates 37.5 hours per term. Non-lecture courses, i.e., labs, studios, performance-based or clinical-based courses, also require a minimum workload of 37.5 hours per term to receive one semester hour of credit. The University bases credit for internships on one semester hour of credit for 50 hours of work. Courses offered by alternative methods of delivery or in accelerated calendars require an equivalent amount of student engagement and workload to earn one credit hour.

Course Load

Full-time course load for a semester is a minimum of 12 hours. An average course load is 15 hours per semester. Additional tuition is charged for hours in excess of 17. Students may not enroll for more than 20 semester hours (without permission from the University Registrar) during a regular semester.

One course, 3-4 hours, is the maximum for Mayterm or for a four- or five-week summer school term. Students may not exceed 15 hours during the entire summer including Mayterm (without permission from the University Registrar) and those enrolling in multiple summer terms may not exceed the number of hours in accelerated terms that is equivalent to full-time status in a traditional semester.

Course numbering system

Courses numbered 100-200 are primarily for freshmen and sophomores; courses numbered 300-400 are primarily for juniors and seniors.

Independent Study Courses

290-390: Independent readings or independent research and study, 1-4 hours -- Open to sophomores, juniors and seniors

Students who enroll for catalog courses as independent study (maximum of four hours per semester) must secure approval from the instructor, the department chair, and the Provost.

Independent study courses (topics, research, academic projects) which are not regular catalog courses may be taught as a 390 or 490 course.

The student will be registered for the independent study by the Office of the Registrar upon submission of the Request for Approval to Registrar for an Independent Study Course Form which indicates signatory approvals from the instructor, department chair, and Provost. The form is available on the CN Registrar website at <http://www.cn.edu/administration/registrar-office/student-forms/independent-study>.

Faculty members may direct an independent study course only in their discipline or department and are limited to direction of two independent study courses per semester.

Mayterm Courses

280-289: Mayterm courses, 1-4 hours

380-389: Mayterm courses, 1-4 hours

Unlisted Courses

Sometimes a course is offered which is not listed in this catalog. The department offering the course assigns a title which is used in the official schedule of classes and on the student's record. Course descriptions are kept on file in the Office of the Registrar.

270-279: Class or Seminar, 1-3 hours -- Open to freshmen, sophomores, juniors and seniors.

470-479: Class or Seminar, 1-3 hours -- Open only to juniors and seniors.

Taking Courses at Another Institution

Students who are currently enrolled at Carson-Newman University, and wish to take course work at another institution, must obtain the approval of his or her advisor and the University Registrar for the corresponding Carson-Newman course by completing the “Authorization to Take Courses at Another Institution” form.

The University Registrar will indicate on the course authorization form whether the student is in good standing at Carson-Newman University and has permission to take the approved course(s). Students who wish to apply for financial aid for coursework at another college should consult the Office of Financial Aid.

Undergraduates Taking Graduate Courses

Approved undergraduate students may take a maximum of 9 graduate hours, with no more than 6 graduate hours during any one semester. A maximum of 17 hours per semester (graduate and undergraduate combined) is allowed. Graduate hours will be accepted for graduate credit if the student is accepted and enrolls in a Carson-Newman graduate program. No undergraduate credit can be earned from the graduate course(s), the course(s) cannot be used to meet undergraduate graduation requirements, and therefore will not count toward enrollment status for federal aid eligibility.

Prior to application, the student must have 100 earned semester hours of undergraduate credit, an approved degree plan indicating graduation within two semesters and a minimum GPA to meet graduate school admission requirements. See the Graduate Department for application and further details.

Grades

Grading System

The basic unit of credit at Carson-Newman University is the semester hour. Most courses carry 3 semester hours of credit (though some carry as few as 1 and some as many as 12). One semester hour typically represents 1 hour of lecture or recitation or 2 hours of laboratory work per week.

At the end of each semester and at the end of all summer sessions, grades are available to the student through his/her Campus Connect account.

Passing grades are assigned grade points for each semester hour of credit (A=4, B=3, C=2, D=1). A student’s grade point average (GPA) is calculated by dividing the number of grade points the student has accumulated by the number of semester hours attempted in graded (A,B,C,D,F) courses. (The attempted semester hours in which a student earns an S or P are not used in this calculation.) The grade report will have three GPAs listed -- a semester average, the CN GPA, and the cumulative GPA. Grades of AU, IP, N, NG, P, S, VW, W, and WP are not included in the GPA computation. An F or a WF received in any course will figure into the GPA computation.

Grade Points (based on a 4.00 scale)

<u>Grade</u>	<u>Performance Level</u>	<u>Grade points per semester hour of credit</u>
A	Superior	4
B	Good	3
C	Average	2
D	Passing	1
F	Failing	0
WF	Withdrew failing	0
WP	Withdrew passing	0

As an example, the GPA would be figured as follows for a student receiving:

ENG 101	A	(12 grade points)	3 hours
BIOL 101	C	(6 grade points)	3 hours
REL 101	F	(0 grade points)	3 hours
PSY 202	S	(0 grade points)	3 hours

Grade points (18) divided by graded hours attempted (9) = 2.0 GPA

Grades that do not influence grade point average (GPA)

AU	Audit (enrolled with instructor’s approval for observation only-one half tuition rate per credit hour with no credit earned)
N	No pass (for courses taken on pass/no pass basis)
NG	No grade submitted or no credit earned
P	Pass (for courses taken on pass/no pass basis)
S	Satisfactory work (for courses noted on class schedule as using S/F grading)
W	Withdrew (has no effect on GPA)
WP	Withdrew passing

The **pass/no pass** grade is available as an option to encourage students to experiment and diversify their coursework selection and to broaden their interest in fields outside their major. This option allows for the earning of credit hours with a passing grade which does not affect the GPA. The choice of pass/no pass by the student is subject to these restrictions:

1. Students can take only one course a semester pass/no pass and only 8 courses pass/no pass in a college career.
2. Students cannot take pass/no pass in a major, minor, liberal arts requirement, or independent honors thesis courses.
3. An instructor reserves the right to close a course to pass/no pass grading.

28 Academic Policies, Procedures, and Regulations

4. Pass/no pass and/or audit **must** be indicated during registration or prior to the deadline for withdrawing from a class with a “W”. Forms are available during advising to exercise the pass/no pass or audit option and are necessary for making the decision a matter of record with the Office of the Registrar.
5. After the deadline for adding courses, the grading for a pass/no pass or an audit course cannot be converted to a regular grading basis.

Incomplete Grades

- I Incomplete --- The student has failed to complete the course in the allowed time due to illness or some justifiable delay. The “I” will carry no grade points and will count as failure (F) in the computation of the grade point average until removed. A grade of F will be assigned if the Incomplete is not removed by the deadline determined by the instructor which can be no later than the end of the next semester regardless of whether the student is enrolled at Carson-Newman University, unless the student has been granted extenuating circumstances due to a prolong illness. The deadline for removing an incomplete grade earned during any summer term is no later than the end of the following fall semester.

Process for Grade Appeal

If a student disagrees with a course grade received, he or she may request a review of the coursework upon which the grade in the course was assigned. If an appeal is made, it must be in writing within one semester of the date the grade in the course was assigned and begins with a conference with the instructor of the course. If not resolved in this conference, the appeal moves to the department chair. If the grade appeal has not been resolved at these levels, it moves to the Provost for **final** review. The Provost may refer a grade appeal to the Academic Standards Committee for their study and recommendation.

Repeating a course for a grade

Students may repeat any course. The grade from the most recent attempt, with no additional hours attempted, will be used in calculating grade averages. Stated differently, the LAST grade earned will be the grade of record and will be used to determine if University requirements have been satisfied. The following provisions apply:

1. If the course was taken at Carson-Newman University, it must be repeated at Carson-Newman University for the grade replacement to be permitted.
2. If the course was taken at another college, it may be repeated at any accredited institution, including Carson-Newman University.
3. If the course was taken at Carson-Newman and repeated at another college, the grade replacement policy does not apply. The student will get credit for the course, but the course grades will be averaged.
4. After the second repeat, the grade replacement provision is no longer applicable, and each attempt will figure into the grade point average.
5. All grades will be entered on the student’s permanent record.

Honors

Dean’s List

Students are recognized by the University community for academic excellence. Each semester a **dean’s list** names students enrolled as a full-time student with a grade point average (GPA) of 3.50 or better.

Honors Program Distinction

Students who graduate with Honors at Carson-Newman have completed an enhanced curriculum that includes advanced sections of Liberal Arts Core classes, intensive team-taught courses, and the completion of a two-year process of creating the Seniors Honors Thesis. The thesis is a major work of original research, creative artwork, pedagogical or social entrepreneurship contribution that must pass the evaluation of the Honors Council and be defended during a hearing before a faculty committee.

Latin Honors Listed on Diploma

Distinctions for academic excellence are awarded at graduation to bachelor’s degree students who have compiled the following grade averages:

Summa Cum Laude	3.95 - 4.00
Magna Cum Laude	3.75 - 3.94
Cum Laude	3.50 - 3.74

Students must have both a cumulative (which includes transfer credit) and institutional grade point average that meet the above criteria.

Outstanding Graduates

Each academic program/department is eligible to select one Outstanding Graduate per year. The student is selected by the faculty of the program, and the award is given to the recipient during the undergraduate commencement ceremony.

Internships

Several academic departments at Carson-Newman offer internships for academic credit. In order to receive academic credit, a student must be approved for the internship by the department chair or program coordinator. Internship experience will be directed by an off-campus supervisor and will be monitored by an assigned Carson-Newman University faculty member.

Academic credit for internships is awarded for one semester hour for a workload that reasonably approximates 50 hours of workload. Students receiving credit for an internship will also be responsible for other assignments, such as additional readings, a comprehensive journal, and/or a final paper/project as required by the department granting the internship credit. Grades for internships are awarded on either an A-F or S/F grading scale, depending on the individual department policy.

An internship experience for credit is a graduation requirement for students in the following majors: Child and Family Studies; Family and Consumer Sciences: Consumer Services; Fashion Merchandising and Design; Interior Design; Food and Nutrition; Food, Nutrition: Dietetics; Exercise Science; and Human Services.

Leave of Absence or Break In Enrollment

Students who must be absent from the University for the purpose of intellectual or personal development may request a break in enrollment for a maximum of two semesters. The application to Request a Break In Enrollment must be completed by the student and approved by the student's advisor and the University Registrar. If approved, the student will be guaranteed readmission at the end of the specified time, providing the terms of the request have been satisfactorily fulfilled. Students who are on an institutional approved break in enrollment will not meet the guidelines for federal approved pursuant to 34CFR668.22(d) and will be subject to begin repayment under the terms of any federal loan that has been borrowed. In addition, a student on an institutional approved leave of absence or break in enrollment will not be considered continuously enrolled for the Tennessee Hope Scholarship (TELS).

Recipients of Title IV funds who are enrolled but must withdraw from the University for medical or family emergency may request a leave of absence (LOA) through the University Registrar. If the leave of absence is approved, the student will be considered enrolled for the purposes of federal loan deferments. The LOA is seen as temporary interruption in the educational program. As such the student must return within the specified time period and resume enrollment in the same coursework that was interrupted. Tuition cost will not be the responsibility of the student to re-enroll in the same coursework. As such, the student will not qualify for additional disbursements of federal aid. This type of leave of absence may not exceed a total of 180 days in any 12 month period. If the student does not return from a LOA, then the university is required to process withdrawal retroactively to the date the LOA began. This may result in loan payments being due at an earlier date. Please refer to the refunds section for withdrawal information.

Registration and Change of Course (drop/add)

Each semester, during a period of time designated in the University calendar, students may register for courses to be taken the following semester. During spring, students may register for Mayterm and summer terms.

Enrollment confirmation is required for all students prior to attending class. Enrollment confirmation is scheduled immediately prior to the beginning of classes during the fall and spring semesters. In the summer all tuition and fees are to be paid before a student begins classes unless other arrangements have been made with the Student Accounts Office.

The student may add a new class during the first week of classes, or drop an existing class without a grade during the first week of classes, by completing a change of course (drop/add) form. Registration for all classes must be completed by the end of the drop/add period.

Financial aid is based on a student's enrollment status. Financial Aid eligibility may be adjusted if the student's enrollment status changes.

A grade of "W" will be assigned when the student drops a course between the end of the drop/add period and the last day to drop with a "W". The "W" will not be reflected in the student's GPA, but the class and grade will show on the student's permanent record (transcript).

Any student who receives an F in a course due to academic dishonesty will not be allowed to drop the course even if the F is assigned prior to the last date to drop a course with a W.

After the last day to drop with a W grade, the student will be automatically assigned a "WF" for any drop. The "WF" will be reflected in the GPA, and the class will also show on the student's permanent record.

Changes in registration after the drop/add period will be assessed a \$10 fee for each class change made.

Student Classification

	Semester hours credit
freshman	1 - 29
sophomore	30 - 59
junior	60 - 89
senior	90 plus

Status

Full-time - enrollment in at least 12 semester hours

Part-time - enrollment in fewer than 12 semester hours

Withdrawal from the University

Students ceasing attendance from all classes before the close of the semester are considered withdrawn and must officially withdraw by contacting the Office of Financial Aid. It is imperative to complete this process in order not to jeopardize future financial aid and to understand the earned financial aid calculation. The Office of Financial Aid will process the withdrawal, regardless of whether a student has officially withdrawn or unofficially left, in order to determine the amount of financial aid a student has earned. Unearned financial aid will be returned to the appropriate program. Returning unearned financial aid may result in a balance due to the University. The process is completed by the Student Accounts Office, where tuition refunds are given as outlined under **Refunds** in the **Costs** section of this catalog.

A student who officially withdraws before the last date to drop with a W will be assigned W grades. A student who officially withdraws from the University after the last date to drop with a W will be assigned a grade of WP for courses the student is passing or WF for courses the student is failing. The grade of WP or WF will be determined by faculty evaluation of the student's performance up to the day the student is considered withdrawn from the University. The official withdrawal date is based on the date of notification of the withdrawal.

A student who ceases class attendance in all courses before the end of the semester and does not officially withdraw is considered to have unofficially withdrawn and will be administratively withdrawn from the University. Students who are administratively withdrawn from the University will receive a grade of WF for courses registered for during the term of administrative withdrawal. The date of withdrawal for unofficial withdrawals is the midpoint of the semester. Exceptions to the midpoint may be reviewed on a case by case basis, if appropriate documentation is provided by the professor. Using the midpoint may result in unearned financial aid being returned to the appropriate program.

For information on how withdrawal from the university will affect financial aid eligibility, contact the Office of Financial Aid.

Student Records

Official Academic Records

The official transcript for each student is maintained by the Office of the Registrar and is stored in an electronic format. Other academic information, non-permanent but relating to the student's enrollment and academic progress, is also stored electronically according to records retention guidelines of the University. Official transcripts as authorized by the student or former student may be requested for third party release.

Carson-Newman University provides for the confidentiality of student records in accordance with the Family Educational Rights and Privacy Act, as amended. This act provides for the right of access by a student to his/her file and records with certain limited exceptions and prohibits the disclosure of information without the student's written approval, with certain limited exceptions, other than for disclosure of directory information. **Directory information includes student name, address, telephone numbers, e-mail addresses, photographs, dates of attendance, enrollment status (full-time or part-time), major and anticipated date of graduation, degree, honors and awards, the most recent previous educational institution attended, and participation in school activities and sports.** Students wishing to withhold directory information may do so by notifying the University Registrar *in writing*.

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access.

A student should submit to the university registrar, chair of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The university official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the University to amend a record should write the University official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the University decides not to amend the record as requested, the university will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
3. The right to a hearing if the request to correct an alleged inaccuracy is denied.

If the University decides not to amend the record as requested, the University will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.
4. The right to provide written consent before the University discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The University may disclose education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted as its agent to provide a service instead of using University employees or officials (such as an attorney, auditor, or collection agent); a third party engaged in research conducted on behalf of the University provided such information is not disclosed to any other authorized party; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the University.

Upon request, the University may disclose education records without consent to officials of another school in which a student seeks or intends to enroll.
5. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is: Family Policy Compliance Office, U.S. Department of Education, 400 Maryland Avenue, SW, Washington, DC 20202-5901

The Family Educational Rights and Privacy Act provides that educational records of a student who is a dependent of his/her parent(s) for Internal Revenue purposes may be disclosed to the parent(s) without first receiving the student's consent, provided documentation showing the student to be dependent under the provisions of the Internal Revenue Code is presented by the parent(s). Students may authorize the release of

otherwise confidential information, i.e., grades, academic progress, class attendance, billing statement, and disciplinary actions to parents by signing a consent form available in the Office of the Registrar.

Following is a partial list of records maintained in University offices and the official responsible for each.

Academic records and transcripts: University Registrar

Student Judicial Records: Vice President for Student Affairs and Dean of Students

Student Co-curricular and Extracurricular Involvement: Vice President for Student Affairs and Dean of Students

Placement Files (compiled by the student): Student Success Center

Carson-Newman University defines a student as enrolled the first day the student begins attendance at the University.

For additional information regarding Family Educational Rights and Privacy Act policies, please contact the University Registrar at 865-471-3240 or registrar@cn.edu.

Student Consent to Disclose Information

Students may authorize the release of otherwise confidential information, for example, grades, academic progress, class attendance, financial data, and disciplinary actions, to parents or others by signing a consent form available in the Office of the Registrar, located on the top floor of the Fite Administration Building.

Disclosure which may not legally be made except upon the consent of the student shall not be made by any University employee (except for access with certain limited exceptions as allowed by law) until the student's consent is on file in the Office of the Registrar. Disclosure shall be made only of the specific matters to which the student has consented and to the person designated by the student. Any University employee who is asked by any person (the student, a parent, or anyone else) to make a disclosure of confidential information which may be made only upon the student's consent, shall not make the disclosure unless first being advised by the Office of the Registrar that the student has consented to the disclosure and the consent has not been revoked by the student as of that date. University employees who are asked by parents of students and others to make such disclosure should be advised that disclosure may be made by the University if the student consents in writing on a Consent to Disclose Information form filed in the Office of the Registrar.

When disclosure is made, the disclosing employee shall first ascertain that the person to whom disclosure is made is indeed the person the student has designated. In each instance, no disclosure shall be made except to a person who can recite the student-designated access code. When disclosure is made to the person in person, the employee should first secure from the person adequate identification. When disclosure is made by mail, the envelope will be marked "Confidential: To Be Opened by the Addressee."

The University is not legally obliged to disclose in each instance to which the student consents. If circumstances exist which causes a University employee to believe it may not be in the student's best interests for a disclosure consented to by the student to be made, the employee should report the situation to the University Registrar.

Transcripts

The official record of a student's coursework is the academic transcript. All courses in which the student is registered on the census date are recorded on the academic transcript.

Transcripts shall be processed by the Office of the Registrar upon request from the student or former student. Students may request an official transcript by utilizing the on-line service at <https://iwantmytranscript.com/CN> or by completing the request form in the Office of the Registrar. Official transcripts will be furnished only after all accounts have been satisfactorily settled with the University. Students utilizing monthly payment plans must receive approval from the Student Accounts Office before an official transcript can be released. Currently enrolled students may request an unofficial copy of their record for campus use only.

Information Security

Carson-Newman University takes reasonable precautions to maintain and protect your privacy and information security. The University has established an Information Security Policy (ISP) that documents the efforts we use to protect your information and is available for your review at www.cn.edu by searching for "Information Security Policy". The ISP is reviewed periodically and may be modified at the discretion of the University Information Security Committee.

The Information Security Committee

The University's Information Security Committee (ISC) is charged with overseeing the security of the University's non-directory information through development and implementation of an information security plan including but not limited to University policies, procedures, and training. This plan will be subject to periodic review and revision by the ISC to assure ongoing compliance with all applicable laws and regulations.

The ISC includes the Associate Vice President for Enrollment Management, the Executive Director of Financial Aid, the Associate Vice President of Finance and Human Resources, the Director of Information Technology Services, the Dean of Student Affairs, and the University Registrar. The Executive Council serves as *Ex-officio* members. The ISC may add other representatives as deemed appropriate.

LIBERAL ARTS CORE REQUIREMENTS

Liberal Arts Core Mission Statement

In order to help students reach their full potential as educated citizens and worldwide servant leaders, the Carson-Newman University Liberal Arts Core provides an introduction to a broad base of knowledge, Christian values, and skills that are essential for personal, intellectual, and professional growth. Underlying the core courses are foundational goals that are common to liberal arts courses:

1. Oral and written communication,
2. Global and cultural awareness,
3. Critical thinking and analytic skills, and
4. Information literacy.

Expected Outcomes

The Liberal Arts Core at Carson-Newman provides an introduction to the Liberal Arts and studies in Biblical traditions, communications, mathematics and science, personal and social awareness, and global perspectives. Through these core components, the following outcomes are expected of our students: knowledge of the history of Christian Liberal Arts; knowledge of the scholarly study of the Judeo-Christian scriptures and their content; effective communication skills in both written and spoken English; scientific literacy and quantitative reasoning skills critical for making informed decisions; the ability to think critically and to apply appropriate research techniques to the study of human behavior, social systems, and cultures of the world; a broad knowledge of human actions, imagination, and expression; and the ability to access, evaluate, and wisely use information and its sources.

Language: BA degrees require 6 hours of language at the 100 or 200 level as determined by the degree department. BS, BM, or BSN degrees may also require language. Please see student's major for specific requirements.*

Senior Capstone Course or Seminar, minimum of 1 hour credit (preferably taken in the last year of residency)

* Students who have studied a foreign language in high school must take a placement test in order to continue studying that language at Carson-Newman University. Spanish 101 is reserved ONLY for students who have never studied Spanish before. If a student who had Spanish in high school registers for Spanish 101, they will be removed from the course. Students who studied Spanish in high school who do not score high enough on the placement test to test into higher levels should begin their language study with Spanish 123 and will complete their six (6) hour requirement with Spanish 201. In French and German, 101 is considered remedial for students who have studied French or German in high school. Therefore, 101 credit cannot be purchased, nor will it be counted toward the 6 hours of foreign language requirement. Those students will need to take French/German 102 and 201 to fulfill their requirement.

NOTE 1: There are some degrees that require 6 hours at the 200 level for the language requirement. Students in those departments will be required to take 201 and 202 to fulfill their requirement.

NOTE 2: If a student tests into the 200 or 300 level, they may be eligible to receive credit by examination for one course that they test out of. Please consult with the Director of World Languages program (Dr. Mary Baldrige) for more information.

Degrees, Majors, Minors, and Emphases

Degrees

Carson-Newman University awards associate and bachelor degrees at the undergraduate level. A degree is awarded based on successful completion of a course of study which has been approved by the faculty.

A bachelor's degree requires completion of a minimum of 120 hours including liberal arts course requirements, courses required for the major and, in some cases, elective hours. An associate's degree requires completion of at least 60 hours of a prescribed set of courses including liberal arts courses and electives. Some associate degrees require discipline specific courses.

Carson-Newman University awards the Bachelor of Arts, Bachelor of Science, Bachelor of Music, Bachelor of Science in Nursing, Associate of Arts, and Associate of Science degrees.

Majors

A major is a student's primary area of study. Students seeking a BA degree choose a major from academic areas or disciplines. Courses in the liberal arts core requirement may or may not count as part of the major. Consult department for specific requirements. See Table I for a listing of majors available within departments.

Students may obtain a BA in Interdisciplinary Scholars. Consult advisors for additional information and requirements.

For baccalaureate degrees other than the BA--i.e., the BM, BS, and the BSN, both major subject area and the liberal arts core requirement are incorporated into a curriculum which is prescribed and must be strictly followed in order to meet degree requirements and certain accreditation and professional standards.

Minors

Students may select one or more optional minors. Some minors will consist of courses from a single discipline. A minimum C average (2.00) is required in a minor. Courses in the minor may not count toward a major or another minor unless such courses are designated as required for both. Courses so designated and counted in more than one area are limited to two. Courses selected from a list of courses are not considered required. Other minors are interdisciplinary and required coursework from more than one discipline. Students may double count courses toward an interdisciplinary minor that are required for a major, as long as a minimum of three disciplines are represented in the interdisciplinary minor. No more than 12 hours of transfer credit can be counted toward the minor at Carson-Newman.

Interdisciplinary Minors

China Studies

This minor is in cooperation with the Chinese Cross-Cultural Institute. Students must complete 18 hours to include the following: HIST 341 or 342; 6 hours in Chinese Studies; and 9 hours from the following: HIST 341, 348, PHIL 404; SOC 201 or approved courses in Chinese Studies. **Contact** the Director of Global Education.

Conflict and Justice Studies

Designed for students interested in social justice ministry, criminal justice, forensic psychology, peace studies, restorative justice, nonviolent conflict resolution, law and society, ethics and society, and other related fields of study, service, and work. Students take 21 hours to include REL/PHIL 301SL plus an 18 additional hours with a minimum of one course from each of the following subject areas: Sociology: SOC/PSY 310; Psychology: PSY 316, 323; History/Political Science: HIST 350, 351, 353, PSC 321, 337, 338, 438, 439; Religion: REL 318, 415. **Contact** Dr. Laura Wadlington, Department of Psychology.

Environmental and Community Studies

This minor is for students interested in pursuing their major and career interests in the context of addressing human needs and problems through sustainable development and conserving the natural environment and informed by an understanding of place, the aesthetics of environment and community, and other considerations of community history, culture, and values. Students complete 21 hours of coursework including 3 additional hours in the natural sciences beyond the 6-hour liberal arts core requirement to be selected from BIOL 102, 105, 106, 304, 315, 317, 405, or any GEOL/GEOG course; 15 hours selected from HIST/PSC 323, PSY 212, 312, 318, 323, SOC 205SL, 402, or approved special topics courses in Philosophy, economics, or related field; and 3 hours of approved field work or research selected from BIOL 383, 491, ENG 465, HON 499, PSY 410, 491, REL 296, SOC 406SL. **Contact** Dr. Laura Wadlington, Department of Psychology.

Gerontology

This 18 hour minor is designed for students interested in caring for and working with the elderly. The following courses are required: PSY 407 and NURS 217SL; 3 hours from PE 407SL, FN 114 or 210; 3 hours from PSY 410 or other supervised internships of 135 clock hours or more in a geriatric environment; electives (6 more hours), 3 hours from BIOL 101, 207; or special topics in gerontology (390); and 3 hours from REL 442, SOC 102, 401, or PSY/CFS 206. **Contact** Dr. Laura Wadlington, Chair, Department of Psychology.

Health Professionals

Designed for individuals who plan to have a career as a practicing health professional. This minor requires 18 hours of coursework. Required courses include CHEM 308, ID 208, REL 301, and REL 224 or SOC 302. For the remaining 8 hours, you may choose from 13 different elective courses. For these options, or more information about this minor, **contact** Dr. Stephen Karr, Director of Health Pre-Professions. This program is not aid eligible.

Medieval and Renaissance Studies (MARS)

Medieval and Renaissance Studies (MARS) is the historical, cultural, and artistic study of time periods ranging from the fifth century A.D. to the mid-seventeenth century A.D. At Carson-Newman University, we offer an interdisciplinary minor in this field. This minor allows a deal of flexibility so that students can supplement their major with broad study of the Medieval and Renaissance world. Students can combine classes in art, music, history, linguistics, philosophy, English, foreign language, and religion to better understand holistically these time periods. A MARS minor would complement and enrich a major in any of these areas mentioned above.

The minor is built from 200 level or higher courses regularly offered at Carson-Newman University, i.e., courses dealing with Medieval or Renaissance topics. To ensure the minor's multidisciplinary nature, students may use no more than two courses for their minor that would normally be applicable to their major. (For example, an English major could take two additional English classes and apply those classes to the MARS minor, but the additional courses beyond those two must be in areas outside his major. This variety will encourage interdisciplinary understanding.) The student must take a total of 18 hours chosen from the following: ENG 362, 423; GER 270; HIST 341, 333, 334, 437, 438; MUS 431; PHIL 304; and REL 438; any approved advanced course in English/French/linguistics/Spanish/German or religion (repeated with permission) that focuses on a Medieval or a Renaissance topic, genre, or author (e.g., ENG 340, 440, 451; SPAN 415; GER 415, REL 296, etc.).

Interested students should contact Dr. Kip Wheeler (kwheeler@cn.edu) or Dr. Mary Baldrige (mbaldrige@cn.edu).

Religious Studies

For a minor in Religious Studies, a student must complete 18 hours (12 hours required courses and 6 hours elective courses) in addition to REL 101 and 102. The required courses are PHIL 402SL and 404, REL 320, and SOC 312. Six hours elective credit may be taken from either REL 324 or HIST 341 and a course from REL 322, 426, or 433. Contact the Department of Religion.

Women's Studies

The Women's Studies program offers students the opportunity to earn an interdisciplinary minor in Women's Studies. The program encourages the study of women and gender in different cultures and time periods. It seeks to integrate questions of race, class and gender and to approach these from a global perspective. The coursework is designed to give the student an historical and contemporary perspective on the roles which women have played and continue to play in societies around the world and across time. It also strives to offer a supportive community to women interested in feminist issues through dinners, workshops, and outings.

To minor in Women's Studies the student must take 18 hours of coursework in courses that focus primarily on women or women's issues. At least three disciplines must be represented. Courses may be chosen from English 242, 352, 440 or 444; History 242 or 323; Nursing 415; Political Science 321, 338 or 410; Psychology 408; Religion 416 or 437; Sociology 309 or 401. Other special topics courses with an emphasis on women's issues or women's studies may also be applied to the minor and students may work with individual professors to devise independent study courses that may be applied to the minor. **Contact** Dr. Shannon Carpenter Collins, Department of English, or Dr. Beth Vanlandingham, Department of History.

Worship Leadership

The intent of the minor in Worship Leadership is to provide interested students with a basic set of skills and knowledge that will enable them to plan and lead worship services. This minor assumes that a number of students currently lead or will in the future lead worship services of different types and in a variety of settings. It consists of the following requirements: MUS 100 (or higher music theory), MUS 101 (or higher piano), MUS 140, MUS 141, MUS 249, MUS 322, MUS 460, 2 hours of ensemble, REL 224SL, REL 361, and one of these three courses: REL 238, REL 240, or REL 241.

Emphases

Some departments have further organized their curricula to make it possible for students to focus more specifically or to explore more deeply within the major area.

Programs

A program is an interdisciplinary set of prescribed courses designed to prepare a student for professional certification or licensure. A program is optional and, if chosen, must be taken in conjunction with a defined major and/or minor unless express restrictions are imposed for a specific program.

Coaching Education

The coaching education program is designed for those individuals who are interested in becoming a successful coach. The program offers the opportunity to obtain coaching principles and sports first aid certifications through the American Sport Education Program (ASEP). It consists of a minimum 21 hours: 5 hours of core courses, 4 hours of teaching/coaching sport skills courses, and 12 hours of coaching effectiveness courses. The program is available to any major. **Contact** the Department of Physical Education.

Post-Baccalaureate Health Professions

The Post-Baccalaureate Health Professions Program is a bridge program for students who already have earned a bachelor's degree and desire a change of career into one of the health professions. Requirements will center around the health profession career and the specific professional schools to which the student selects to apply. The program is not a graduate degree program. Required courses can be completed in an intense 12 to 24 month period. **Contact** Dr. Stephen Karr, Director of Health Professions.

Academic Support Services

Carson-Newman University provides a variety of Academic Support Services to assist students in maximizing their success in the classroom, in their personal lives, and in preparing for the future.

Academic Computer Facilities

General access computers are located in Stephens-Burnett Library (main floor) and available during open library hours. Computer labs available for general access may also be found in the Dougherty Science Center (room 123) and Ted Russell Hall (room 208) at various open hours.

Most departments have computer access labs available for students majoring in particular disciplines. Contact the academic department offices for more information.

Disability Services

Carson-Newman University seeks to provide reasonable accommodations to “otherwise qualified” students. To request accommodations, contact the Coordinator for Students with Disabilities and Case Manager at dhumphrey@cn.edu or 865-471-3268.

English Language Institute

Instruction in English as a foreign language is provided for international students needing additional instruction in the English language skills. Contact the ELI Director at 865-471-3543.

International Student Services

The Office of International Student Services plans activities and co-curricular programs for international students. Some of the services provided by this office are part-time staff coordinator, airport service at the beginning and end of each semester, assistance with checking into campus housing, international student orientation, assistance with opening bank accounts, periodic shopping and sightseeing trips, and assistance in integrating into the University community. Information is available about holiday tours which include home-stays. Contact the Coordinator for International Student Services.

First Year Experience and Conference Services

ASE (Academic Skills Enhancement)

ASE provides support for students who demonstrate the need for remediation in basic academic skills as determined by standardized test scores. Writing and reading classes are designed to prepare students for writing compositions (essays) and to improve reading and study skills. Math courses are designed to prepare students for 100 level college math courses.

Bridge Program

The Bridge Program is an accelerated summer program targeting students with academic and personal backgrounds that have the potential to place them at risk academically. The program combines academic and social activities designed to acclimate the students to campus life and forge a sense of community.

1st Generation Program

Approximately 30% of incoming freshmen are the first in their families to attend a 4-year institution. The 1st Generation Program identifies these students early and provides support through regular contact and departmental programming.

Orientation

New student orientation is scheduled prior to the beginning of the fall and spring semester to assist students with the transition to life as a Carson-Newman student. Sessions and activities acquaint the student with the campus community and connect them with resources to help them have an optimal experience as a Carson-Newman student. For information, contact the Director of the First Year and Conference Services.

Student Success Center

The Student Success Center is located on the second floor of Stephens-Burnett Memorial Library and is open during regular library hours. Listed below are the services offered by the Student Success Center.

Advising of Deciding Students

Students who have not declared a major are identified as “deciding” students. Through *intentional* advising by professional advisors, these students are guided through the early semesters of their college experience and ultimately on a decision to declare a major.

Athletic Study Hall - SNAP

SNAP (Students Navigating Academic Progress) provides intentional study hall time in a controlled environment. Students have access to peer tutoring, the Writing Center, and varying technology.

Career Services/Vocation and Calling Program

Career Services staff assists students in developing a 4-year major and career plan. Students are provided resources to enhance their skills in the areas of internships, job searches, and post-graduate life skills.

Early Alert System

ACE, the early alert system, is a tool used by faculty and staff to identify at-risk students. Referrals are assigned to the appropriate staff member for follow-up. The goal is to intervene and provide support and resources to be academically, socially, and emotionally successful.

Sophomore Success Program

The Sophomore Success Program is designed to assist students in navigating issues common to second-year students.

Tutoring and Writing Center

Tutoring is peer-lead and is geared towards the essential core classes. Morning and evening opportunities are available free of charge. The Writing Center, also peer led, is designed to guide students in proper research and writing techniques.

Information Technology Services

Use of the computing facilities is a privilege available to faculty, staff, and students of Carson-Newman University, subject to compliance with certain principles designed to assure that all users have reasonable access to the system and that the action of any one user will not adversely affect any aspect of the work of computer usage of another. In accepting this privilege, users are expected to abide by the rules of conduct. Compliance with the rules will be monitored.

For the complete Information Technology policy, please consult the **Eagle Student Handbook** (www.cn.edu/administration/student-affairs/student-handbook) or on EagleNet on the www.cn.edu website.

Community Services

Appalachian Outreach

Appalachian Outreach is a poverty relief ministry sponsored by the Student Affairs division and the local community. This ministry includes a home repair ministry, Samaritan House, and the Appalachian Outreach Ministry Center. AO also includes the following mission outreach programs: food distribution, used clothing ministries, educational programming, recycling, children's ministry, firewood distribution, and partnerships in disaster relief missions and international poverty relief work.

Baptist Collegiate Ministries

Student-led, volunteer organization including worship, Christian growth groups, outreach teams, missions experiences and fellowship. Contact the Director of Campus Ministries.

Bonner Center for Service Learning and Civic Engagement

The Bonner Center builds partnerships between Carson-Newman University and local community agencies and nonprofit organizations by sharing knowledge and resources, hosting campus events, recruiting volunteers, and encouraging political participation among student, faculty, and staff. The Bonner Center also offers several scholarship opportunities: Bonner Scholars Program, Faith & Justice Scholars Program, Community Connections, Service Corps, and Eagles Engage. A part of a national network of schools partnered with the Bonner Foundation in Princeton, New Jersey, the Carson-Newman Bonner Center embodies six common commitments: Diversity, Civic Engagement, Social Justice, Spiritual Exploration, Community Building, and International Perspective. Up-to-date application and admissions information for Bonner Center scholarships can be found at www.cn.edu/bonner.

Center for Educational Service to Appalachia

A variety of educational programs emphasizing regional literature, arts, and scholarship are offered for area schools, teachers, and community. Contact the Director.

Family Enrichment Institute

As an extension of the graduate program in counseling, the Institute uses graduate students in teaching life coping skills in a variety of community settings. The Institute also sponsors the Family Enrichment Seminars, which are regularly presented to the community on mental health topics pertaining to effective individual and family functioning. For information, contact the Director.

Samaritan House

The Samaritan House is a temporary shelter for homeless families and single women. This ministry includes clothing, furniture, and feeding programs, counseling, worship and Bible study ministries. The shelter is a ministry of the Student Affairs division in partnership with the local community.

SPOTS Teams (Special Projects Other Than Summer)

Short-term mission projects over fall and spring break. Contact the Associate Director of Campus Ministries.

40 Academic Special Programs

Summer Missions

Opportunities for summer missions service through local, state, national and international agencies, organizations, camps, and churches. Contact the Director of Campus Ministries.

Teaching English as a Foreign Language (TEFL)

This 50-hour online course taught through the Consortium of Global Education (www.cgedu.org) teaches communicative approaches to teaching English to second language learners. The course is designed to be completed with 50 hours of reading, task file completion, and outside class observations. The certificate is issued by the Consortium of Global Education, not by Carson-Newman University.

The Introductory Certificate in TEFL will be useful to people who intend to teach or tutor foreign students on an informal or volunteer basis in North America or overseas, people who are going overseas as teaching assistants, people who want to learn more about TEFL before deciding whether or not to enroll in a graduate TEFL program, and people working in church-based ESL programs.

Contact the Center for Global Education for additional information about the program.

Academic Special Programs

In addition to the regular academic programs, Carson-Newman University offers an array of special programs which focus on interdisciplinary study, unique study opportunities, community-based education, and scholarship. Some are designed for students while others are for faculty professional development. Five of these, termed Centers, are part of the strategic plan to advance Carson-Newman University toward a position of academic excellence at the national level.

Binary Program

A four-year binary program at Carson-Newman University in conjunction with an accredited pharmacy school. Students complete three years at Carson-Newman (minimum 90 hours) and one year of the professional program at pharmacy school with a minimum "C" average and 30 hours. Upon completion of the first year of professional school, those credits are transferred back to Carson-Newman, and the student receives the BA degree from Carson-Newman in Biology or a BA or BS degree in Chemistry. Students must complete the Carson-Newman liberal arts core requirements and satisfy departmental requirements for the Biology or Chemistry major. (Carson-Newman residency requirements must be met -- see Academic Policies, Procedures, and Regulations.) Special precaution should be taken to avoid duplication of courses such as biochemistry, immunology, microbiology, and anatomy and physiology which are normally taken during the first year of pharmacy school.

Bonner Scholars Program

Sponsored by the Bonner Center for Service Learning and Civic Engagement, the Bonner Scholars Program is a community service and leadership development scholarship program within which students complete 140 hours of community service and training each semester, two summer of service internships, a required three-course sequence, and a senior capstone project and presentation which combines students' academic interests and career goals with an expressed community need. Application deadline for high school seniors in January 1; open spots for current Carson-Newman and incoming transfer students are announced periodically. Students who remain in good standing receive a minimum of \$2,500 each year toward tuition and fees; \$5,000 in summer support; priority access to subsidized federal loans; and a \$2,000 loan reduction check for students who graduate in good standing with the Program. For more information, contact either the Bonner Scholars Coordinator or the Director of the Bonner Center.

Center for Baptist Studies

The Center for Baptist Studies hosts two annual lectures, the Carlyle Marney Lecture (fall semester) and the T. B. Maston Lecture (spring semester). In addition, the Center for Baptist Studies oversees the Oxford Studies program, which places two students at Regent's Park for Trinity term (late April-June). The purpose of the Center is to promote and nurture Baptist identity and heritage to student, faculty and staff, alumni, and friends of Carson-Newman. For more information, contact the Department of Religion.

Louis and Mary Charlotte Ball Institute for Church Music

Campus events, workshops for musicians, and publications relevant to the denomination and local churches in music and worship. For more information, contact the Director, The Louis and Mary Charlotte Ball Institute for Church Music.

Center for Educational Service to Appalachia

Campus events, publications and community service projects relevant to the region. For more information, contact the Director of the Appalachian Center.

Center for Global Education

The Center for Global Education leads the University to strengthen its international and intercultural dimensions through curricular and co-curricular programs. The English Language Institute (ELI), study abroad, the development of international institutional relationships, and International Student Services comprise the on-campus programs of the Center for Global Education. For additional information, contact the Dean of Global Education.

Center for Wellness

The Center for Wellness provides health education and promotion through campus activities, classroom lectures, and health campaigns. The Wellness Committee is composed of faculty, staff, and students who are committed to enhancing a healthy lifestyle across the campus. For more information, contact the Wellness Chair.

Honors Program

Students whose composite ACT score is 29 or higher or SAT is 1310 (Critical Reading and Math) or above, and a high school grade point average of at least 3.65, may be eligible for participation in the honors program. Freshmen through junior students take special team taught classes such as Humanity and the Cosmos, Faith, Freedom and the Individual, and Form and Expression in the Contemporary Arts. The honors thesis, completed during the junior and senior years, consists of supervised experience or research in the student's major field(s). Upon successful completion of the thesis and the recommendation of the honors council, the student may receive six semester hours of credit and is recognized as graduating with honors. Honors students also have the opportunity to live in the Honors House. See HONORS PROGRAM section of this catalog for course offerings. For more information, contact the Honors Program Director.

Interdisciplinary Scholars

This program is designed for the self-motivated, academically superior student (minimum 3.00 university GPA). Students in the interdisciplinary scholars program design their own curriculum. They are assigned a preceptor who assists in putting together an area of study allowing for a variety of interests and a minor in at least one academic area. To graduate with an Interdisciplinary Scholars major, a student must complete the liberal arts core requirements and meet common requirements for a degree, excluding those pertaining to a major. Students must apply for acceptance into the program no fewer than 48 semester hours prior to anticipated graduation. For more information, contact the Office of the Provost.

Preprofessional Programs

Post-Baccalaureate Health Professions Program

Carson-Newman University offers a bridge program for students who already have earned a bachelor's degree and desire a change of career into one of the health professions. Requirements will center around the health profession career choice and the specific professional schools to which the student selects to apply. This program is not a graduate program or a degree program. For more information, contact Dr. Stephen Karr.

Washington Semester

The Washington Semester is an internship program, primarily for political science and prelaw majors, that grants credit for work in the nation's Capitol. Students learn the workings of federal government firsthand, under the supervision of a United States congressman out of whose office they work. Contact the Department of History, Political Science, and Sociology for details.

International Programs

Carson-Newman is a community of scholars and students committed to global awareness and world outreach. Numerous opportunities exist for students to participate in programs of study or interest with an international or cross-cultural focus. Students can satisfy their curiosity in any or all of the following areas:

Majors/Minors/Emphases

Several departments at Carson-Newman University offer majors that expose the student to courses with a distinctly international component. Some departments further provide students with the opportunity to focus more of their major coursework specifically in international studies, and hence offer emphases or minors within that major. For complete details of course offerings and requirements, see the contact person listed.

China Studies (Minor only)

Contact the Director of Global Education.

Foreign Language Major

Majors are available in Spanish and Biblical Languages. Contact Dr. Mary Baldrige.

History or Political Science Major

Contact Dr. Kara Stooksbury.

Oxford Studies Minor

Available to students selected for study in the Oxford term. Contact Dr. David Crutchley.

Sociology Major

Cross-Cultural Emphasis in the Sociology Major. Contact Dr. Greg Hoover.

Study Abroad

Carson-Newman offers both short-term and long-term study abroad opportunities for students who wish to gain credit from international study. Carson-Newman participates in study abroad agreements with several international institutions around the world. For a complete list of colleges or universities approved for study abroad or study away, contact the Center for Global Education.

Students who plan to study abroad must submit required documentation to the following offices:

1. The Center for Global Education
2. The Office of the Registrar
3. The Office of Financial Aid

42 Student Affairs

Students who study abroad may qualify for state and federal financial aid only if study abroad courses are approved for transfer or institutional credit. Students who study abroad may qualify for institutional aid only if they choose a designated exchange program for a semester. The student will be responsible for paying the cost for study abroad at the rate charged by the cooperating institution. In some cases, charges will exceed the cost of study at Carson-Newman. All students who study abroad or away will be charged a \$100 fee.

Students must have been enrolled as a full-time student at Carson-Newman University for at least one semester before being approved for Study Abroad.

A pre-departure orientation offered by the Center for Global Education is required of all semester study abroad participants.

Oxford Term

A scholarship-supported, research and tutorial experience in England for select students who compete for acceptance. For information, contact Dr. Andrew Smith.

Cross Cultural Mission Experience

Opportunities for collaborative learning and ministry for academic credit by participation in educational missions trips are offered through various department throughout the year.

International Language and Cultural Immersion Opportunities

Students can earn academic credit for foreign language study from approved consortium or international universities. For information, contact Dr. Mary Baldrige.

Office of Student Affairs

The Division of Student Affairs encompasses student life outside the classroom. It provides leadership for a well-balanced co-curricular program and utilizes the Wellness Model with its six areas as a foundation for student growth and development. The six areas include: spiritual, social, emotional, career, physical and intellectual development. The co-curriculum is designed to support the mission of the University. The Student Affairs Office is located in the Maddox Student Activities Center. The office phone number is 865-471-3235.

Student Affairs offers a wide variety of programs and services under the supervision of the Vice President for Student Affairs. These services include: Student Conduct, Campus Ministries, Residence Life, Student Activities, Recreational Services, Counseling, Health Services, Safety and Security, First Year Experience, Conference Services, and Appalachian Outreach.

Student Conduct

Carson-Newman strives to help students become responsible in all aspects of their lives. In situations where students exhibit irresponsible/disruptive conduct or violate university policy, disciplinary action may be implemented. Student conduct is governed by policies set forth in the *Eagle Student Handbook* and the *Guide to Residence Life*. When a violation occurs, students are afforded rights outlined by those documents. Infractions may be handled in a variety of ways depending on the severity and frequency of the violations. Please consult the Student Rights and Responsibilities section in the *Eagle Student Handbook*. The Division of Student Affairs reserves the right to contact a student's parent or guardian as appropriate in the event of problems associated with psychological concerns, health related problems, or other areas covered under the Student Affairs umbrella.

Campus Ministries

Campus Ministries offers students, faculty and staff opportunities for spiritual growth, fellowship and Christian service. Campus Ministries provides leadership for the Community Life and Worship (CLW) program, crisis ministries, counseling and personal development services, and Christian student organizations. The Baptist Collegiate Ministries organization is led by the Campus Ministries staff and student leadership teams (B.A.S.I.C. - Brothers and Sisters in Christ, Communications, Missions, Reach, and Seed Company Worship Band). Growth ministries and organizations include discipleship, Bible studies, fellowship, worship, evangelism training, missions promotion and enlistment, social action, recreation, retreats, conferences, outreach, DiscipleNow teams, and fall/spring/summer missions experiences on the state, national, and international levels. Campus Ministries is located in the Campus Ministries House, 2214 Branner Avenue, adjacent to the Maddox Student Activities Center. Phone number 865-471-3537.

The Student Chaplaincy Program in the traditional residence halls seeks to promote a Christian environment where students can learn and grow holistically while living in a safe and respected atmosphere. Student chaplains serve as ministry liaisons for Campus Ministries. Christian organizations led by faculty sponsors and student leadership indirectly related to Campus Ministries include Fellowship of Christian Athletes, Supporting Women in Missions and Ministry, YOKE (middle school ministry), and Young Life (high school ministry).

Community Life and Worship Attendance

The Community Life and Worship Program provides student-focused events which integrate faith, learning and community for students, faculty and staff. The events consist of chapel on Tuesday mornings (Community Worship) and other specified co-curricular programming (Community Life) open to the entire campus community.

Participation in the CLW program is required for graduation from Carson-Newman University. All full-time undergraduate students are required to attend at least ten (10) Community Life and Worship (CLW) events per semester for a total of seven (7) semesters. A student may bank CLW credits by attending more than 10 events in a semester.

CLW attendance will be monitored through the Campus Ministries Office. To receive CLW credit for an event a student is required to bring his/her valid C-N ID card to each event attended. IDs will be scanned at the conclusion of the event. A student must remain for the duration of the event, which will vary according to the event.

The student's attendance record for an event will be available for review on C-N Connect within 24 hours. The student is responsible for checking his/her attendance and reporting in person with C-N ID any discrepancy to the Campus Ministries Office within seven (7) days of the event. After seven days, credit may not be earned. A printable CLW schedule of events is located on the C-N website (www.cn.edu/clw-CLW Schedule) and the EagleNet Announcement Board. A monthly calendar is also available online at the university site (click on Events, CLW, and individual listings of CLW events for more details). Students should check regularly for updates to the schedule, which is subject to change periodically.

If a student fails to attend 10 CLWs each semester, the student is placed on CLW *warning* at the end of the semester of the deficiency. To be removed from CLW *warning*, a student must make up the shortage of CLWs plus the current semester's requirement. For example, if 7 CLWs were attended in the first semester, 3 plus 10, or 13 would have to be attended during the next semester enrolled to be removed from CLW *warning*.

If, during the next semester of enrollment, the student fails to attend 10 CLWs plus the shortage of CLWs from the first semester, the student is placed on CLW *probation*. If the probationary student fails to attend a total of 30 CLWs (a minimum of 10 per semester) by the end of the third semester of deficient CLW attendance, the student may be *suspended* from the university.

If the student has attended 10 CLWs for each semester of full-time enrollment, CLW attendance *will not* be required during the student's semester of graduation as indicated on an approved degree plan.

A transfer student is required to attend every semester while enrolled as a full-time student, except during the student's semester of graduation. A student who has completed 120 credit hours is not required to attend CLW. A student who has previously received a baccalaureate or graduate degree or a non-traditional student (twenty-five years of age by the last day of the semester) is waived from the CLW requirement.

Under special circumstances, or in extreme cases, a student may apply for a CLW waiver. CLW waivers may be provided to students who cannot attend CLW events and who complete the appropriate request form. CLW waivers will normally be given to students who have conflicts resulting from curricular demands such as student teaching and nursing clinicals. Student work schedules will be considered, but do not guarantee a waiver of the CLW requirement. Students with extenuating circumstances must apply for a CLW waiver each semester. The Waiver Request Form is located at the C-N website (www.cn.edu/clw, Waiver Request Form) or at the Campus Ministries Office (2214 Branner Avenue adjacent to Holt Field House). The application must be completed and returned to the Campus Ministries Office by the last day to drop/add classes at the beginning of the semester. The Director of Campus Ministries will render a decision regarding the waiver request and notify the student.

Conduct and Dress

All events - Please arrive on time and know that tardiness can result in a student not being admitted to an event. Common courtesy and respect for others should be observed. Sleeping and studying are not acceptable. Use of cell phones, laptops, ear buds, and other electronic devices is prohibited. Drinking and eating during events are also prohibited unless permitted by the sponsoring department, organization, or group. Appropriate dress is determined by the nature of an event and should be taken into consideration. If there is a question regarding attire, the student should contact the sponsoring organization in advance. Failure to comply to these instructions may result in denial of CLW credit for the event.

During formal recitals/concerts - The audience generally applauds after a set or a group of pieces (not after each selection). The best suggestion is to wait until the experienced concertgoers begin their applause and then join with them.

Community Worship (Tuesday chapels) - First Baptist Church sanctuary doors will be locked at 9:35 a.m. for Tuesday morning chapel services to avoid disruption of worship. Head gear (examples - baseball and knit caps) is not acceptable for male or female students out of respect and reverence in worship during university chapel and should be removed upon entering. Food and beverages are not permitted in the sanctuary. Inappropriate conduct and/or dress may result in denial of CLW credit for the service.

Counseling Services

Counseling Services' mission is to support Carson-Newman students in defining and reaching their full potential academically, emotionally, socially, and spiritually. We will connect with, care for, and comfort students to enhance their success and well-being.

Counseling Services will offer at no cost to the Carson-Newman student individual/couples/group counseling, crisis intervention, educational programs, and referrals to student support services on campus along with referrals to community resources. While providing these services, Counseling Services strives to promote a holistic, nurturing and spiritual environment to address the developmental needs of Carson-Newman students. Each year Carson-Newman students seek help to succeed with relationships, stress, sadness, anxiety, adjusting to school and other reasons. To set up an appointment, please call 865-471-3350 or stop by the Kathleen Manley Building, located directly across from First Baptist Church on the corner of Russell Avenue and Ken Sparks Way next to Burnett Hall. For further information please visit www.cn.edu/counseling.

Campus Nurse

The Campus Nurse promotes the wellness of students and employees through campus-wide programs, clinics, individual treatment, and education. The nurse's office is located in the Kathleen Manley building, next to Burnett Residence Hall, and the phone number is 865-471-3350. The office is open during fall and spring semesters Monday through Friday from 8:00 a.m. to 4:30 p.m., while university administrative holidays are observed. The nurse treats minor illnesses and injuries and can refer student patients to the clinic nurse practitioner or doctor as needed. All clinic services are free of charge. Tennova Hospital, located on West Highway 11E, is available for care 24 hours a day.

First Year and Conference Services

The First Year Experience program includes learning communities, mentoring, transition programming, and success programming. First Year Services coordinates and facilitates efforts across the campus aimed at increasing success of new students. First Year Experience programs include new student orientation, university success programs and welcome events. Conference Services coordinates the camps and conference groups that visit Carson-Newman University through the summer. The First Year and Conference Services Office is located in Butler-Blanc Gymnasium.

Military Affairs

The Military Affairs Office is the central point that connects all student veterans with academic and personal support resources, both on and off campus. Our goal is to support your academic and personal endeavors from acceptance to graduation to successful employment. The office provides information, forms and general assistance to those applying for military education assistance programs.

The Dr. Randall O'Brien Veteran Center is located in the Baker Building. The veteran center serves as an area for veterans to study, to gather, and to receive help from fellow veterans and staff. The veteran center includes a lounge, study area and computer access.

For information regarding veteran and veteran-dependent benefits, please refer to page 22. For information on receiving academic credit for military education and service, please refer to page 14. For additional information, contact the Military Affairs Coordinator at 865-471-3519.

Residence Life

Residential living is a significant component of the college experience. Building life-long friendships is but one of the many benefits of this unique adventure. The opportunity to live and interact with people from many diverse cultures and walks of life is an educational opportunity that comes once in a lifetime! Research indicates that living on campus is crucial to the college student's academic success. Studies show that students who reside on campus have a higher grade point average and are more likely to graduate than those who live off campus. Residence halls also provide an excellent opportunity to learn beyond the classroom, as students participate in various programs and activities that complement the academic experience. The **Guide to Residence Life** outlines services, responsibilities and guidelines for students in an attempt to promote structure and give meaning to the residence life experience. Students are expected to be familiar with the content of this publication and be active participants in enhancing community on campus.

Off-Campus Living--Criteria for Approval

All full-time (12 hours and above) students are required to live on campus during their tenure at Carson-Newman University unless they meet one of the stated criteria listed below. Students who are not 22 years old before the end of the academic year or who have less than 90 earned credit hours may submit an off campus request for review by the Off Campus Request Review Board using one of the stated criteria listed below. All students who live off campus **MUST COMPLETE** an off campus request form and receive approval from the Residence Life Office. To avoid being billed for housing and meals, requests to live off campus must be submitted at least two weeks prior to final registration. Students who live in off campus housing must adhere to the *University Code of Conduct*. Failure to do so may result in the rescindment of off campus approval. If a student's course load drops below 12 hours, the student is required to obtain permission from the Director of Residence Life to continue to live on campus.

Requests which do not require review by the Off Campus Request Review Board but must be submitted to the Residence Life Office are (1) a student is 22 years or older before the last day of class each academic semester or (2) a student is classified as a senior (minimum of 90 earned credit hours).

Requests which require review by the Off Campus Request Review Board are (1) a student is living with his/her parent(s) or legal guardian, (2) a student is married, (3) extenuating circumstances which are not covered by the aforementioned criteria.

Note: Falsification of an off-campus housing request is in violation of the *University Code of Conduct* (as outlined in the Eagle Student Handbook) and may result in rescindment of off-campus housing privileges, assessment of room and board charges, and/or disciplinary action.

Living Environment

There are six residential areas at Carson-Newman University: Alumni (F), Burnett (F), Butler (M), Heritage (M), Swann (F), and Appalachian Commons (M,F). Each room is furnished with a bed, chest of drawers, desk and chair. Residents must supply their own linens and other personal items. For convenience, a laundry facility is available in each residence hall free of charge. Each room is equipped with both cable and wireless internet capabilities. Cable service is included in the cost of the room.

Room Reservations and Deposits

All entering freshmen and transfer students are required to pay a \$200 enrollment fee - \$150 of this fee serves as a room breakage deposit. At the time of payment, students can indicate their roommate preference on the Residence Life application form. When changing rooms or checking out of the building, residents must complete the proper paperwork or forfeit the breakage fee. Each student residing on campus must pay a non-refundable \$75 residence fee to support various programs and services in his/her respective building. This fee is included in the room deposit charged to your student account. All residential students are required to have a meal plan. Returning students can select their meal plan during room reservation days. First year students are assigned the unlimited meal plan.

Roommate Requests

Roommate requests must be mutual (requested by both students on the housing application). Roommate requests will be honored based upon available space, date of application submission, and deposit date, as recorded by the Office of Admissions. Roommate requests are considered on a rolling basis, as space permits.

Safety and Security

The Department of Safety and Security is located at 2209 Branner Avenue in a brick house directly at the rear of the Stokely Building, which houses both the Department of Education and the university cafeteria. Office hours are from 8:00 a.m. to 4:30 p.m., Monday through Friday, except for lunch. The department maintains non-commissioned security officers on the campus at all times, and they may be contacted by the duty cell phone number, (865) 548-9067. All officers are licensed by the State of Tennessee and are easily recognized by their uniforms. The local Jefferson County E-911 office should always be contacted for life-threatening emergencies by simply dialing 911.

The department works in concert with the local police, fire department and other local emergency responders to maintain a safe campus and ensure that all crimes are reported immediately and investigated. A daily crime and fire log are available for review as mandated by both state and federal laws. A publication entitled *The Eagle Eye Security Guide* is available on the university's website (under Student Affairs) which provides both students and staff with important safety tips and what to do in the event of an emergency.

Vehicle Registration

All personal vehicles belonging to students, faculty or staff members must be registered with the Department of Safety and Security within three (3) days after they are brought on campus. Students must purchase parking hangtags at the office during normal business hours. Hangtags cost \$35 each and are valid from August 15th through August 14th of each school year. There is a \$15 charge for replacement of lost hangtags. There is no refund for a hangtag when a student graduates or withdraws before the expiration date of the hangtag.

All vehicles are required to have valid insurance coverage in order to be brought on campus. To register a vehicle, the student or employee must provide the make and model of the vehicle and the state license plate number. No vehicle may be registered that does not belong to the owner or the owner's parent or legal guardian. The campus parking regulations may be found in the **Eagle Student Handbook (www.cn.edu/administration/student-affairs/student-handbook)**. Drivers on campus should make themselves aware of the campus parking regulations to avoid parking citations.

Student Activities

There is a wide range of activities available to students at Carson-Newman University. Students may choose from over 50 campus clubs, groups, and organizations including service, faith-based, social, professional, and departmental groups. Students look forward to many traditional campus-wide events such as Welcome Week, Homecoming, Live @ CN Concerts, Movies on the Lawn, and Spring Formal.

Organizations such as the Eagle Production Company (EPC), Student Government Association (SGA), Baptist Collegiate Ministries (BCM), and Student Ambassadors Association (SAA), along with many other additional campus groups, regularly schedule special events throughout the year. Among these events are concerts, movies, dinner theaters, specialty acts, variety shows, and many others.

Advised by the Director of Student Activities, both EPC and SGA provide exciting opportunities for positions in student leadership, campus events planning, direct impact on the campus environment and the student experience, and the personal growth and development of the student. The Office of Student Activities is located in the Maddox Student Activities Center, Room 1016. Phone number 865-471-3392.

Recreational Services and Maddox Student Activities Center

Recreational Services offer opportunities for physical exercise, social interaction, and enjoyment of the outdoors. Several day trips are offered each year, including hikes in the Smokies, biking, rock-climbing, and zip line adventures. Recreational Services plans a diverse intramural program which annually provides events of sports, card games, board games, and even online events. Hundreds of students participate in the popular team sports of flag football, softball, volleyball, and basketball. Other choices include billiards, ping-pong, tennis, Frisbee golf, nertz, spades, badminton, and cornhole. Some more unique choices are ConnectFour, catchphrase, and "Family Feud". Intramurals offer several employment and leadership opportunities for students. Student directors, game day manager, game day supervisors, officials, and a field crew are all a part of the intramural staff.

The Maddox Student Activities Center opens up a world of opportunities for students. The student lounge, P.O.D., Chick-Fil-A, and meeting rooms offer an inviting atmosphere for social interaction. The activity areas provide students with a running track, weight room, cardio room, three full-sized gymnasiums, and a game room. A swimming pool complemented by student lockers, showers, and dressing rooms tops off a wide array of facilities. The Recreational Services Office is located in the Maddox Student Activities Center, Room 1014, and the phone number is 865-471-3440 or 471-3345.

Complaint and Grievance Procedures

In accordance with our mission as a Christian University within a caring community, Carson-Newman has established a Complaint Grievance Policy as well as procedures to assist students in the resolution of student complaints and concerns. A student who believes that he or she has not received fair treatment by a University employee or student or who has a complaint about the action or in-action of a University employee or fellow student may file a complaint with the Office of Student Affairs. The procedures adopted by the University have been established to assist students in the resolution of complaints or grievances in an expeditious, fair, and impartial manner.

Informal complaint procedure: When minor concerns or situations arise, students should first seek resolution with the individual with whom the complaint exists. Before filing a formal written complaint, the student should seek resolution with the appropriate University employee who is most directly associated with the concern. The employee with whom a concern is raised is expected to handle the matter in a fair and professional manner and to take action to resolve it in discussion with the student.

Formal complaint procedure: In matters where informal discussions do not yield a satisfactory resolution or in a case where the matter is more serious, the student who wishes to have a complaint addressed by the University should follow the Formal Complaint Procedure as outlined in the **Eagle Student Handbook (www.cn.edu/administration/student-affairs/student-handbook)**.

In the event that a complaint cannot be resolved at the University level, a student may contact the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC). To file a complaint with the SACSCOC, contact the Southern Association of Colleges and Schools Commission on Colleges, 1866 Southern Lane, Decatur, GA 30033-4097, telephone 404-679-4500. To access the Commission's complaint policy, procedures, and the Complaint Form, please contact the Southern Association of Colleges at the above address or access the complaint policy on the web at <http://www.sacscoc.org>.

Associate Degree Programs

Carson-Newman University offers four Associate degrees - one in Liberal Arts, one in General Studies, one in Christian Ministries, one in Photography, and one in Computer Science. All courses completed in the Associate degree can be used toward fulfilling requirements for a bachelor's degree from Carson-Newman.

The purpose of the associate degree curriculum is to provide students with a breadth of knowledge in the liberal arts leading to a two year credential and to earn credits which can also be applied toward a four year degree.

Associate degrees require a minimum of 60 hours. The core curriculum includes study in communication, biblical traditions, mathematics, science, and personal and social awareness. Remaining requirements may include courses in Religion (for Christian Ministries), Computer Science, or elective courses for the Liberal Arts or General Studies emphasis.

Students must earn a minimum GPA 1.7 at the end of 31 hours, and an average minimum 2.0 GPA at the completion of 60 hours in all courses leading to the degree. A minimum of 15 hours must be earned at Carson-Newman, including the last 15 hours in residence.

An application for graduation and a degree plan must be submitted to the University Registrar by October 1 for fall semester graduation, February 1 for spring semester graduation, and April 1 for summer term graduation. Commencement ceremonies are held in May and December. Associate degree students graduating in July may participate in the December commencement ceremony.

Students participating in the Tennessee Reverse Transfer program may only earn one associate degree. If the student is eligible for an associate degree at both Carson-Newman and a Tennessee community college, the student must elect the college in which to receive the degree. Contact the University Registrar for more information.

Bachelor’s Degree Programs

Academic Skills Enhancement Program

Shawn O’Hare, Director

Upon initial enrollment at Carson-Newman, students with low scores on the ACT and/or SAT will be required to take Basic Writing Skills and/or Basic Reading Skills and/or Intermediate Algebra. Classes will be assigned based on individual subject ACT/SAT scores. The writing and reading classes are designed to prepare students for writing compositions (essays) and to enhance student’s study skills. The Intermediate Algebra class is preliminary for any 100 level math class.

Students who are required to take at least two ASE courses will be advised by the Student Success Center until satisfactory completion of the courses. They will not be allowed to take more than 14 hours during the semester they are taking the ASE courses. A grade of at least a “C” is required to pass the ASE courses, and any failed ASE course must be repeated the next semester. In addition, students in this program will be required to take ID 120, Academic Strategies. This two hour course is designed to reinforce study skills, time management skills, etc. Students in the ASE program must satisfy all of the academic requirements of the University (see Academic Standing in the catalog).

Credit for academic skills enhancement courses does not satisfy any requirement for graduation from Carson-Newman University. However, academic skills enhancement credit hours and grades are used in determining athletic eligibility (first year only) and enrollment status for financial aid eligibility when required by the University to be taken.

Art History

Photography

The Department of Art is housed in the 4-story Warren Art Building, which sits in the heart of campus and includes two art galleries, several classroom studios, a number of private student studios, color and black and white chemical darkrooms, a Macintosh computer design lab, classrooms, and faculty offices. The art faculty are active professionals who have published scholarly or creative works, exhibited their artworks extensively, and won awards on the state, regional and national levels.

Art and photography majors participate in monthly juried exhibits of their work in the Student Gallery and have the opportunity for senior thesis exhibitions. Art and photography majors also have opportunities to gain valuable experience through art assistantships for credit or pay through the University Work Study program and through select internships.

Mission

The Department of Art strives to support and accomplish the overall mission and vision of Carson-Newman University, as a dynamic, vital and visible academic department on campus. All of our students are counseled toward a broad education in the liberal arts, to strive to create students who think critically and creatively and are knowledgeable about a wide range of disciplines. We seek to provide the general student the knowledge and ability to understand and appreciate the visual arts as an integral part of life.

We offer the Bachelor of Arts degree with a major in photography or a major in art with an emphasis in graphic design, painting and drawing, or art education. We seek to prepare majors in our department for entry-level professional careers in art, graphic design, photography, or teaching, or for entry into appropriate academic graduate programs at other institutions. We strive to foster the individual artistic goals of each student and facilitate the development and maturity of each student's artmaking and critical thinking skills toward the accomplishment of these individual goals.

The Department of Art also works to make its program a center of focus for the visual arts in the community by hosting a number of art exhibitions which are open to the public each year in our two galleries and by employing faculty who are active professionally in local and regional events and projects related to the visual arts.

The art major or the photography major requires six hours of the same language at the 100 level or higher deemed appropriate by the language placement exam.

For a major in art, a student must complete no less than 45 hours including the art core and an emphasis area within the Department of Art. A maximum of 66 hours in Art may be applied toward the BA.

Teacher Licensure: Students wishing to teach art must also meet the requirements of the teacher education program as approved by the Tennessee Department of Education.

- Students must participate in a portfolio review during the spring semester (usually in March) of the freshman, sophomore, and junior years. Assignments of studios, assistantships, and other departmental privileges are based upon the results of these annual portfolio reviews.
- Lecture courses in the Department of Art earning 3 hours of credit meet for 3 hours per week during the semester, as is the standard for most courses at Carson-Newman University. Studio courses (art-producing courses) earning 3 hours of credit in the Department of Art usually meet for 6 hours per week during the semester to facilitate the accomplishment of some (but not all) course requirements in the classroom with the aid of the instructor.

For a major in photography, a student must complete no less than 45 hours in Art, including the following. A maximum of 66 hours in Art may be applied toward the BA.

Advanced placement: The Department of Art does not accept advanced placement by testing. Consideration for advanced placement is done by portfolio review. The decision will be made by the chair of the department in consultation with the instructor in the area. Advanced placement in art courses is not recommended and is granted only in rare cases.

Prerequisites: Courses within any specific medium must be taken in numerical sequence unless otherwise approved by the chair of the Department of Art. Transfer students whose proficiency in art is not equal to the entry level at Carson-Newman University are required to take remedial study as course audits.

Each student graduating with a major in art or photography is requested to place a representative piece of his/her work in the permanent collection of the Carson-Newman University Department of Art.

The biology program is housed in Dougherty Science Center. Its facilities include the Chapman Research Laboratory, laboratory facilities for environmental studies, zoology, botany, microbiology, immunology, cell biology, anatomy/physiology, genetics, mammalian physiology, gross anatomy, and a greenhouse.

56 Biology

Biology majors are eligible for membership in Beta Beta Beta, the national biology honor society. In addition to traditional courses, the department offers unique opportunities for individual studies through externships, independent projects and teaching assistantships. Following graduation, alumni have entered a variety of vocational fields, including health professions, education, research and industry.

Accounting

Business Administration (not available for business majors)

Finance/Economics

The Department of Business is located in the Ted Russell Hall. The computer lab features Windows operating systems connected to a campus-wide computer network. Majors within the department have opportunities for internships and other projects during the senior year. Alumni include a former president of American Banking Association, hospital administrators, entrepreneurs, nursing facility administrators, CPAs, and several CEOs.

Transfer credit--Generally, courses from two year institutions will not be accepted as equivalents for 300 or 400 level courses in any curriculum in the Department of Business. Any exception must be approved by the department chair.

Advanced Placement Credit—Students may receive credit for Economics 210 (Principles of Microeconomics) and Economics 220 (Principles of Macroeconomics) by achieving a score of 4 or higher on the College Entrance Examination Board's Advanced Placement exams in those subject areas.

The Department of Business accepts the following CLEP exams in accordance with the University's standards for a passing score: Accounting 201 (Principles of Financial Accounting), BAD 301 (Legal and Ethical Environment of Business), Economics 210 (Principles of Microeconomics), Economics 220 (Principles of Macroeconomics), and Marketing 300 (Principles of Marketing).

Students wishing to receive advanced placement credit must provide evidence of their score and pay a fee to the University for each credit hour awarded

Grade Requirements--Students must earn the minimum grade of C in each course in the major and minor.

Teacher licensure--Those interested in teaching business in the secondary schools must also meet requirements of the teacher education program.

The Department of Business encourages students majoring in Business to complete second majors and minors. Students who choose to earn two majors or two emphases within the Department of Business must follow these policies:

- * Students may choose two majors within the Department of Business from Business Administration, Accounting, or Finance/Economics. If choosing two majors, students may not earn an emphasis in the department.
- * If Business Administration is one of the two majors, no classes beyond the common Business Core classes may count toward both majors.
- * If earning two emphases under the Business Administration major, completion of ten (10) upper division courses in the Business Department, beyond the Business Core, is required.
- * The Department cannot guarantee that students will be able to complete both majors due to scheduling constraints. Substitutions may not be approved.

For a BS with a major in **accounting**, a student must meet the liberal arts core requirement (44-45), the business foundations core (12 hours), major area requirement, and electives to complete 120 hours as follows:

Careers

Since many career paths are open to chemists, students should consult with academic advisers to determine which degree is most appropriate for their particular interests and abilities. Some typical careers of our graduates include the health professions (all branches), graduate school, teaching in the public schools (teacher licensure program), and direct entry into the workforce (government or industry).

The chemistry program is located on the third level of Dougherty Science Center. Major equipment holdings include atomic absorption, inductively coupled plasma (ICP), chromatographs (gas and HPLC), diode laser (with optics and oscilloscope), electrochemistry, nuclear magnetic resonance (90 MHz FT), spectrophotometers (UV-VIS, FTIR with library search, fluorescence), and mass spectrometers (GC and HPLC). Labquest™ is used in a number of labs for data collection and analysis (temperature, pH, electrochemistry, UV-Vis spectrophotometry, etc.). Additional major equipment shared with the department of biology for the biochemistry major includes centrifuges (preparative and ultracentrifuges), preparative and analytical chromatographic systems, gel electrophoresis, electroblotting, fluorescence imaging, microscopy and fluorescence microscopy, DNA sequencer, biosensor, autoclaves, data analysis equipment (scanners, digital cameras, computers), cell culture (hoods, incubators, reactors), ultracold freezers, walk-in cold room and freezer.

Some departmental scholarship money is available, particularly to junior and senior chemistry majors. A \$30.00 lab fee is required for all laboratory and externship courses in the department.

The BA degree in chemistry requires at least 34 hours of chemistry and additional requirements as follows:

No more than eight (8) hours of chemistry electives may be counted toward the 120 hour requirement for graduation. Since some of the supporting courses in math and physics also meet liberal arts requirements, the student may have additional elective hours available for other studies.

BS majors must serve as a laboratory assistant for at least one lab for one semester. The student may receive course credit (CHEM 300) or receive pay for this at the current rate established by the University.

The BS degree in biochemistry requires a total of 46 hours, including 4 hours of electives; some additional courses are strongly recommended.

BS majors must serve as a laboratory assistant (CHEM 300) for at least one lab for one semester. The student may receive course credit (CHEM 300) or receive pay for this at the current rate established by the University.

All chemistry majors must complete a minimum of 12 semester hours of 300 and/or 400 level chemistry courses at Carson-Newman University. All chemistry majors must have a minimum GPA of 2.0 in chemistry. A maximum of 6 hours research (CHEM 491-494) may be counted toward a degree in chemistry.

AP credit. To obtain AP credit for CHEM 103 and 104, students must score 4 or 5 on the AP exam and serve at least once as a teaching assistant for the lab portions of both CHEM 103 and 104 (cannot receive pay or credit for CHEM 300).

Teacher licensure. Those interested in teaching chemistry in the secondary schools must meet requirements of the teacher education program.

The Communication program is located on the main floor of Henderson Humanities Building. The department's facilities include an Oral Communication Lab and Forensics suite on the fourth floor of Henderson, and the Digital Café: A Center for Digital Storytelling, a Mac-based media convergence laboratory and the production studio, both located on the fourth floor of the Stephens-Burnett Library. Majors have several opportunities for practical experience within the department. Communication Studies students program and produce for a variety of video, film, and online productions; participate in a practicum through on-campus work in journalism, public relations, production, or sports information; produce campaigns for non-profit organizations; compete in film festival; and participate in tournaments with the forensics team. Theatre students present three major productions a year in Gentry Auditorium and several smaller productions in Phoenix Theatre each semester.

Communication Studies and Theatre majors, as well as non-majors, are eligible for membership in Alpha Psi Omega, the national honorary drama fraternity; the Society for Collegiate Journalists; and Pi Kappa Delta, a national honorary society for speech and debate.

The Communication Studies and Theatre majors require six hours of the same language at the 100 level or higher. For students with a high school background in a language, the 101 level is considered remedial and does not fulfill the required six hours.

Communication majors, including students with an emphasis, also are required to develop a digital portfolio showcasing their communication skills and talents, as well as their progression through the program. Various courses will allow a student to develop the skills and content needed for an online portfolio, which ultimately will be a demonstration of the student's competency, creativity, and unique potential to possible employers, graduate programs, and others. The successful creation of the portfolio is indicative of the acquisition of important communication competencies.

Prior to enrolling in COMM 457, Communication majors will submit their portfolios for evaluation by the departmental faculty. In order to enroll in COMM 322, students' portfolios must "pass without reservations" or "pass with reservations." Students whose portfolios do not pass must resubmit their portfolios to the Communication faculty the next semester. Students are not permitted to enroll in COMM 457 until their portfolios are passed by the departmental committee.

Students who are interested in COMM 305 or a Communication internship must receive "pass without reservations" on their digital portfolios prior to enrolling in those courses.

For a major in Communication Studies, a student must complete the Liberal Arts core, the Communication Studies core, coursework in two areas of professional competency, Communication electives, and general electives.

Computer Science

The Computer Science program is located on the first level of Dougherty Science Center with classes primarily taught in the Dougherty Science Center and in Ted Russell Hall.

Objectives

The Computer Science program develops skills in the theory and application of computer technology. The program consists of two tracks: applied/management and traditional/theoretical. The applied/management track is intended for students interested in pursuing careers or further study in the application of computer technology in business as well as the management of large computer based projects. The traditional/theoretical track is intended for students interested in careers and further study in programming and in the theoretical underpinning of computer technology.

Students who score a 3 or higher on the Advanced Placement (AP) computer science test can receive 3 semester hours credit in Computer Programming I (CSC 107).

For a major in Computer Science with an emphasis in Applied/Management, a student must complete 51 hours in the program courses listed below. To reach this goal the student must complete all of the courses in the Computer Science Core, all of the courses in the Applied/Management Emphasis, and one additional computer science elective.

Education

The Teacher Education Program of Carson-Newman University is being constantly refined to meet the State of Tennessee's new licensure requirements for teachers. As a result, there may be changes in the course offerings and in the program requirements for students preparing to become teachers. Interested students should stay in contact with the Department of Education, via the University website and e-mail, to be aware of any changes that may affect them.

Accreditation

Carson-Newman is accredited by the National Council for Accreditation of Teacher Education (NCATE), and its teacher licensure programs are approved by the Tennessee State Board of Education. Satisfactory completion of the Teacher Education Program with an approved subject area fulfills Tennessee licensure requirements and those of most other states. Any student desiring licensure in other states should check the licensure requirements of those particular states.

Facilities

The Department of Education is located on the first level of Stokely Memorial. Its facilities include the Cole-Little Curriculum Laboratory, containing elementary and secondary textbooks required by the Tennessee Department of Education as well as the Lynn Alexander Children's Literature Collection, and the Morgan Computer Laboratory. Nine of the classrooms in Stokely are also equipped with interactive white boards, and the wireless network is available throughout the department for student use. Majors in teacher education programs complete a semester of student teaching during the senior year, in addition to practica during their college career. Students may join the Student National Education Association and Best Buddies. Students are required to join a professional organization that provides liability insurance when they are enrolled in a course that requires a practicum experience. Specific details concerning teacher education programs can be found on The Department of Teacher Education web site at www.cn.edu. Students with appropriate grade point averages are eligible for affiliate membership in Kappa Delta Pi.

Teacher Education Council

The Teacher Education Council is an advisory group made up of sub-groups of students, faculty, and community representatives from P-12 schools and the private sector. These groups provide leadership in developing and evaluating curricula, programs, and policies for the education unit.

Graduate Studies

In keeping with the tradition of excellence in education, Carson-Newman offers multiple graduate degrees in education (MEd, MAT, EdS, and EdD). The Master of Education degree offers a major in educational leadership or curriculum and instruction with emphases in athletic coaching, special education, reading specialist, and teaching English as a second language. The Master of Arts in Teaching degree offers majors in curriculum and instruction and English as a Second Language (ESL). The Educational Specialist and doctoral degrees offer majors in administrative leadership and curriculum and instruction.

Transfer students

Transfer students in liberal studies with elementary education may not substitute coursework from two-year institutions for 400 level courses. Transfer students should contact the Teacher Education Admissions and Services Advisor, Stokely Memorial, at 865-471-3444 to ensure completion of appropriate requirements.

Licensure Areas and Requirements

K-12 areas: Visual Arts, Music: Instrumental, Music: Vocal/General, Physical Education, and Special Education: Comprehensive.

Early Childhood Education: Preschool through Grade 3

Liberal Studies with Elementary Education (K-5): See Liberal Studies major.

Liberal Studies with Middle Grades Education (6-8): See Liberal Studies major.

Special Education Interventionist (K-8)

Secondary Education (6-12): Business Education, Biology, Chemistry, English, Foreign Language: Spanish, Mathematics, Physics, Social Studies: Government, Social Studies: History, Social Studies: Psychology (9-12), Special Education: Interventionist (6-12), Theatre, and Family and Consumer Sciences Education (6-12).

General Requirements and Recommendations for Licensure

Students will be recommended for licensure in their chosen fields to the Tennessee State Department of Education after being admitted to the Teacher Education Program, completing required courses, passing required Praxis II exams, and completing a semester of student teaching. All students are required to complete practicum and student teaching experiences. Before any practicum experiences will be assigned, students will be required to clear a background record check and provide proof of liability insurance.

76 Education

Admission to Teacher Education Program, Student Teaching, and Graduation and Licensure

Requirements for admission to the Teacher Education Program, student teaching, and graduation and licensure are published in the current edition of the Teacher Education Handbook. The handbook is maintained by and available in the Education Department. Because the Tennessee Department of Education changes requirements, it is the student's responsibility to regularly check the Teacher Education Handbook for admission requirements.

Appeals Procedures

Students who wish to appeal admission requirements, either to the Teacher Education Program or to the student teaching semester, must follow the procedures outlined in The Department of Teacher Education Handbook.

Curricula for Liberal Studies Majors

For a BA with a major in liberal studies (without licensure), a student must complete the Liberal Arts Core Requirement (48 hours). A student must receive 6 hours in the same language at either the 100 or 200 level based on the results of the placement exam. Curricula for Human Exceptionalities Majors

The Human Exceptionalities major offers a program to students interested in working with persons with disabilities but not as licensed teachers. Graduates in Human Exceptionalities work in settings such as adult service agencies, vocational rehabilitation agencies and hospital treatment/institutional settings. Students seeking admission to pre-professional graduate programs in speech-language pathology or occupational therapy will find that the Human Exceptionalities major prepares them to competitively apply by following a prescribed program of electives. Pre-occupational therapy students will also be required to abide by the Health Professions Advising Committee (HPAC) policies.

For a BS with a major in Human Exceptionalities, students must complete the following curriculum:

Teacher Licensure: Students planning to teach English in the secondary schools must complete requirements specified by the Department of Teacher Education.

NOTE: Students with low ACT scores in English will be required to complete a course in basic writing skills (ASE 031) prior to enrolling in ENG 101.

The Liberal Arts Core requirement can be met by: (1) completing ENG 101 and 201 or (2) taking the CEEB exam: a score of 4 or 5 on the CEEB entitles a student to credit for ENG 101 or (3) taking the CLEP exam: must pass both the essay and the objective sections of the Subject exams entitled Freshman English to receive credit for ENG 101. The Department of English will evaluate the CLEP exams for appropriate credit.

English Language Institute (ELI) Program

The English Language Institute at Carson-Newman University offers an intensive English as a Second Language program for international students wishing to improve their academic English language skills to the level needed to enter colleges and universities in the United States. Students enrolled in the English Language Institute have 25 contact hours per week (Levels I, II, and III) of formal instruction in the four skill areas: reading, writing, speaking, listening, as well as grammar and computer instruction.

Three criteria will be used in combination to determine whether a student may pass from the intensive English program at Carson-Newman's English Language Institute to a regular undergraduate program. First, student must score at Level C1 or above as administered by two online exams through the ELI on the Common European Framework of Reference for Languages (CEFR). Second, students must receive approval of their writing sample from the Carson-Newman Department of English. Third, students must successfully complete six (6) semester hours at Carson-Newman with a grade of C or better. Upon the successful completion of these three criteria, students will be matriculated into the regular undergraduate program at CNU.

Student may receive 12 hours in ESL (English as a Second Language) to be used as foreign language credit. Students do not receive undergraduate course credit for ELI courses.

Students are allowed to be simultaneously enrolled in Carson-Newman classes while attending the English Language Institute. Level I students are allowed to take 1 credit hour and Levels II and III are allowed to take up to 4 credit hours at Carson-Newman at no extra charge.

Level IV students may take up to 6 undergraduate hours in the University, concurrent with enrollment in the ELI, providing that total credit hours do not exceed 17. A Level IV student will pay the University, at the hourly rate, for each undergraduate semester hour in which the student is enrolled. The classes taken must be recommended by the ELI director, and they must not conflict with the ELI class schedule. Credit hours and grades are used in determining athletic eligibility when required to be taken by the University.

English Mini-Terms

The English Language Institute may offer a month-long intensive English program for international students at various times throughout the year. Each program will be designed for a specific group of students.

English for Specific Purposes Programs

Special English programs that include internships and observations in local medical institutions, business settings, and educational settings are scheduled as requested by international partner institutions. Contact the Center for Global Education for additional information.

Exercise Science

Greg Stanley, Jean Love

Major

Exercise Science with a Medical Emphasis

Exercise Science with a Coaching and Fitness Emphasis

Exercise Science is the study of physiological and functional adaptations to regular physical activity concerning untrained, athletic and special populations. Students may choose from two emphases within the major: a Medical Emphasis and a Coaching and Fitness Emphasis.

The medical emphasis is designed for future physical therapists, occupational therapists, chiropractors, osteopaths, orthopedists, and other professionals who want to attend professional school in the exercise science field. A foundation for the prevention and rehabilitation of injuries and issues are built. Additionally, students explore human movement and gain an in-depth understanding of the human body.

Exercise Science with a Coaching and Fitness Emphasis is designed for those who want to coach, train, and prepare individuals to improve their overall health and wellness. Graduates have become coaches, personal trainers, group fitness and wellness instructors. Students understand not only the human body, but also how to prepare it for maximum performance considering varied ability levels.

Students must be certified in First Aid and CPR by either the American Red Cross or American Heart Association at some time during their collegiate career.

For a BS degree in **Exercise Science with a Medical Emphasis**, the student must complete the following requirements:

Accreditation

The Carson-Newman Department of Family and Consumer Sciences (FCS) is accredited by the American Association of Family and Consumer Sciences (AAFCS) Council for Accreditation. The Didactic Program in Dietetics (DPD) is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics (AND).

The family and consumer sciences teacher education programs are approved by the Tennessee State Department of Education and accredited by the National Council for Accreditation of Teacher Education (NCATE).

Emphasis in Dietetics

Located in Blye-Poteat Hall, the Department of Family and Consumer Sciences has expanded, state-of-the-art laboratories and classroom facilities for consumer services; fashion merchandising and design; interior design; foods, nutrition, and dietetics; career and technical education; and child and family studies. In a nearby facility is the Child Development Laboratory (CDL) with a classroom for preschool children, playground, and conference rooms for staff, parents, and student teachers.

All areas of study within the department include a senior internship program for application of college concepts and training. Family and consumer sciences majors, except those in early childhood education, complete a one-semester cooperative learning experience at the cooperative management and housing laboratory, Duncan Hall, located on Russell Street.

Family and consumer sciences majors may join the Carson-Newman student member section of the American Association of Family and Consumer Sciences, the Student Academy of Nutrition and Dietetics, the Carson-Newman Association for the Education of Young Children, the Student Design Association, the Carson-Newman National Kitchen and Bath Association, and may be eligible for membership in Kappa Omicron Nu, the FCS national scholastic honor society.

Teacher Licensure: Students wishing to receive licensure in early childhood education (PreK-3) or family and consumer sciences education (grades 6-12) must be a major and meet the requirements of the Department of Teacher Education. Because the Tennessee Department of Education changes requirements, it is the student's responsibility to regularly check the Teacher Education Handbook for admission requirements.

- * Students must make a grade of “C” or better in the Didactic Program in Dietetics (DPD) required course.
- ** Students must make a grade of “B” or better in the Didactic Program in Dietetics (DPD) required course.

Additional requirements related to Didactic Program in Dietetics (DPD) required courses: Students must earn a grade of “C” or above on all Didactic Program in Dietetics courses and must maintain a cumulative GPA of at least 2.8. A grade of D constitutes failure in foods, nutrition, and dietetics courses. In most cases, the student must repeat the failed course before taking any other required foods, nutrition and dietetics courses.

NOTE: All areas of study in the Department of Family and Consumer Sciences include an internship as part of the program. Senior standing required.

Film and Digital Media

Film and Digital Media at Carson-Newman University is an interdisciplinary major. Courses are taught in the Departments of Communication and English, as well as other disciplines. Film students are able to use the resources of the Digital Café: A Center for Digital Storytelling and Carson-Newman’s Production Studio.

Film and Digital Media majors follow a sequential curriculum which includes classes on aesthetics, production, film and society, and international cinema. By their senior year students choose one area for their advanced, senior project. The program is designed for students with academic or professional interest in film and filmmaking, and it offers students the opportunity to apply for internships through the Los Angeles Film Studies Center and other organizations.

The Film major requires six hours of the same language at the 100 level or higher. For students with a high school background, the 101 level is considered remedial and does not fulfill the requires six hours.

The History and Political Science program is housed in the History and Political Science Building, located behind Stokely Memorial. The department primarily has classroom space on the second floor of the Baker Building, with classrooms elsewhere used as circumstances dictate.

History and political science majors, as well as non-majors, have the opportunity to work in federal and state government through the Washington Semester program and internships in the State Capital. Many history and political science majors earn licensure to teach and a number of majors enter law school. Others enter graduate training and/or such varied occupations as the ministry, government, business and journalism. Students completing 12 hours of history classes are eligible for membership in Phi Alpha Theta, the international history honor society. Students completing 10 hours of political science classes are eligible for membership in Pi Sigma Alpha, the national political science honor society.

For a major in history, a student must complete no less than 30 hours in history. A student must make a grade of “C” or better in major courses.

Teacher licensure—Any student wishing to teach history or political science in the secondary schools must be a major and meet requirements of the Department of Teacher Education. Minimum grade of C is required for each course within the major. A history major must include HIST 133-134 and HIST 201-202.

Advanced Placement—Credit in the appropriate subject will be three hours for a score of 4 and six hours for a score of 5.

Required Grades--All majors must make a minimum grade of C in all required courses in the major. Additionally, all majors must achieve a 2.0 overall average in all courses taken in the department.

Independent Studies—Courses are available for highly motivated students who want to engage in extensive reading about a subject that is not a part of the catalog course offerings.

Independent studies courses are not offered for catalog courses, except under the most unusual circumstances. A catalog course cannot be taken as an independent study in order to improve a grade.

NOTE: Department faculty reserve the right to determine the prerequisite for all the 300 and 400 level courses.

Honors Program

Director Andrew Smith

Honors courses are generally reserved for Honors students. Academically superior students not involved in the Honors Program may take Honors courses if space is available and by the permission of the instructors of the course and the Honors Director. These courses may substitute for required Liberal Arts Core courses as described in the Liberal Arts Core Requirements section of this catalog.

Honors students are required to take 12 hours of team-taught Honors courses chosen from: FILM/HIST 250, HUM 101-102, HUM 302, FA 301, PSC 302, PSY 318, PSY/SOC 250, and REL 452. Other team-taught courses may be offered from time to time. These courses may be taken in any order or combination. Students who participate in a study abroad experience for at least 3 hours credit may waive one of the above courses. In addition, Honors students are required to fulfill liberal arts core requirements in religion as well as Writing and Literary Studies I with Honors sections of those courses.

The World Languages Program is located on the third floor of Henderson Humanities Building. Through the Liberal Arts Core Requirement we enable students to acquire the ability to communicate with, and have a keen awareness of, people of a culture other than their own. Our purpose for the student who elects to pursue advanced study of language(s) is to provide specific knowledge and skills to enhance vocations and opportunities in areas such as business, social work, and Christian service. We also strive to foster a knowledge and appreciation of language as art in the form of literature.

In conjunction with the Division of Education, we strive to recruit and prepare superior language teachers to meet the growing demand.

The national honor society for Spanish students is Sigma Delta Pi.

Students wishing to enroll in foreign language courses at other institutions must secure advanced written permission of the department chair of foreign language at Carson-Newman University. Permission is not generally given for more than one course per semester nor for courses offered by non-consortium institutions.

The Department offers two majors in Spanish (the professional and the corollary major). A major and minor in Biblical Languages are offered through the Department of Religion. The professional major is intended for students who plan to study language and literature at the graduate level or teach the language. Literature and culture are stressed, as well as skills development. The corollary major is communication skills oriented to complement majors in English, Business, Human Services, Religion, Pre-Med, etc. and is offered only as a second major. Requirements for both are listed in this section.

The Department also offers certificates in Spanish and French. A certificate in a language will consist of two courses above the 202 level (which must be 301 and 302 at Carson-Newman or courses in an approved study abroad program) with a minimum of a B average and a standardized test of oral and written proficiency. Upon completion, certificate students will receive a certificate which acknowledges their completion and their level of proficiency in the language certified by the department, but who lack the time to complete a full minor or major in the language. This may be very useful for heritage speakers and children of missionaries.

Students can generally expect to get 6 semester hours of credit for a summer study abroad program and 12-15 semester hours of credit for a semester-long study abroad program. Depending on the courses taken, these will fulfill 300 and 400 level requirements for the major, minor, or certificate.

*Capstone will be taken in conjunction with student’s final 400 level class in their last semester of coursework.

*Students seeking certification to teach Spanish must enroll in a study abroad or certified immersion experience preapproved by the chair of the department.

*A student who begins at the 300 level will have six additional hours of electives.

Biblical Languages: The major in biblical languages is skill oriented and consists of at least 15 hours in one biblical language (either Koine Greek or Biblical Hebrew) and a minimum of 12 hours in the other. The major is designed as preparation for graduate study in biblical studies.

Minors

Minors consist of a minimum of 18 credit hours. Courses in the minor may not count toward a major, another minor, or the core unless such courses are designated as required. Courses so designated and counted in more than one area are limited to 6 hours. Minors available and their requirements are:

A minor in German or Spanish consists of 18 hours, including GER 301 and GER 302; or SPAN 301 and SPAN 310; and excluding GER or SPAN 400 in all languages. Courses below 201 do not count toward the minor..

A certificate in Spanish or French consists of 12 hours, including SPAN 201, 202, 301, and 310 (or equivalent in study abroad credit) or FREN 201, 202, and 6 additional hours at upper division level in an approved study abroad program. Added to the coursework requirement is a requirement to complete a standardized assessment of oral and written proficiency.

104 Languages - Linguistics

The liberal arts core requirement in language can be met in the following ways:

1. Complete a 6 hour sequence in any language at the 100 or 200 level as determined by degree department. Students with prior study of a language are required to take our placement test. A recommendation of entry level will be made taking into account performance on the test and the number of years of study of the language. If the student follows a recommendation of placement in a 300-level or higher course he may, upon completion of the course with a "C" or better, petition the department for up to 9 hours credit for the exempted courses.
2. International students whose native language is not English can satisfy their requirement in the following ways:
 - a. score at least 600 on the TOEFL (paper-based test) or 250 (computer-based test).
 - b. complete one 3-hour course in English language or American literature after completion of ENG 101-201.
 - c. complete 6 hours of literature in native language if applicable.
 - d. comply with the requirement for American students by satisfying either part 1 (201-202 sequence) or part 4 (CLEP) in a language other than English or the student's native language.
 - e. receive 12 foreign language credit hours by completing Level II of ELI, receiving recommendation from ELI, and successfully completing six semester hours Carson-Newman credit.

Advanced courses (300 level and above) are offered frequently and consistently.

Teacher Licensure: Those interested in teaching a foreign language in the secondary schools must meet certain requirements as specified by the Department of Teacher Education.

Linguistics

Linguistics, the study of human language, is an interdisciplinary major, corollary major and minor at Carson-Newman University. Due to the interdisciplinary nature of the field, linguistics students are afforded a great deal of flexibility in designing their program of study. While all linguistics students are required to take courses in the various branches of linguistic analysis, students enjoy the option of combining this with coursework in Communication, Education, English, Foreign Languages, Philosophy, Psychology, and Sociology. The program in Linguistics is designed for students with academic or professional interest in Linguistics and offers students the unique opportunity to pursue this field of study in both a liberal arts tradition and a Christian context.

The Mathematics Program is located on the first level of Dougherty Science Center. Its facilities include a computer center.

Mathematics majors who meet the requirements for membership will be invited to join Kappa Mu Epsilon, the national mathematics honor society. To be qualified for membership, a person must be a regularly enrolled student with at least the standing of a second semester sophomore of Carson-Newman University; must rank in the upper 35% of his/her class; and must complete with an overall average in mathematics of 3.00 at least three college mathematics courses including at least one semester of calculus.

Objectives

The Department seeks to develop skills in the application of mathematics to those disciplines which it enhances, and to provide a solid foundation in the principles of the discipline.

Certain upper division courses are appropriate for specific future vocational choices; a list of these will be given to each student by his/her advisor. Math courses below Math 151 do not count as hours toward the major requirement.

Minors

Minors consist of a minimum of 18 credit hours. Courses in the minor may not count toward a major, another minor, or the core unless such courses are designated as required. Courses so designated and counted in more than one area are limited to 6 hours. Minors available and their requirements are:

Requirements for the minor (18 hours)

MATH 151	Calculus I	3
MATH 152	Calculus II	3
MATH 207	Discrete Mathematics	3
MATH 201	Statistical Concepts and Methods	3
	or MATH 406 Mathematical Statistics	
	Two additional 300/400 level MATH courses	6

Language Requirement - Six hours in a single language at either the 100- or 200-level, or equivalent AP or CLEP credit.

Teacher Licensure - Students planning to teach mathematics in the secondary schools must complete requirements specified by the Department of Teacher Education and complete a major in mathematics.

The department policy regarding academic credit for Advanced Placement (AP) courses is as follows:

1. Statistics—Three hours credit in elementary statistics (MATH 201) will be awarded for a score of 4 or higher on the AP test. Scores below 4 receive no academic credit.
2. Calculus—A score of 4 or 5 on the Calculus AB test or on the AB sub-score of Calculus BC test, will give a student 3 hours credit for MATH 151. A score of 4 or 5 on the Calculus BC test will give a student 6 hours credit for MATH 151 and 152.
3. Computer Science—Three hours credit in CSC 107 will be awarded for scores of 3 or higher.

Local tests—A student wishing to receive academic credit in a course listed in the catalog may arrange with the department chair to take an exam. A score of 80% or higher is required for credit, and grading will be S/F. An examination for credit for a particular course can be taken no more than one time.

Military Leadership

108 Military Science

The Military Science program, located at 706 Ken Sparks Way, Baker Building Room 105, offers courses to develop leadership and management skills for both military and civilian careers. The Army Reserve Officers Training Corps (ROTC) program provides qualified students opportunities to serve their country full or part time as officers in the U.S. Army. Students enrolled in ROTC who meet specified qualifications can earn a commission as a Second Lieutenant in the U.S. Army, Army National Guard or the U.S. Army Reserve.

ROTC students may participate in the Color Guard, Ranger Challenge Club, Officers Christian Fellowship, annual Military Ball and many social functions sponsored by Cadets and Cadre. Each year the Ranger Challenge Club attends a regional, multi-state intercollegiate competition of physical stamina, leadership ability and teamwork.

Military Science courses are open to all students; however, to enroll in advanced ROTC courses which lead to a commission as a Second Lieutenant, a student must meet U.S. Army administrative, physical, medical and mental standards and be accepted by the Professor of Military Science.

Military Leadership Minor

Enhanced leadership development focused in an organizational setting. Students complete the 21 hour sequence to include MILS 100, 101-102, 201-202, 301-302, 401-402. The student **is not** required to be contracted in the ROTC program nor to attend the ROTC Leader Development and Assessment Course (ROTC Cadet Advance Camp) during the summer when enrolled in MILS 101-102, 201-202. The student **is** required to be contracted in the ROTC program and attend ROTC Cadet Advance Camp during the summer between their junior and senior years when enrolled in MILS 301-302, 401-402. **Contact** the Department of Military Science. ROTC Cadet Advance Camp is a 30 day training event which both assesses where Cadets are in their overall leadership development and is Army training providing additional development to further enhance their leadership capabilities.

Military Science Curriculum

Military Science courses are designed to fulfill the educational and training requirements for commissioning as a Second Lieutenant in the U.S. Army.

The curriculum consists of a Basic Course (first two years) and an Advanced Course (final two years). In addition to the specified military science courses, the Army requires successful completion of a college degree and one course in military history.

Basic Course

Freshman Year

- MILS 100, Military History of the US (may be taken during other years)
- MILS 101, Introduction to the Army and Critical Thinking
- MILS 102, Introduction to the Profession of Arms

Sophomore Year

- MILS 201, Leadership and Decision Making
- MILS 202, Army Doctrine and Team Development

Advanced Course

Junior Year

- MILS 301, Training Management and the Warfighting Functions
- MILS 302, Applied Leadership in Small Unit Operations

Summer

- MILS 303, ROTC Cadet Advance Camp

Senior Year

- MILS 401, The Army Officer
- MILS 402, Company Grade Leadership

A two year program, available when a student has only two academic years remaining at Carson-Newman, consists of the last two years of ROTC (Advanced Course) and an authorized substitute for the Basic Course. Authorized substitutes are:

1. MILS 300, ROTC Cadet Basic Camp, taken during the summer between the sophomore and junior years. This is a 30 day training program at Fort Knox, KY, which supplements the freshmen and sophomore courses in order to transition a student with no previous experience into the ROTC Advance Course.
2. At least three years of high school Junior ROTC and approval of the Professor of Military Science.
3. Successful completion of a basic training program in the U.S. Army, Navy, Air Force or Marine Corps.

Military Service Obligation

A student incurs NO military obligation by taking any of the classes in the ROTC Basic Course. A student who accepts a scholarship or signs a contract to participate in the Advanced Course during the junior and senior years is obligated to serve either full time on active duty in the U.S. Army or part time in the Army Reserves or Army National Guard for a specific period after graduation. See the Department of Military Science faculty for an explanation of the various options.

Pay, Uniforms and Equipment

Each ROTC student is furnished uniforms and textbooks at no charge. The advanced ROTC student signs a contract with the U.S. Government agreeing to complete the Advanced Course and accept a Regular Army, U.S. Army Reserve, or National Guard commission as a Second Lieutenant upon graduation. While enrolled in the Advanced Course (two years), the student receives \$420 per month tax free and approximately \$700 plus travel expenses, housing and meals to attend Summer Camp between the junior and senior years.

Scholarship Program

High school seniors may apply for the four-year Army ROTC scholarship. There are two types of 4-year scholarships available, either general or dedicated nurse scholarships. Carson-Newman University is one of only a small number of Partnership in Nurse Education Schools which offers dedicated nurse scholarships. High school seniors can fill out the scholarship application online at www.armyrotc.com. Typically, scholarship applications for high school seniors should be completed prior to October 1 of their senior year in order to be eligible for all scholarship selection boards. High school seniors are normally selected in early February and early application is strongly encouraged. Carson-Newman University freshmen, sophomores, and juniors can apply for the three and two-year Army ROTC scholarships and should contact the Department of Military Science for applications. Scholarships are based on merit and overall performance in academics, athletics, and leadership. Scholarships pay tuition, up to \$600 per semester for books, and up to \$500 per month tax-free spending allowance. Carson-Newman University awards ROTC Scholarship Cadets up to a \$8,000 award, less other aid, to assist with the cost of an on-campus room and meal plan. To qualify for this award, students must live on-campus and file the Free Application for Federal Student Aid (FAFSA). The university reserves the right to reduce the ROTC Room and Board Award by the amount of any additional aid the student receives.

Accreditation

Carson-Newman University is an institutional member of the National Association of Schools of Music.

The Department of Music is housed in the Mabel Lewallen Tarr Music Building, one of the finest buildings on the Carson-Newman campus. The building features a recital hall, private rehearsal studios, music library, and an electronic music lab. There are several music ensembles, both vocal and instrumental, that give concerts and tour the area during the school year. The Department of Music also presents a Lyric Theater production in the fall and spring. Applied music lessons and ensembles are open to music majors and non-music majors.

Music majors are eligible for membership in Delta Omicron, Music Teachers National Association, National Association for Music Education, and Pi Kappa Lambda.

Teacher Licensure: Any student wishing to teach Music (K-12) must be a music education major and meet the requirements of the Department of Teacher Education.

Advanced Placement: Credit for MUS 111 will be given for a score of 4 on the AP exam in music. Credit for both MUS 111 and 112 will be given for a score of 5. No CLEP credit is awarded in music.

Mission

The mission of the Department of Music is to nurture and challenge students in a Christian environment helping them to reach their potential as educated musicians to serve and lead in church, schools, and community. Our department serves the Carson-Newman University mission by (1) providing professional degree programs in music, (2) providing a liberal arts degree program in music, and (3) providing general music education (courses, ensembles, and applied lessons) and performance opportunities for the university community at large in order to develop musical skills and knowledge of music for the enrichment of life.

Music Program Curricula

The program curricula of the Department of Music provide a musically rich context to support the education and development of music majors to attain either the professional Bachelor of Music degree or the liberal arts Bachelor of Arts - Music degree.

1. Music majors seeking the Bachelor of Music degree study to become professional musicians by developing musical performance skills and cultivating an advancing knowledge and appreciation of music. This academic and musical foundation equips graduates to lead as school music teachers or church musicians and/or to pursue graduate studies in music.

2. Music majors seeking the Bachelor of Arts degree study in order to obtain a diverse liberal arts education and to develop musical skills that foster their intellectual growth in the knowledge and appreciation of music.

 The outside field must fulfill a minor, if offered, or have department of music approval.

For a **Minor in Music**, a student must complete the following:

- Music 111, 112, 135, 136
- Applied Music - 4 hours
- Music electives - 6 hours

A number of factors are considered in the decision to accept a student as a music major. Among the requirements that the faculty takes under advisement are the student’s ability to relate musical sound to notation and terminology both quickly and accurately enough to undertake basic musicianship, and the level of achievement in music performance demonstrated by audition for the appropriate faculty committee. Those who do not exhibit appropriate skills and knowledge in either area may be deferred for acceptance for one semester while they attempt to develop the necessary abilities. Decisions regarding these students will be made by the respective applied jury and the theory faculty at the end of the student’s first semester of study.

All music majors are advised by music faculty members. Sophomores and transfers are required to participate in a Sophomore/Transfer Review which assesses their possibilities of success as a music major. Different majors within music require different talents. The initial audition for acceptance and the above noted evaluation is intended to direct students into majors that match their abilities and desires.

Applied music instruction is available in piano, organ, voice, wind, percussion, and string instruments in either private lessons or for some instruments in group classes. Non-music majors may only enroll for one credit hour per semester and must receive private instructor’s approval prior to enrolling. Group classes (for non-music majors or secondary applied music majors) carry one hour of credit. Applied music finals are given by a faculty jury. All Bachelor of Music students must pass all portions of the piano proficiency examination before they are allowed to schedule a senior recital and for music education students before the Music Faculty will support their request for student teaching. Bachelor of Arts students are not required to pass piano proficiency. All Bachelor of Music candidates must audition for upper division status after four semesters of study in their major applied area. Keyboard majors are required to take MUS 205, Class Piano V. Academic credit is awarded for applied music lessons as follows:

- 1 credit hour = 1/2 hour of instruction per week; 6 hours of required practice time per week
- 2 credit hours = 1 hour of instruction per week; 12 hours of required practice time per week
- 3 credit hours = 1 hour of instruction per week; 18 hours of required practice time per week

Students may take no more than 4 applied hours per semester and no more than 1 applied hour in a secondary area per semester, unless approved by the department chair. Students also meet collectively with the applied instructor on a regular basis (either weekly or bi-weekly) for repertoire classes.

Recitals may be given by all music majors. Students must have completed 1 semester of upper division applied study before giving a junior or senior recital. Performance majors are required to present a junior recital (presented jointly) and a full senior recital. Church Music, Music Education, and Music with an Outside Field majors are required to present a senior recital (presented jointly). Lecture recitals are an option to

120 Music - Nursing

all except performance majors. A hearing will be held by a faculty committee at least two weeks prior to all junior and senior recitals. Recital candidates must pass the hearing before they are allowed to perform a junior or senior recital.

Music majors are required to attend 18 concerts or recitals presented by the Department of Music each semester. Non-music majors enrolled in applied music courses must attend a minimum of 5 recitals throughout the semester.

Performer's certificates are awarded in recognition of excellence of musicianship and technical proficiency. Students must be nominated by the faculty committee at their senior recital hearing. A ballot of the faculty will be taken following the performance.

Ensembles: Music majors are required to participate in at least one 1-credit hour ensemble each semester. Normally voice majors are required to sing in a vocal ensemble each semester, and instrumental majors (brass, woodwinds, and percussion) are required to play in marching and concert band. Semester grades in ensembles are based on attendance and participation. For music majors only, ensemble hours above four may count as upper division credits for juniors and seniors.

Major

Nursing - The Carson-Newman University Department of Nursing offers studies toward a Bachelor of Science in Nursing degree. The traditional program consists of 8 semesters over four years with nursing courses beginning in January. The accelerated program can be completed in 8 continuous semesters with nursing courses beginning in August. The RN-BSN program is an online nursing program that requires completion of a LA (liberal arts) core and 33 hours of nursing coursework.

Accreditation

The baccalaureate degree program in nursing at Carson-Newman University is accredited by the Commission on Collegiate Nursing Education (www.ccnaccreditation.org). The Baccalaureate Program is approved by the Tennessee Board of Nursing, holds membership in the Commission on Collegiate Nursing Education (CCNE) and the American Association of Colleges of Nursing, and is an Army ROTC Partnership in Nursing Education (PNE) school.

The Department of Nursing has classrooms, a clinical skills lab, a simulation lab, and a health assessment lab in the Hannah Hylton Pedersen Nursing Building, located on Davis Street, and administrative offices, faculty offices, computer lab, clinical skills lab and student lounge in Heritage Hall immediately behind the Pedersen Building. Nursing majors have clinical study and practice at a variety of institutions and health care facilities in both rural and urban settings.

Carson-Newman University Department of Nursing offers a rigorous baccalaureate nursing curriculum that includes academic and clinical performance requirements. To be awarded a Bachelor of Science in Nursing degree, the student must successfully complete both elements of the program. Students who receive a nursing degree from Carson-Newman University will have been exposed to the skills and knowledge necessary to attain licensure and to perform the clinical tasks normally expected of registered nurses.

All nursing majors are eligible for membership in the National Student Nurses' Association. Membership in the Rho Mu-at-large chapter of Sigma Theta Tau, International, is available by invitation based on GPA and class standing.

Nursing Major

All students who declare nursing as a major are assigned a departmental advisor who will closely follow the student's academic progress. Those students who wish to transfer into nursing from another major must first file a change of major form and be assigned an advisor for nursing. Transfer students from other institutions must have their previous work evaluated before being admitted to the university and declaring a nursing major. Granting credit for coursework completed at other institutions is determined by the university registrar and department chair.

Goal

The overall goal of the Bachelor of Science in Nursing program is to prepare entry level baccalaureate nurses who have "the skills and knowledge necessary to attain licensure and to perform the clinical tasks normally expected of registered nurses".

Types of Students

1. Qualified **high school seniors admitted as freshmen** to Carson-Newman University may at the time of admission to the University be admitted as pre-nursing majors. Freshman admission to the pre-nursing major guarantees the student, upon successful completion of prerequisites and satisfying all admission criteria, placement in the nursing program in the second semester of the sophomore year. Students will complete an application in the semester prior to their projected start of nursing coursework.
2. Carson-Newman students who begin as freshmen in a different major and then **change majors to pre-nursing**, must complete a change of major form. In the semester prior to starting nursing courses, students must complete the undergraduate nursing application. Upon successful completion of the prerequisites and satisfying all admission criteria, admission to the nursing major guarantees the student placement in the nursing program.
3. **Transfer students** must complete an application for admission to the nursing department. Admission into the nursing department is dependent upon successful completion of prerequisites and satisfying all admission criteria. Transfer students will be considered on a space available basis.
4. **Transfer students with nursing coursework** completed at other institutions must complete an application for admission to the nursing department which will be processed after admission to the University. In addition, the student must attach a letter of good standing from the previous nursing university faculty. To be considered for admission, a student may have no more than one nursing failure as defined by the previous institution. Admission into the nursing department is dependent upon successful completion of prerequisites and satisfying all admission criteria. Transfer students will be considered on a space available basis.
5. **Students with an RN license who wish to begin the RN-BSN Online Program** must complete the RN-BSN online application. For information regarding the RN-BSN program, please see the Adult and Graduate catalog.
6. **Admission information:** If the number of qualified students exceeds the number that can be accommodated in the class, the following criteria will be utilized in selection: cumulative GPA, Carson-Newman credit hours, ROTC enrollment, current military service, prior nursing education or experience, prior degree, nursing prerequisite grades, number of course withdrawals and repeats, grade improvement over time, number of prerequisite courses to complete, and interview as deemed necessary by the admission and progression committee.
7. After graduation from Carson-Newman, registered nurse (RN) licensure is acquired when the NCLEX-RN examination is successfully completed. Any state board of nursing reserves the right to deny licensure to anyone ever convicted of a crime other than a minor traffic violation. Anyone having such a conviction should contact the appropriate state board of nursing for advice prior to enrolling in nursing as a major. Successful completion of the BSN degree does not guarantee successful completion of NCLEX-RN.

Please see the nursing student handbook at www.cn.edu/nursing/ for additional information and policies.

Admission Criteria for the Traditional/Accelerated BSN Program

All students must meet the following admission criteria:

1. Cumulative GPA of 2.75 or higher.
 - a. Science GPA of 2.5 or higher. Science courses include BIOL 207, BIOL 208, BIOL 316, and CHEM 101.
2. Completion of all prerequisite courses with a C or better plus a maximum of one retake per course.
3. Successful completion of a criminal background check.
4. Accelerated program only -- can only have four (4) liberal arts courses left to complete prior to enrolling in nursing courses.

Degree Graduation Requirements

There are three groups of courses that are taken to satisfy nursing degree graduation requirements — prerequisites, liberal arts, and nursing.

1. Prerequisites are completed prior to beginning nursing courses.
 - Anatomy and Physiology I and II (BIOL 207, 208)
 - Microbiology (BIOL 316)
 - General Chemistry (CHEM 101)
 - Human Development Across the Lifespan (CFS 206 or PSY 206)
 - English 101, 201
 - Science of Nutrition (FN 214 CN or 200 level course for transfer students)
 - Statistics (MATH 201 prior to beginning nursing courses for the accelerated program or prior to NURS 315 for the traditional program)
2. Liberal Arts Core requirements contain those courses as specified below. There is no language requirement for the nursing degree.
3. Nursing courses comprise 66 semester hours including NURS 202, 203, 212, 217, 302, 303, 307, 308, 315, 404, 405, 412, 413, 414, and an approved nursing elective. NURS 405 is the Senior Capstone Course required to fulfill liberal arts core requirements.

Majors

Philosophy

The Philosophy program is located on the third floor of Henderson Humanities Building in the Philosophy, Linguistics, and World Languages Suite.

Students who have completed six hours in philosophy and who have a 3.00 GPA are eligible for membership in Phi Sigma Tau, the philosophy national honor society.

Students earning a philosophy major must demonstrate competency in a modern foreign language at the sophomore (201/202) level or achieve equivalent credit through placement tests.

For a major in philosophy, a student must complete no fewer than 28 hours of philosophy courses, including PHIL 410 during the senior year.

The physical education degree program prepares students to enter the physical education field with a K-12 teacher license. Students may teach wellness at the high school level with this certification. Graduates are also prepared for careers in the fields of caching, group fitness, and youth programming.

For the Physical Education K-12 licensure degree only, students must make a grade of “C” or better in courses marked with an asterisk. For those not completing admission to the Teacher Education Program, SPED 313 and EDUC 350, 403, 463, 465, and 467 must be substituted with 15 hours of advisor approved electives. If this option is taken, students will not be licensed to teach.

The Youth Athletics and Recreation Management major is designed for students who want to teach physical activity and recreation to children, but do not want to teach Physical Education in schools. Graduates would be well suited as youth activity directors or other children’s programming positions. Additionally, graduates will be well suited for a variety of careers in entertainment programming.

Students must be certified in First Aid and CPR by either the American Red Cross or the American Heart Association at some time during their collegiate career.

For a **BS in Physical Education**, a student must complete the following curriculum:

Minor

Courses in the minor may not count toward a major, another minor, or the core unless such courses are designated as required. Courses so designated and counted in more than one area are limited to 6 hours.

The Wilderness Recreational Management Minor provides students experience and knowledge so they can manage wilderness recreation settings and guide excursions. Students learn to lead experiences in hiking and backpacking, kayaking, high and low ropes, and rock climbing. Graduates become knowledgeable in managerial skills, leadership styles, and risk management to lead wilderness based groups and organizations.

For a minor in wilderness recreational management (19 hours), students will complete the following courses:

ID 213	Leadership Methods.....	2
PE 012	Hiking/Backpacking	1
PE 052	Beginning Kayaking	1
PE 056	Rock Climbing and High Course Management.....	2
PE 318	Practical Skills for Professionals in Sport and Recreation Management.....	3
PE 407SL	Adapted Physical Education	3
REC 220	Recreation Practicum	1
REC 304SL	Recreation Program Planning and Management.....	3
REC 440	Wilderness Leadership	3

or a minor in recreation (19 hours), students will complete the following courses:

REC 200	Foundations of Recreation	3
REC 220	Recreation Practicum	1
REC 304SL	Recreation Program Planning and Management.....	3
REC 306	Administration of Recreation Programs	3

REC 340	Outdoor Recreation	3
REC 440	Wilderness Leadership	3
REC 461	Critical Issues in Recreation	3

Physical Education Add-on Endorsement

This option is for individuals already possessing a teaching license and wanting to add the physical education endorsement. In order to gain the endorsement, the courses must meet the knowledge and skills of the teaching areas, thereby satisfying the requirement for adding this endorsement to an existing license. An initial license requires that the same knowledge and skill be met plus the equivalent of an undergraduate major. Every endorsement (initial and add-on) requires the pertinent PRAXIS specialty area test(s).

The minimum total hour requirement for the add-on is 29. The following courses are required:

PE 302	Teaching Physical Education and Health in the Elementary School	3
PE 303	Teaching & Assessment in Rhythmic Movement and Educational Gymnastics	3
PE 360SL	Theory and Methods of Individual and Dual Sports.....	3
PE 361SL	Theory and Methods of Team Games and Leisure Activities.....	3
PE 402	Human Motor Learning and Performance	3
PE 403	Teaching Physical Education and Wellness in the Secondary School	3
PE 407SL	Adapted Physical Education	3
BIOL 403	Physiology of Exercise	4
BIOL 407	Kinesiology	4

Additional Field Experience (as deemed appropriate if needed, depending on previous experience and area of initial licensure)

Driver Education Endorsement

The department offers courses through which a student will be qualified to add a driver education instructor endorsement to the teaching certification. The courses are offered during the summer session only.

Physics

The Physics program is located on the first level of Dougherty Science Center. Facilities include the Brown Laboratory of Physics, shop, darkroom, classrooms, and student study room.

The Physics program offers a high-quality, contemporary Physics Major and a Physics Minor. The major provides a solid foundation in the core areas of physics suitable as a preparation for careers in science and engineering or as a springboard for applying technical knowledge in such fields as business, medicine, law, public policy, and education.

The major has a strong fundamental technical core consisting of 27 hours of classes in general physics with lab, intermediate physics, calculus, and general chemistry with lab. Professional Physics requires an additional 15 hours of coursework in physics for a total of 42 hours. Applied Physics requires a student to select courses in a variety of different disciplines to complete the required 15 hours.

Professional Physics is intended primarily to prepare graduates for entry into respected graduate or professional schools. Through classes and laboratories, directed research, and summer internships, graduates of the program will be well-prepared for further study.

Applied Physics involves selected coursework and research chosen from among a variety of applied topics in physics and cognate areas in the sciences, mathematics, and computer science. Applied Physics is intended to prepare students for graduate work in engineering, graduate work in a health-related profession, or for entry-level employment in a variety of technical fields immediately following graduation.

128 Physics

Teacher Licensure is intended for students who plan on teaching physics at the high school level. Students can complete either the applied or professional physics emphasis and must also complete the state licensure requirements as outlined by the Education Department.

Pre-Engineering is intended for students who plan to transfer to an undergraduate engineering program after completing two years of study at Carson-Newman. Students interested in obtaining a four-year degree and then entering into a graduate engineering program should follow the Applied Physics emphasis.

The **Physics Minor** consists of 20 hours of classes and laboratory work taken in physics and mathematics.

The Psychology Department at Carson-Newman University seeks to provide an excellent undergraduate learning experience within a supportive Christian environment. The department is located in the Chambliss Building. In addition to traditional academic courses, the Psychology Department offers several practical opportunities through community field work, internships, independent research projects and teaching assistantships. One distinguishing feature of the Psychology Department is our emphasis on community participation and service. Following graduation, alumni have entered a variety of vocational fields, including mental health, the ministry, education, law, research, business and industry.

Students may choose between two primary majors: Psychology or Social Entrepreneurship. Psychology provides an overview of the field of psychology. Students going into bachelor’s level mental health work or graduate study in applied fields such as counseling, youth work, psychological research, or social services should also choose a minor in psychology. An additional major, Social Entrepreneurship, is available for students wishing to help people by building strong communities through non-profit organizations of public policy advocacy. All majors are expected to participate

130 Psychology

in the co-curricular program of the psychology department by attending announced meetings, guest speaker programs as well as working closely with their faculty advisors in academic and career planning. Often students will choose to major and minor in psychology.

Students in the psychology major are eligible for membership in Psi Chi, the national psychology honor society, and the Psychology Club, which helps plan departmental activities.

Because recommended job and graduate school preparations can vary widely depending on career direction, CAREFULLY PLAN your course of studies by meeting regularly with your faculty advisor.

Teacher Licensure - Students planning to teach psychology must also meet requirements of the teacher education program.

Advanced Placement - Three hours of credit for general psychology will be granted for a score of 4 or 5. Applicants must submit to the chair of the department a written description of the content of their high school psychology course, the most important and interesting topics they covered, and any course activities or projects. The chair will determine whether credit is to be awarded for PSY 101 or 102.

Language - General Psychology majors, Applied Psychology majors, and Social Entrepreneurship majors require six hours of language at the 100 level or higher. The language does not have to be in the same language.

Psychology Major

Designed for students interested in a broadbased, liberal arts education with a comprehensive introduction to the field of psychology. It is also ideal as a second major or for students who wish to both major and minor in psychology. The psychology majors require six hours of language at the 100 level or higher.

The Department of Religion is located on the second floor of Henderson Humanities Building. The Religion major is designed to provide a foundational understanding of each of the major theological disciplines. Religion majors also have the opportunity to earn credit through practical experiences supervised by the faculty. A Religion faculty advisor will help the student plan a curriculum based on vocational goals. Majors are eligible for membership in Theta Alpha Kappa, the national Religion honor society. Opportunities also exist for students to study at Oxford University, to intern with the Baptist Joint Committee for Religious Liberty in Washington, DC, to participate in a travel seminar or an archaeological dig in the lands of the Bible, and to enroll in international mission practicums.

Majors are encouraged and assisted by the Religion faculty to pursue seminary or graduate studies following graduation. The background they receive at Carson-Newman University (including significant study offered in the biblical languages) makes our strongest majors eligible for advanced academic standing and significant graduate scholarships or fellowships.

For a major in Biblical Languages, see the Foreign Language Department section of this catalog. The major in biblical languages is skill oriented and consists of at least 15 hours in one biblical language (either Koine Greek or Biblical Hebrew) and a minimum of 12 hours in the other. The major is designed as preparation for graduate study in biblical studies. The courses are offered through the Foreign Language Department and taught by the Religion Department faculty.

Health Pre-Professions

For students interested in continuing on to graduate school in allied health areas. These areas include Chiropractic Medicine, Dentistry, Medical Technology, Medicine (Allopathic and Osteopathic), Occupational Therapy, Optometry, Pharmacy, Physical Therapy, Physician Assistant, Podiatry, and Veterinary Medicine (this does not include Nursing or Athletic Training). Students are required to abide by the following Health Professions Advising Committee (HPAC) policies. These policies are reviewed annually by the HPAC.

Health Pre-Profession Policies

1. You must identify yourself as a health pre-professional student and be included in our Health Professions database. Contact the administrative assistant (DSC 203), 865-471-3250, or the Director of Health Pre-Professions.
2. You will be assigned a faculty advisor who is a member of the HPAC.
3. You must complete a 1-hour course, ID 208 (Career Planning in Health Professions), before the local HPAC interview. We recommend that ID 208 be taken during your first fall semester at Carson-Newman University.
4. You must accumulate at least 40 hours of experience (which can include shadowing) in your specific career choice before scheduling the local HPAC interview.
5. You must be interviewed by the HPAC before a letter of recommendation will be written in support of your application to professional school.
6. If you are a transfer student, you must pass two lab science courses at Carson-Newman University under two different professors before scheduling your HPAC interview.
7. Once you are admitted to Carson-Newman, you are expected to take the lab science courses required by the professional schools to which you plan to apply at Carson-Newman University.
8. You must use the HPAC composite letter of recommendation for admission to professional school. If exceptions are found, contact the Director of Health Pre-Professions. Carson-Newman faculty are asked NOT to write individual letters of recommendation directly to professional schools to support admission to health professional schools.

Post-Baccalaureate Health Professions Program

The Health Pre-Professional Program at Carson-Newman University offers a bridge program for students who already have earned a bachelor's degree and desire a change of career into one of the health professions. Requirements will center around the health professions career choice and the specific professional schools to which the student selects to apply. Post-Baccalaureate students will need to work closely with their Health Professions advisor. This program is not a graduate program or a degree program and thus does not need to satisfy a major or the Carson-Newman University Liberal Arts Core Requirements. It is anticipated that required courses can be completed in an intense 12 to 24 month period. Students in this program are expected to maximize their exposure to the Carson-Newman University environment. Therefore, Post-Baccalaureate students will be able to take advantage of the strong health pre-professional program already in place at the university. Components of this preparation include academic advising, required curriculum, shadowing in the career, the Committee interview, letter of recommendation, and MCAT prep program. For more information, contact Dr. Stephen Karr, Director of Health Professions, at 865-471-3250. This program is not aid eligible.

Articulation Agreement

University of St. Augustine (FL)

Carson-Newman is a participating institution in the Ambassador Program involving the Doctor of Physical Therapy and both the Master's and the Doctor of Occupational Therapy at the University of St. Augustine (FL). Students who meet all requirements for admission (see listed websites) at St. Augustine and all local requirements at Carson-Newman will gain preferred admission status. Students are expected to work closely with their HPAC Advisor and to identify their desire to participate in the Ambassador Program to the Director of Health Pre-Professions as soon as possible but before the start of their junior year.

ACCT 309. Accounting Information Systems, 3 hours, Fall

Introduction to the use of relational databases and the design of accounting information systems that use such databases with respect to the revenue cycle, expenditure cycle, and payroll cycle. Database design using the REA data model and implementing an REA model in relational databases are covered. Students study computer fraud and systems controls to detect fraud. **Prerequisite: Business Foundation Core.**

ACCT 402. Auditing I, 3 hours, Spring

The auditing profession, types of reports, professional ethics, legal liability, and methods of conducting audits. **Prerequisite: Business Foundation Core.**

146 Accounting - Art Courses

ACCT 406. Advanced Accounting, 3 hours, Fall

Study of accounting procedures for consolidated firms, partnerships and a survey of accounting for not-for-profit organizations. **Prerequisites:** ACCT 301 and 302.

ACCT 414. Federal Taxation I, 3 hours, Fall

Federal tax fundamentals with emphasis on Internal Revenue Service rules and regulations as applicable to individual taxpayer. **Prerequisite:** Business Foundation Core.

ACCT 415. Federal Taxation II, 3 hours, Spring

Federal income tax fundamentals with emphasis on Internal Revenue Service rules and regulations as applicable to corporations, partnerships, estates, and trusts. **Prerequisite:** ACCT 414.

ACCT 465. Accounting Internship, 1-6 hours, Offered periodically

Practical experience as an accountant or accountant trainee. Proposals must be submitted for approval to faculty member supervising the internship. Credit assigned will be at the sole discretion of supervising faculty member. Course may be repeated to a maximum of 6 hours credit. S/F grading. **Prerequisites:** Business Foundation Core, junior standing, instructor's consent.

American Sign Language (ASL)

ASL 201. American Sign Language I, 3 hours, Fall

This course will give the student a basic understanding of American Sign Language and introduction of Deaf culture. The focus will be on development of both expressive and receptive skills.

ASL 202. American Sign Language II, 3 hours, Spring

Continuation of ASL 201. **Prerequisite:** ASL 201.

Art (ART)

ART 100. Art Fundamentals I, 6 studio hours, 3 hours credit, studio fee, Fall

Study and practical applications of the basic fundamentals of visual art, with an emphasis on 2-dimensional design and composition, including the exploration of line, shape, value, texture, color, and space. **\$100 fee.**

ART 103. Art Fundamentals II, 6 studio hours, 3 hours credit, studio fee, Spring

A continuation of the study and applications of the basic fundamentals of visual art started in ART 100, with an emphasis on 3-dimensional design and composition, the appropriate and safe use of artmaking tools and materials, and professional presentation methods. **Prerequisite:** ART 100. **\$100 fee.**

ART 104. Photography I, 6 studio hours, 3 hours credit, studio fee, Fall, Spring

Introduction to the basic concepts, processes, and techniques of traditional analog film photography, including 35mm camera usage, exposure, and black and white film and print development in a traditional chemical darkroom. **The student is responsible for providing his or her own 35 mm film SLR (single lens reflex) camera for this course \$150 fee.**

ART 105. Drawing I, 6 studio hours, 3 hours credit, studio fee, Fall

Problems in drawing and sketching as applied to the realistic and expressive representation of still life, landscape and figure motifs. Emphasis on composition, line and value qualities, rapid figure sketching and use of varied drawing media. **\$120 fee.**

ART 113. Computer Graphics, 3 hours, Fall, Spring

An introduction to computer hardware and software used in graphic design and the visual arts. **\$150 fee.**

ART 121. Orientation for Art and Photography Majors, 2 hours, Fall

Orientation to the policies and procedures of the Art Department, including submitting to and preparing work for the student gallery, annual portfolio review, using equipment and tools within the department, safety and appropriate use of hazardous materials, and overall professionalism. This course is required and should be taken during the fall of either the freshman or transfer year.

ART 204. Photography II, 6 studio hours, 3 hours credit, studio fee, Spring

Continuation of 35 mm black and white analog film and print development techniques started in Art 104, in a traditional chemical darkroom, with emphasis on categorical photography and special techniques. **Prerequisite:** ART 104. **\$150 fee.**

ART 205. Drawing II, 6 studio hours, 3 hours credit, studio fee, Spring

Problems aimed at developing skill and expressiveness in drawing the basic form, construction and action of the human figure from live models. **Prerequisite:** ART 105. **\$120 fee.**

ART 210. Art Appreciation, 3 hours, Fall, Spring, Summer

An introduction to visual art covering the following topics: the meanings, purposes, and styles of art; the art elements and principles of design; key achievements in art history; and the various media used to create works of art.

ART 224. Digital Photography, 6 studio hours, 3 hours credit, studio fee, Fall

Investigation and practical application of digital capture, storage, digital manipulation, and output of digital photography. **Prerequisite:** ART 104. *\$150 fee.*

ART 229. Printmaking, 6 studio hours, 3 hours credit, studio fee, Offered periodically

This course will explore a variety of processes in printmaking from traditional relief and intaglio printing to basic screen printing, experimental monotype approaches, and an introduction to historical typography using the letterpress. *\$150 fee.*

ART 233. Graphic Design I, 6 studio hours, 3 hours credit, Spring

Basic design principles are applied to projects exploring resources, conceptual principles, and procedures underlying the practice of graphic design, in particular, the process of problem solving. An emphasis is placed on typography as a medium and message of design. **Prerequisite:** ART 113. *\$150 fee.*

ART 234. History of Photography, 3 hours credit, Fall odd years

Study of the historical development of photography and noteworthy photographers.

ART 243. Graphic Design II, 6 studio hours, 3 hours credit, Fall

The development of layout concepts emphasizing the integration of typography and visual imagery. Students develop more sophisticated abilities through problem-solving activities geared to increasing graphic design awareness and skills, as well as a general understanding of production through computer enhanced design and the designer-client roles and responsibilities. **Prerequisite:** ART 233. *\$150 fee.*

ART 264. Studio Photography, 6 studio hours, 3 hours credit, studio fee, Spring

Introduction to digital studio photography, including the fundamentals of studio lighting. Emphasis is placed on gaining technical skills, mastering necessary techniques and using studio lighting to obtain the desired aesthetic effect. **Prerequisite:** ART 224. *\$150 fee.*

ART 284. Fine Art Photography, 6 studio hours, 3 hours credit, studio fee, Spring

Investigation and development of individualized photographic image-making for the fine art arena, with emphasis on professional quality work. **Prerequisite:** ART 204. *\$50 fee.*

ART 300. Teaching Assistantship, 1-3 hours, Fall, Spring

An opportunity for the student to gain teaching-related, Art Department-related, and/or professional art-related experience while working for college credit. Each student is assigned to help one or more of the professors in the Art Department. For each credit hour earned, the student will work two clock hours per week during the semester. Credit variable 1-3 hours. Course is repeatable. **Prerequisite:** Instructor's consent.

ART 302. Painting I, 6 studio hours, 3 hours credit, studio fee, Fall, Spring

Introduction to painting materials and techniques related to watercolor, oil and/or acrylics through studio problems and reading assignments. *\$175 fee.*

ART 305. Drawing III, 6 studio hours, 3 hours credit, Spring

Advanced problems in drawing the human form with an emphasis on composition, exploration of drawing media and drawing as an end product of visual expression. **Prerequisites:** ART 105 and 205.

ART 308. Art Methods for Elementary Teachers, 3 hours, materials fee, Fall

Designed to help prepare students to be effective teachers of art at the elementary and middle school levels. Focus will be on effective lesson planning, experience with media appropriate for the age group, development of a teaching file, and examination of the stages of artistic development (with appropriate art lessons and teaching strategies for each age group). Practicum required for art majors. *\$75 fee.*

ART 313. History of Graphic Design, 3 hours, Fall odd years

A survey of the historical development of graphic design from first attempts at communication through cave painting and invention of writing to current design trends in print, web, and motion graphics.

ART 316. Art History Survey I, 3 hours, Fall

A survey covering the history of Western visual art from prehistoric times to the Gothic period.

ART 317. Art History Survey II, 3 hours, Spring

A survey covering the history of Western visual art from the Baroque period to the present.

ART 323. Web and Interactive Design, 6 studio hours, 3 hours credit, studio fee, Fall

This is a course in web page and interactive design, including how to build a basic site and digital portfolio. An emphasis will be placed on the balance between technical skill and aesthetics. Topics covered include understanding and navigating a CMS system, page layout, digital imaging, color, typography for web-based use, integrated content, appropriate file types, portability, and user performance. **Prerequisites:** Art 113 and 233. *\$50 fee, additional web hosting fees may apply.*

148 Art Courses

ART 324SL. Color Photography, 6 studio hours, 3 hours credit, studio fee, Fall even years

Explorations of color photography, including digital image capture and printing, and traditional film and chemical color darkroom printing materials and methods. **Prerequisites:** ART 204 and 224. *\$175 fee.* This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

ART 343SL. Graphic Design III, 6 studio hours, 3 hours credit, Fall odd years

Continuation of essential graphic design skills through conceptualization and evolution of complex projects in which the designer must determine how to communicate visually with a specific audience. Projects will focus on socially responsible design and how graphic designers can play a key role in the betterment of society. **Prerequisite:** ART 243. *\$150 fee.* This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

ART 365. Internship in Visual Arts, 3-6 hours, Offered as needed

An internship with an established art, graphic design, or photography professional firm. Requires the recommendation of the Art Department Chair. Credit hours determined by work hours arranged with the firm.

ART 402. Painting II, 6 studio hours, 3 hours credit, studio fee, Fall, Spring

Continuation of ART 302 aimed at individual skill development in terms of expressive ability and quality of work. **Prerequisite:** ART 302. *\$175 fee.*

ART 405. Drawing IV, 6 studio hours, 3 hours credit, Fall

Continuation of the individual's skill development in drawing with an emphasis on professional, finished drawings as an end product of visual expression. **Prerequisite:** ART 305.

ART 408. Art Methods for Secondary Teachers, 3 hours, materials fee, Fall

Designed to help prepare students to be effective teachers of art at the high school level. Includes experience observing and teaching in a high school art classroom, experience working with media commonly used at the high school level, examination of methods appropriate for the various levels of art instruction, and effective curriculum planning. Practicum required. **Prerequisite:** Admission to the Teacher Education Program. *\$75 fee.*

ART 411. Senior Seminar, 3 hours, materials fee, Fall

Seminar style investigation of topics relevant to post-graduate experiences for emerging professional artists and photographers. Includes discussion of exhibition, employment, and graduate school opportunities, and the creation of a professional portfolio of the student's work. For art majors and photography majors, to be taken in the senior year. *\$100 fee.*

ART 414. Alternative Photographic Processes, 6 studio hours, 3 hours credit, studio fee, Spring even years

Exploration of non-traditional applications and presentation methods of silver-based and digital photographic processes, as well as of non-silver wet darkroom photographic methods and processes. **Prerequisite:** ART 204. *\$100 fee.*

ART 417. Modern and Contemporary Art, 3 hours, Fall even years

A study of significant Western visual art and architecture produced in the modern, postmodern, and contemporary periods.

ART 418. Non-Western Art, 3 hours, Spring odd years

An overview of the culture and art of several non-western civilizations throughout the ages.

ART 434. Photojournalism, 6 studio hours, 3 hours credit, studio fee, Spring odd years

Exploration of the professional practice and the actual production of journalistic photographs and documentary photographs, emphasizing professional quality work. **Prerequisite:** ART 204. *\$150 fee.*

ART 440. Advanced Photographic Methods, 6 studio hours, 3 hours credit, Fall, Spring

Advanced skill development of photographic image-making, emphasizing individual projects, individual style and thematic exploration, and professional quality of work. Course may be repeated only once for additional credit. **Prerequisites:** ART 103 and 204. *\$50 fee.*

ART 444. Commercial Photography, 6 studio hours, 3 hours credit, studio fee, Spring even years

A concentration on the production of commercial, advertising, industrial, and/or fashion photographs, with an emphasis on professional quality work. **Prerequisite:** ART 204. *\$50 fee.*

ART 450. Advanced Artmaking Methods, 6 studio hours, 3 hours credit, Fall, Spring

Advanced individualized exploration of problem-solving and skill development of previously studied visual artmaking media and methods. Course may be repeated only once for additional credit. **Prerequisites:** ART 103 and 205.

ART 453. Graphic Design IV, 6 studio hours, 3 hours credit, Spring even years

Each student will develop an independent semester long project of his/her choice. Students must form a visual concept for the project and generate final printed materials that will be presented during a final critique. A written project brief and description, along with a timeline outlining points of completion within the project, and a process book are all supporting requirements. **Prerequisite:** ART 343SL. *\$150 fee.*

ART 463SL. Visual Communication Center, 3 hours, Spring

Selected upper level art/photography majors create and produce campus and community projects. The VCC will service a variety of illustrative, photographic, and graphic design needs through printed and/or interactive media. Includes budgeting, client communication, and digital/print supervision. Course may be repeated. **Prerequisites: ART 243 and faculty recommendation.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

Biology (BIOL)

BIOL 101. Human Biology, 3 hours, Fall, Summer periodically

Introduction to the structure and function of the human body with emphasis on human health and welfare. Cannot be applied toward the major without departmental approval. Three lectures and one two-hour lab a week. *\$20 fee.*

BIOL 102. Environmental Science, 3 hours, Spring, Summer periodically

Exploration of the workings of nature and man's impact on it; environmental problems and possible solutions. Cannot be applied toward the major without departmental approval. Three lectures and one two-hour lab a week. *\$20 fee.*

BIOL 105. General Biology I, 4 hours, Fall

An introduction to the Biological Sciences for the science/health professions major. Topics include ecological principles, animal behavior, evolution, genetics, chemistry as it applies to living systems, cell and function, energy transductions, mitosis, and molecular genetics. Three lectures and one two-hour lab a week. *\$20 fee.*

BIOL 106. General Biology II, 4 hours, Spring

An introduction to the Biological Sciences for the science/health professions major. Topics include systematics, taxonomy and classification, basic microbiology, anatomy and physiology of plants and animals (with emphasis on human systems), meiosis and reproduction in plants and animals, development. Continuation of BIOL 105. Three lectures and one two-hour lab a week. *\$20 fee.*

BIOL 207. Human Anatomy and Physiology I, 4 hours, Fall, Summer periodically

Structure and functions of the major organ systems of the human body. Chemical basis of life, cells, cellular metabolism, tissues, integumentary, skeletal, muscular and nervous systems. Three lectures and one two-hour lab a week. *\$20 fee.*

BIOL 208. Human Anatomy and Physiology II, 4 hours, Spring, Summer periodically

Structure and functions of the endocrine, digestive, respiratory, circulatory, lymphatic, urinary and reproductive systems. Continuation of BIOL 207. Three lectures and one two-hour lab a week. **Recommended prerequisite: BIOL 207.** *\$20 fee.*

BIOL 300. Teaching Assistantship, 1-3 hours

Assist in lab preparation, lab instruction, lab report grading, and review/tutoring sessions. Must have junior status.

BIOL 301. Botany, 4 hours, Fall

Plant anatomy and physiology including cells, tissues, development in vegetative and reproductive structures, plant biochemistry and metabolism, hormonal regulation of development. Survey of kingdoms Plantae, Protista (except Protozoa), Fungi, Bacteria, and Archaea. Three lectures and one two-hour lab a week. **Prerequisites: BIOL 105 and 106.** *\$20 fee.*

BIOL 302. Zoology, 4 hours, Spring

A detailed comparative study of the major invertebrate and vertebrate animal groups including protozoa, sponges, radiate animals, acoelomates, pseudocoelomates, mollusks, annelids, arthropods, echinoderms, the fishes, amphibians, reptiles, birds and mammals. Morphology, physiological adaptations, evolution and ecology are stressed in association with all animal groups. Three lectures and one three-hour lab a week. **Prerequisites: BIOL 105 and 106.** *\$20 fee.*

BIOL 303. Soils and Geologic Science, 3 hours, Spring

Earth space relationship, global features, mineral and soil classification, as well as study of the interaction between humans and the geologic processes that shape the Earth's environment. Three class periods and one two-hour lab a week. **Prerequisite: Sophomore level standing or instructor's consent.** *\$20 fee.*

BIOL 304. Field Botany, 3 hours, Once every 3-4 years

Field experience and taxonomy of select plant groups including mosses, fungi, lichens, ferns, aquatic vascular plants, woody plants, and wildflowers. Two lectures and one field trip or lab a week. *Overnight camping trip required.*

BIOL 305. Medical Terminology I, 2 hours, Fall, Mayterm periodically

Introduction to medical terminology through the study of prefixes, suffixes and root words of commonly used medical terms. Terminology of clinical procedures, laboratory tests, and pathologies presented as well. Course is taught in an independent study format.

150 Biology Courses

BIOL 306. Medical Terminology II, 2 hours, Spring, Mayterm periodically

Continuation of medical terminology through the study of prefixes, suffixes and root words of commonly used medical terms. Terminology of clinical procedures, laboratory tests, and pathologies presented as well. Course is taught in an independent study format. **Prerequisite: BIOL 305.**

BIOL 314. Genetics, 4 hours, Spring

Principles of gene transmission and expression, with an emphasis on human health and welfare. Three lectures and one three-hour lab a week. **Prerequisites: BIOL 105 and 106 or instructor's consent. \$20 fee.**

BIOL 315SL. Ecology, 4 hours, Fall

Principles governing interactions between organisms and their environment. Three lectures and one three-hour lab or field trip a week. **Prerequisites: BIOL 105 and 106 or instructor's consent. \$20 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

BIOL 316. Microbiology, 4 hours, Fall, Spring

Classical bacteriology, virology, microbial genetics, bacterial metabolism, immunology and the various applications of microbiological knowledge. Three lectures and one two-hour lab a week. **Prerequisites: BIOL 105 and 106, or Biology 207 and 208, or instructor's consent. \$20 fee.**

BIOL 317SL. Natural History, 4 hours, Spring

A survey of the adaptation of living organisms to their environment over time, as evidenced by the fossil record and comparisons among living species, and an indepth review of the possible mechanisms involved. Three lectures and one two-hour lab/discussion per week. **Prerequisites: BIOL 105 and 106. \$20 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

BIOL 319SL. Animal Behavior, 4 hours, Fall

An introduction to the principles of animal behavior that considers the influences of genetics, ecology, physiology, and evolutionary history on behavior. Topics include communication, reproductive strategies, social interactions, foraging, defense, migration, habitat selection, and learning. Three lectures and one three-hour lab per week. **Prerequisites: BIOL 105 and 106, or instructor's consent. \$20 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

BIOL 320. Molecular Cell Biology, 4 hours, Fall

Study of the major cellular components with particular attention to the relationship between functions and the organization of the cell. Topics include cell architecture, macromolecules, metabolism, energy transductions, cellular control mechanisms and molecular genetics. Three lectures and one three-hour lab a week. **Prerequisites: BIOL 105 and 106, CHEM 104 or instructor's consent. \$20 fee.**

BIOL 350. Field Ecology, 4 hours, Spring

This course includes a field experience that introduces students to biological ecosystems found outside of East Tennessee. Guided hikes will expose students to a diversity of organisms (from plants to mammals) found within various ecosystems. The complex relationships between these organisms and their communities will be investigated.

BIOL 380. Zoology for non-science majors, 3 hours, Mayterm

Exploration of the animal kingdom, adaptations, and the significance of animal groups to mankind. Includes readings, field trips, lab work, creative writing, and a group project.

BIOL 381. Pharmacology, 3 hours, Mayterm periodically, Summer periodically

Introduction to basic pharmacological principles including molecular pharmacology, pharmacokinetics, toxicology, chemotherapeutics and systemic drug survey.

BIOL 382. Cancer Biology, 3 hours, Mayterm periodically/Summer periodically

Etiology, diagnosis and treatment of cancer in humans. Course will also include field trips to regional cancer centers.

BIOL 383. Biology Externship, 3 hours, Mayterm/Summer

An externship course allowing the Biology major to gain field, laboratory, or work experience in a desired area. Opportunities may include, but not limited to, externships at the Zoo, National and State Parks, laboratories in both academic and industrial settings. **Prerequisite: instructor's consent.**

BIOL 400. Teaching Assistantship, 1-3 hours

Assist in lab preparation, lab instruction, lab report grading, and review/tutoring sessions. Must have senior status.

BIOL 402SL. Gross Anatomy, 5 hours, Spring

Detailed gross and microscopic anatomy of the human. Three lectures and one four-hour lab a week. **Prerequisites: BIOL 105 and 106 and instructor's consent. \$20 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

BIOL 403. Physiology of Exercise, 4 hours, Spring

Physiological foundations for acute responses and chronic adaptations to exercise. Three lectures and one two-hour lab a week. **Prerequisite:** BIOL 207; BIOL 208 recommended. \$20 fee.

BIOL 404. Mammalian Physiology, 5 hours, Fall

Applied analysis of the functioning of mammals, with focus on the human, involving a systems approach. Three lectures and one four-hour lab a week. **Prerequisites:** BIOL 105 and 106, CHEM 104. \$20 fee.

BIOL 405. Environmental Assessment, 4 hours, Spring odd years

A lecture-discussion course on the nature of and generation of environmental assessment statements and environmental impact statements. Topics also include soils, hydrology, and other issues pertinent to environmental studies. **Prerequisites: Junior or Senior in the Environmental Studies track and BIOL 315SL, or instructor's consent.** \$20 fee.

BIOL 406. Field Biology, 3 hours, Once every 3-4 years

Field experience and study of plant and animal life in selected habitats, including geographical distribution, climatic and soil relationships, methods and use of instruments necessary for a critical study of plant and animal communities. Two lectures and one three-hour field trip or lab a week.

BIOL 407. Kinesiology, 4 hours, Fall

Basic anatomical, mechanical and neuro-muscular concepts applied to human motion. Three lectures and one two-hour lab a week. **Prerequisite:** BIOL 207. \$20 fee.

BIOL 408. Immunology, 4 hours, Fall

Basic aspects of specific and non-specific defense mechanisms. Humoral and cellular mechanisms as well as the synthesis, structure and action of antibodies and lymphokines, cytotoxic reactions and regulatory mechanisms. Three lectures and one four-hour lab a week. **Prerequisites: BIOL 105 and 106 or instructor's consent.** \$20 fee.

BIOL 410. Directed Readings in Biology, 1 hour, Fall

Biological and scientific investigation. Selected readings, both classical and current; methods, access and use of scientific literature. Planning and conduct of library research and report writing. **Prerequisite: At least 4 BIOL courses or junior/senior standing.**

BIOL 411SL. Senior Seminar, 1 hour, Spring

Discussion of current and controversial topics in biology with an emphasis on advances in biological research. Each student will present a formal seminar on an approved topic. **Prerequisite: BIOL 410.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

BIOL 475. Introduction to Bioinformatics, 2 hours, Fall

New area of science in which biology, chemistry, computer science, and mathematics are combined to decipher information encoded with the DNA and protein of each living organism. An introductory course in the use of computers to evaluate large biological data sets. Will be presented in webCT as an interactive online course.

BIOL 491. Directed Projects in Biology, 1-4 hours

May consist of field, laboratory or library research on any topic of mutual interest to the student and instructor. Research may spread over one or more semesters and culminates in written reports on results and conclusions. **Prerequisite: instructor's consent.**

Business Administration (BAD)

BAD 201. Business and Professional Communication, 3 hours, Fall, Spring

Designed to assist students in solving business problems through effective expression of ideas and information—writing, speaking, and listening. Covers the principles and methods of written and oral communication in a high technology environment and includes intercultural, legal, and ethical aspects of communication. **Prerequisites: ENG 101. Corequisite: Business Foundation Core.** Same as WRIT 201.

BAD 215. Business Information Tools, 3 hours, Fall, Spring

Students use advanced features and capabilities of word processing, spreadsheet, and basic database software to analyze and resolve business problems and business information management and dissemination issues. **Corequisite: Business Foundation Core.**

BAD 301. Legal and Ethical Environment of Business, 3 hours, Fall, Spring

U.S. legal system coupled with consideration of ethical issues confronting the business professional. Topics covered include torts, contracts, agency, employment law, intellectual property rights, consumer protection, and other business concerns. **Prerequisite: Business Foundation Core.**

BAD 302. Law of Business Organizations and Commercial Transactions, 3 hours, Spring odd years

Introduction to legal implications of basic business transactions including securities law, business associations—corporations, bankruptcy, insurance, commercial sales, commercial paper, secured transactions, bulk transfers, documents of title and legal responsibilities of accountants **Prerequisites: junior standing, BAD 301.**

152 Business Administration - Chemistry Courses

BAD 391. SIFE Practicum, 1 hour, Offered periodically

Participation in a national organization of college students which conducts projects and activities promoting the free enterprise system in the US through education and community service. S/F grading. Must be currently or become active SIFE member. Course is repeatable for up to 4 hours credit.

BAD 401. International Business, 3 hours, Offered periodically

A study of the various facets of international business operations: ownership, management, marketing, production, accounting and finance, legal, and growth. Also includes economic and political issues affecting international business. **Prerequisite: Business Foundation Core.**

BAD 463. International Business Experience, 3 hours, Summer

An immersion experience in or closely related to the international economy, international business, international political or cultural relations, or international missions. **Prerequisites: Business Foundation Core, instructor's consent, senior standing.**

BAD 465. Business Administration Internship, 1-6 hours, Offered periodically

Practical experience gained through an internship in the private or public sector. Proposal must be submitted and approved by supervising instructor. **Prerequisites: Business Foundation Core, instructor's consent.**

Chemistry (CHEM)

CHEM 100. Chemistry in Society, 3 hours, Spring

Fundamentals of chemistry for non-science majors. Study and use of the scientific method as a thought process and the role of chemistry in society. Two lectures and one two-hour lab a week. **\$30 fee.**

CHEM 101. Introductory Chemistry, 4 hours, Fall, Spring

An introduction to basic chemical principles for students majoring in nursing, family and consumer sciences, and exercise science. Also serves as a preparatory course for CHEM 103. Three lectures and one three-hour lab a week. **\$30 fee.**

CHEM 103. General Chemistry I, 4 hours, Fall, Spring

Atomic structure, bonding and molecular structure, solids, liquids, gases; thermochemistry. For students majoring in natural sciences. Previous exposure to chemistry is very helpful but not required. A good working knowledge of algebra is expected. Three lectures and one three-hour lab a week. **\$30 fee.**

CHEM 104. General Chemistry II, 4 hours, Spring

Solutions, kinetics, equilibrium, thermodynamics, and electrochemistry. Also includes discussion of typical properties of the representative elements and first transition elements and their compounds. CHEM 104 is a prerequisite for all chemistry courses with higher numbers. Three lectures and one three-hour lab a week. **Prerequisite: CHEM 103. \$30 fee.**

CHEM 201. Excel for Scientists, 2 hours, Fall

Advanced Excel topics (i.e. statistical analysis tools, least squares, calibration methods, solving equations, 2-D and 3-D graphs, data smoothing, Fourier transform, and macros) with relation to chemical systems. Some prior knowledge of Excel is expected. **Prerequisites: CHEM 103 and 104, or instructor's consent.**

CHEM 300. Teaching Assistant, 1-2 hours, Fall, Spring

Assist faculty during lab with materials, safety, and individual instruction. Academic credit may be received for either one or two hours, but only one hour of credit may be counted toward a chemistry major. Two hours of credit may be obtained in one semester or in different semesters. Students who are serving as TA's in order to receive AP credit for Chemistry 103 and 104 may not receive credit. **Prerequisites: Instructor's consent.**

CHEM 301. Organic Chemistry I, 4 hours, Fall

An extensive study of aliphatic hydrocarbons, stereochemistry, substitution reactions and spectroscopy. Three hours lecture and one three-hour lab a week. **Prerequisite: CHEM 104. \$30 fee.**

CHEM 302. Organic Chemistry II, 4 hours, Spring

An extensive study of aromatics, aldehydes, ketones, carboxylic acids and their derivatives and amines; introduction to biochemical molecules. Three hours lecture and one three-hour lab a week. **Prerequisite: CHEM 301. \$30 fee.**

CHEM 305SL. Quantitative Analysis, 4 hours, Fall odd years

Volumetric, gravimetric and instrumental methods of analysis. Two lectures and two three-hour labs a week. **Prerequisite: CHEM 104. Prerequisite or corequisite: CHEM 201. \$30 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

CHEM 306. Instrumental Methods of Analysis, 4 hours, Spring even years

Absorption spectroscopy (UV, visible, atomic and IR), potentiometry, polarography, conductimetry and chromatography. Two lectures and two three-hour labs a week. **Prerequisite: CHEM 305SL or instructor's consent. \$30 fee.**

CHEM 307. Chemical Industry Externship, 3 hours, Mayterm or Summer

Work/training experience for exploration of a career in chemistry. Work site(s) (such as industrial, corporate, government) must be approved by instructor prior to registration. Students wishing to take the course must notify the instructor before spring break in order to have time to make the arrangements. **Prerequisite: instructor's consent. \$30 fee.**

CHEM 308. Hospital Externship, 3 hours, Mayterm and Summer

Externships are available in medically related areas in order to increase exposure to a field of study and help with career choices. Can be taken a maximum of two times provided the experiences are in two different professional areas. Can be listed as Biology credit. Students must apply through the chair of Health Professions before April 1. This course is intended for health professions students. **\$30 fee.**

CHEM 310. Survey of Biochemistry, 3 hours, Spring

Introductory course in biochemistry dealing with the chemistry and biochemistry of proteins, lipids, carbohydrates, nucleic acids, other biomolecules, and includes an overview of metabolism. **Prerequisites: CHEM 103, CHEM 104, and CHEM 301.**

CHEM 311. Biochemistry I, 3 hours, Fall

Biochemical molecules and their metabolism, energy and kinetic relationships. **Prerequisites: BIOL 105 and CHEM 302. \$30 fee.**

CHEM 311L. Biochemistry I Laboratory, 1 hour, Fall

Biochemical molecules and their metabolism, energy, and kinetics. One three-hour laboratory a week. **Prerequisites: BIOL 106 and CHEM 302. Corequisite: CHEM 311.**

CHEM 312. Biochemistry II, 3 hours, Spring

An in-depth study of DNA at the molecular level - both structure and function. Factors controlling gene expression and alterations in DNA will be examined as well. **Prerequisite: CHEM 311. \$30 fee.**

CHEM 312L. Biochemistry I Laboratory, 1 hour, Spring

Study of the structure and function of DNA at the molecular level, including gene expression. One three-hour laboratory a week. **Prerequisites: CHEM 311 and CHEM 311L. Corequisite: CHEM 312.**

CHEM 401. Thermodynamics, 3 hours, Fall even years

Gas laws, thermodynamics, equilibria and solutions. Three hours lecture a week. **Prerequisites: CHEM 301, MATH 151, and either PHYS 103/104 or PHYS 201/202. Corequisite: CHEM 415. Same as PHYS 304.**

CHEM 402. Biophysical Chemistry, 3 hours, Spring odd years

Electrochemistry, atomic and molecular structure, rates and mechanisms of chemical reactions. **Prerequisite: CHEM 401. Corequisite: CHEM 416.**

CHEM 403. Statistical and Quantum Mechanics, 3 hours, Offered periodically

Theories of relativity, statistical mechanics and quantum mechanics. **Prerequisite: PHYS 201 or instructor's consent. Same as PHYS 307.**

CHEM 407. Inorganic Chemistry, 3 hours, Spring odd years

Descriptive and theoretical chemistry. Three hours lecture a week. **Prerequisites: CHEM 103 and 104 (401 recommended).**

CHEM 411. Special Topics in Chemistry, 1 hour, Fall

Introduction to the chemical literature, review of common chemical journals, group and individual reviews of journal articles, other selected projects such as resume preparation, and skills of the short interview. One lecture hour a week. **Prerequisites: CHEM 301 and two years of college chemistry.**

CHEM 412. Seminar in Chemistry, 1 hour, Spring

The capstone course for all chemistry degrees. Development of a topic and paper, presentation of a formal seminar, and may include other selected projects. One lecture hour a week. **Prerequisite: COMM 135 and CHEM 411 or instructor's consent.**

CHEM 415. Thermodynamics Laboratory, 1 hour, Fall even years

Gases, thermodynamics and phase equilibria. One three-hour lab a week. **Prerequisite: Same as CHEM 401. Corequisite: CHEM 401. \$30 fee.**

CHEM 416. Biophysical Chemistry Laboratory, 1 hour, Spring odd years

Ionic equilibria, electrochemistry, kinetics, spectroscopy. One three-hour lab a week. **Prerequisite: CHEM 401. Corequisite: CHEM 402. \$30 fee.**

CHEM 491. Research Techniques in Biochemistry, 2-4 hours, Fall, Spring

Experience in isolation, analysis and characterization of biologically important compounds. One lecture and 3-9 lab hours a week. **Prerequisite: instructor's consent. \$30 fee.**

CHEM 492. Research Techniques in Inorganic or Analytical Chemistry, 2-4 hours, Fall, Spring

Methodology and techniques appropriate to the synthesis, separation and characterization of inorganic compounds. One lecture and 3-9 lab hours a week. **Prerequisite: instructor's consent. \$30 fee.**

154 Chemistry - Communication Courses

CHEM 493. Research Techniques in Organic Chemistry, 2-4 hours, Fall, Spring

Procedures and techniques involved in research in organic chemistry. One lecture and 3-9 lab hours a week. **Prerequisite: instructor's consent. \$30 fee.**

CHEM 494. Research Techniques in Physical Chemistry, 2-4 hours, Fall, Spring

Procedures and techniques involved in research in physical chemistry. One lecture and 3-9 lab hours a week. **Prerequisite: instructor's consent. \$30 fee.**

Child and Family Studies (CFS)

CFS 206. Human Development Through the Lifespan, 3 hours, Fall, Spring

Major milestones of development in each stage from prenatal to late adulthood and death. Physical, cognitive, and psycho-social growth. Laboratory. Same as PSY 206.

CFS 207. Infancy and Early Childhood, 3 hours, Fall

Research on developmental milestones from birth through middle childhood. Emphasis on developmentally appropriate practice with infants and young children. **Prerequisite: CFS 206.**

CFS 301. Family Relationships, 3 hours, Fall, Spring

Family dynamics and roles of family interaction. The influence of family experiences on individual growth, development, and relationship functioning. **Prerequisite: junior/senior standing.**

CFS 304. Parenting, 3 hours, Spring

Parenting as a developmental role throughout the life span. Discipline techniques, strategies and resources. **Prerequisite: CFS 206 or instructor's consent.**

CFS 305. Family Sciences, 3 hours, Spring

Examination of existing theoretical frameworks to provide a context for understanding today's family in the complex social world. **Prerequisite: CFS 206, 301 or instructor's consent.**

CFS 407. Current Topics in Child and Family Studies, 3 hours, Fall

Research and readings on selected issues affecting children and families. **Prerequisites: CFS 206 or PSY 204, CFS 305, and junior/senior standing.** Same as PSY 409.

CFS 414. Programs for Young Children I: Creativity and Expression, 3 hours, Fall

Theoretical and experiential base for designing developmentally appropriate curriculum for young children which promotes self expression and creativity through art, music, dramatic play, manipulative, constructive play, language arts. Practica in CDL. **Prerequisite: CFS 206 or PSY 204.**

CFS 415. Programs for Young Children II: Discovery, 4 hours, Spring

Theoretical and experiential base for designing developmentally appropriate curriculum for young children which promotes discovery and problem solving in mathematics, sciences, social studies. Coursework also explores principles of administration and management, parent involvement, and community resources. Practica in CDL. **Prerequisites: CFS 206 or PSY 204, CFS 414.**

CFS 427. Methods of Teaching Child and Family Studies Practicum, 1 hour, Fall

Observation and practical application of principles, objectives, methods, materials, procedures, and evaluation for teaching family-based and adult family and consumer sciences. **Prerequisite: FCSE 320 or instructor's consent. Corequisite: FCSE 424.**

CFS 465. Internship in Child and Family Studies, 3 hours, Fall, Spring, Summer

Supervised experience in a selected setting/program for children and/or families. **Prerequisites: CFS 206 and 414 and instructor's consent.**

Communication (COMM)

COMM 101F, 301F. Forensics Practicum, 1 hour each course, Fall, Spring

Study and participation in debating and various individual speaking events on the intercollegiate level. COMM 101 is repeatable for up to 2 hours credit; COMM 301 may be repeated for up to 6 hours credit. A total of four (4) practica credit hours may be counted toward the major requirements.

COMM 110, 310. Communication Practicum, 1 hour each course, Fall, Spring

This practicum provides students with practical hands-on experience in journalism, advertising, public relations, broadcasting, speech, social media, sports information, human resources, advancement, admissions, or other communication-related professions. Under the guidance of a faculty member, students will participate in projects that will enhance their knowledge and expertise in a specific area of communication. COMM 110 offers introductory experiences in the field and may be taken once. COMM 310 provides more advanced experience in the field and is repeatable up to three times. **Prerequisite: Instructor's consent.**

COMM 123. Introduction to Media Writing, 3 hours, Fall, Spring

Introductory course to the communication professions with emphasis on developing writing skills for print, electronic and online media, film, advertising, public relations and research in the field. Includes introduction to news gathering techniques, aural-visual production, online content creation, communication research and presentational skills. Three-hour lecture and one-hour lab. *\$35 fee.*

COMM 135. Speech Fundamentals, 3 hours, Fall, Spring

Introduction to public speaking through the study of speeches, speakers and the principles of effective public address. Students plan, organize and deliver various types of speeches.

COMM 201. Strategic Communication Techniques/Skills, 3 hours, Fall, Spring

Planning, writing, editing, designing and producing public relations and advertising content for print, outdoor, broadcast, direct mail, on-line media and social media. This course also contains a research component. **Prerequisite:** COMM 123. *\$35 fee.*

COMM 208. Introduction to Digital Media, 3 hours, Fall, Spring

An introduction to the use of digital media in the communication process. Applying learned visual and aural principles students will explore the use of computer-based tools in the design and production of media content by creating and editing digital images, sounds, video, text and motion graphics. **Prerequisites:** COMM 123 and 201. Same as FILM 208. *\$35 fee.*

COMM 209SL. Video Production, 3 hours, Fall

Lecture-laboratory study of the techniques and procedures used in the creation, production and direction of television programming. Emphasis on the function and operation of the primary tools and their application on the production process. Same as FILM 209SL. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

COMM 230. Interpersonal Communication, 3 hours, Fall, Spring, Summer

This course will focus on the need to interact with others by expressing thoughts and feelings through various communication channels. Topics include self-concept, self-disclosure, perception, nonverbal communication, listening, conflict, building relationships, interpersonal communication and the job market.

COMM 250. Media, Religion and Ministry, 3 hours, Offered as needed

Explores the intersection of media and religion with special attention on the changing role of media in the local church. The course includes an investigation of theory and research in the area of media and religion, as well as the creative application of media in religious contexts.

COMM 304. Advanced Production, 3 hours, Spring

Advanced techniques of designing, writing and production of audio, video, film and multimedia presentations. Topics include advanced techniques in videography, editing in a digital environment, script writing, story construction, and performance. **Prerequisites:** COMM 123, 208, and 209SL. Same as FILM 304.

COMM 305. Digital Storytelling, 3 hours, Spring

A laboratory experience in researching, designing and producing content in an environment of converging communication forms. Using the resources of the Center for Digital Storytelling students will create multimedia content for various audiences. Each semester the course will focus on a different arena of production (news website, multimedia presentation for a non-profit, a digital filmmaking competition via the internet, etc.). Repeatable for up to 6 hours. **Prerequisites:** COMM 123, 201, 208, and “pass without reservations” on digital portfolio. Same as FILM 305.

COMM 322. Mass Media, 3 hours, Spring

Overview of the development and social impact of mass media, including newspapers, magazines, advertising, public relations, books, photography, film, the broadcast/cable industry (structure, station, and network operation), and the FCC and other regulatory agencies. **Prerequisites:** COMM 123, 201SL, and 208.

COMM 323. Public Relations, 3 hours, Fall

Overview of public relations with attention given to theories and principles, examination of case problems, preparation of materials, planning campaigns and executing public relations projects. **Prerequisites:** COMM 123 and 201SL.

COMM 324. Writing for Targeted Audiences, 3 hours, Fall

Principles of writing freelance magazine articles (for niche and mainstream publications), with an emphasis on feature writing. Students move articles from inception through the revision process to querying with targeted publications. **Prerequisites:** COMM 123 and 201SL.

COMM 325. News Writing and Reporting, 3 hours, Spring

Intensive training in the core journalism skills: news judgment, researching, writing, reporting and presentation. Students will learn to develop story ideas, research and gather information, combine visual, verbal and written messages, and to write and edit news for various media audiences. **Prerequisites:** COMM 123 or instructor’s consent.

156 Communication Courses

COMM 327. Media in a Changing World, 3 hours, Fall even years

Analysis of mass media business policies and practices of media organizations in a changing political, economic, regulatory and technological environment. Includes analysis of the historical and structural contexts and implications of new media technologies. Same as FILM 327.

COMM 337. Oral Interpretation of Literature, 3 hours, Fall

Development of mental, emotional and physical responsiveness to prose, poetry, and drama through the student's performance of literature.

Prerequisite: COMM 135 for Communication Studies majors; TH 110 for Theatre majors.

COMM 340. Special Topics in Speech Communication, 1-3 hours, Offered as needed

Lecture-laboratory focus on a single speech-related topic. Subject matter may change each semester and this course may be repeated for different topics/titles to a maximum 3 hours.

COMM 404. Communication Law and Ethics, 3 hours, Spring even years

A study of the legal foundations for freedom of speech and press. Students will explore forms of communication that have constitutional protection and those with limitations including libel, invasion of privacy, access to information, copyright and the special restrictions on broadcasting and advertising. The study includes an examination of the moral reasoning process and the application of ethical responsibilities in communication contexts. **Prerequisites:** COMM 123.

COMM 407. Special Topics in Mass Communication, 1-3 hours, Offered as needed

Lecture-laboratory focus on a single mass media related topic. Subject matter will change each semester and this course may be repeated for different topics/titles.

COMM 421. Advertising, 3 hours, Offered as needed

Survey of American advertising. Students explore advertising principles and theories as they relate to media, markets and audiences. Students study advertising campaigns, do copy writing and layout. **Prerequisite:** COMM 123.

COMM 424. Persuasion, 3 hours, Fall even years

Analysis of the principles and techniques used in all forms of mediated persuasive communication. The course is oriented toward both the persuader and the techniques used to persuade consumers. **Prerequisite:** COMM 135.

COMM 425. Organizational Communication, 3 hours, Offered as needed

Analysis of communication behavior in complex organizations. Areas covered include communication auditing, interviewing, decision making, communication networks and problem solving.

COMM 429SL. Nonprofit Campaigns, 3 hours, Spring even years

An investigation of the communication campaigns of philanthropic organizations. Students will learn about defining a nonprofit organization's mission, identity, and story and crafting its communication campaigns, including writing press releases, creating public service announcements, grant writing and fundraising, and assessing the effectiveness of a charitable organization's messages. **Prerequisites:** COMM 123, 201SL, and 208. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

COMM 433. Small Group Communication, 3 hours, Spring odd years

Basic theory and techniques of oral interaction for leaders and participants in small group settings. **Prerequisite:** COMM 135.

COMM 435. Speech Methods for Secondary Teachers, 1 hour, Offered as needed

Study of the problems, methods and materials in the teaching of speech on a secondary level. Courses of study, textbooks and teaching strategies.

Prerequisites: COMM 135 and 337.

COMM 436. Advanced Public Speaking, 3 hours, Fall

This course builds on the foundation laid in the Speech Fundamentals (COMM 135) courses. Instruction focuses on speaking styles, including impromptu, extemporaneous, manuscript, and memorized speaking. **Prerequisite:** COMM 135.

COMM 457. Senior Seminar: Communication Studies Theory and Research, 3 hours, Fall

Designed to synthesize the graduating student's coursework in communication studies with emphasis on the application of theory and research. The student will design a research project, implement an initial study and present the results. The student also will be prepared for post-graduation professional expectations. **Prerequisite:** COMM 123, 209SL, 322 and "pass" on digital portfolio.

COMM 465A. Communication Studies Internship (Advertising/PR), 1-6 hours, Fall, Spring, Summer

Supervised practical experience with professional media organizations. Must be approved by a supervising faculty member. Guidelines may be obtained from the Communication Department. A total of 6 hours of internship credit may be earned within the department. Internship credit may be taken in increments or 6 hours all at once. **Prerequisites:** COMM 123, 201SL, 208, and "pass without reservations" on digital portfolio.

COMM 465B. Communication Studies Internship (Media Studies), 1-6 hours, Fall, Spring, Summer

Supervised practical experience with professional media organizations. Must be approved by a supervising faculty member. Guidelines may be obtained from the Communication Department. A total of 6 hours of internship credit may be earned within the department. Internship credit may be taken in increments or 6 hours all at once. **Prerequisites:** COMM 123, 201SL, 208, and “pass without reservations” on digital portfolio.

COMM 465C. Communication Studies Internship (Speech), 1-6 hours

Supervised practical experience with professionals involved in a speaking career; must be approved by a supervising faculty member. Guidelines may be obtained from the Communication Department. Internship credit may be taken in increments or 6 hours all at once. **Prerequisites:** Listed in guidelines. A total of 6 hours of internship credit may be earned within the department. Internship credit may be taken in increments or 6 hours all at once. **Prerequisites:** COMM 123, 201SL, 208, and “pass without reservations” on digital portfolio.

Computer Science (CSC)

CSC 107. Computer Programming I, 3 hours, Fall

An introduction to fundamental aspects of the field of computing, focusing on problem-solving and software design concepts and their realization as computer programs.

CSC 207. Computer Programming II, 3 hours, Spring

Further topics in computer programming focusing on object-oriented design, including objects, classes, class libraries and elementary data structures. **Prerequisite:** CSC 107.

CSC 210. Introduction to Computer Hardware and Networking, 3 hours, Spring even years

An introduction to basic computer architecture and networking concepts, legal and ethical issues in computer science, and computer security. **Prerequisite:** CSC 107.

CSC 303. Computer Organization and Architecture, 3 hours, Fall even years

Principles of computer architecture, data representation, machine language execution cycle, addressing modes, symbolic assembly language, interfacing, communication, fundamentals of an operating system. **Prerequisite:** CSC 207.

CSC 307. Data Structures, 3 hours, Fall odd years

Abstract data types, recursion, basic data structures (queues, stacks, trees, and graphs) and transformations (sorting and searching). **Prerequisite:** CSC 207.

CSC 308. Algorithms, 3 hours, Spring even years

Algorithm design techniques, greedy algorithms, divide-and-conquer approaches, dynamic programming, data representation, heuristic search, program complexity, and algorithm verification. **Prerequisites:** CSC 207 and MATH 207.

CSC 310. Networking, 3 hours, Spring odd years

Introduction to data communications and networking. Basic network principles, hardware and software standards, network types and structures, security, and physical implementation will be introduced. **Prerequisite:** CSC 207.

CSC 312. Database Management, 3 hours, Fall odd years

Introduction to databases and their design, function management and application. This includes data modeling approaches including entity-relationship and semantic object models. A variety of database access and management systems will be explored. **Prerequisite:** CSC 207.

CSC 320. Systems Programming, 3 hours, Fall even years

Introduction to C and its use in system programming. Memory and process layout, system calls, buffering, file systems, virtual memory, threading, and inter-process communication. **Prerequisite:** CSC 207.

CSC 325SL. Principles of STEM Communication, 2 hours, Fall

Develop communication skills in the STEM disciplines and become familiar with tools used to help communicate STEM concepts. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service. Same as MATH 325SL and PHYS 325SL.

CSC 370. Special Topics, 3 hours, Spring odd years

An exploration of a current topic in computing. May be repeated if taken with different topics. **Prerequisites:** CSC 207 or instructor’s consent.

CSC 405. Theory of Computation, 3 hours, Offered periodically

Formal models of computation such as finite state automata, pushdown automata, and Turing machines, along with corresponding elements of formal languages, regular expressions, context-free languages, and recursively enumerable languages. **Prerequisites:** CSC 207 and MATH 207.

158 Computer Science - Economics Courses

CSC 406. Principles of Programming Languages, 3 hours, Fall even years

The theory of programming languages, data types, data control, sequence control, run-time storage, language translations, semantics. Language models will include procedural, function, logic, and object-oriented programming. **Prerequisite:** CSC 207.

CSC 407. Operating Systems, 3 hours, Spring odd years

Advanced computer architecture, technological choices, and the operating system interface with the hardware, the application, and the system user. Process synchronization, memory management, devices, files and performance evaluation. **Prerequisite:** CSC 303.

CSC 451. Senior Capstone, 3 hours, Spring

A reflection upon the fundamental ideas of computer science and their connections. This is the capstone course in computer science. **Prerequisite:** At least 33 hours in the major.

Consumer Services (CS)

CS 135. Personal and Family Management, 3 hours, Fall, Spring

Balancing work and family issues across the life cycle through goal-setting, resource management, decision making, and planning and execution skills that are transferable from personal to public life.

CS 333. Public Policy and the Family, 3 hours, Spring even years

Clarifying perspectives, becoming informed about issues impacting consumers and families, and learning strategies for influencing policy to enhance quality of life. **Prerequisite:** 3 hours social science elective.

CS 338. Personal and Family Finance, 3 hours, Fall, Spring

Financial management for individuals and families; budgeting, credit, insurance, taxes, savings, debt repayment, investing, and retirement.

CS 339. Financial Counseling, 3 hours, Spring alternate years

Examination of the components of financial counseling including counseling skills, credit legislation, debt reduction methods, collection policies and practices, bankruptcy, and government assistance programs. **Prerequisite:** CS 338.

CS 432. Cooperative Management and Housing, 4 hours, Fall, Spring

An integrative, cooperative team experience emphasizing communication, relationship strategies, problem solving, leadership and management skills as applied to creating sustainable housing and capacity building via entrepreneurship related to housing. Second semester junior/senior standing. Laboratory. **Prerequisites:** CS 135, FN 210 or 214 and 310, and instructor's consent. \$100 fee.

CS 467. Internship in Consumer Services, 3 hours, Fall, Spring, Summer

Supervised experience in consumer services related business or agency. **Prerequisites:** CS 135, CS 338, INTD 101, FMD 442, and instructor's consent.

Driver Education (DRED)

DRED 301. Basic Driver and Traffic Safety Education, 3 hours, Summer

Methods and materials of driver education. **Prerequisites:** Must be in teacher licensure program and have instructor approval.

DRED 401. Advanced Driver and Traffic Safety Education, 4 hours, Summer

Analysis of driving patterns with emphasis on safe vehicular use. Roadway experience is included. **Prerequisites:** DRED 301 and instructor's consent.

Economics (ECON)

ECON 204. Economic Concepts, 3 hours, Offered periodically

Basic course for majors outside the business department. Covers the study of market principles, national income, role of government, allocation of resources and distribution of income. **Business majors may not enroll in this course.**

ECON 210. Principles of Microeconomics, 3 hours, Fall, Spring

The study of markets, externalities, government intervention, taxation, and individual markets such as agriculture, health care and labor.

ECON 220. Principles of Macroeconomics, 3 hours, Fall, Spring

National income and its fluctuations, economic role of government, role of commercial banks and the Federal Reserve System, monetary economics, and an introduction to international economics. **Prerequisites:** ECON 210. **Corequisite:** Business Foundation Core.

ECON 403. Public Finance and Public Policy, 3 hours, Spring even years

Interactions between federal government and the business community. Antitrust enactment, governmental regulatory agencies and the impact of taxation on social welfare. **Prerequisite:** Business Foundation Core.

ECON 404. Financial Institutions and Monetary Theory, 3 hours, Spring odd years

Analysis of the financial system, and financial institutions, advanced macroeconomic theory, and monetary policy. **Prerequisite: Business Foundation Core.**

ECON 405. Economics of Industrial Organization and Management, 3 hours, Offered periodically

The economic theory of consumer demand and business profit maximization as it applies to business decision making. Other topics affecting business strategy, competition, lobbying and positioning, such as the competitiveness of markets, market structure, business practices, antitrust policies, regulation of business and international competition are presented. **Prerequisites: Business Foundation Core and FIN 301.**

Education (EDUC)

*** Must clear a background record check and provide proof of liability insurance.**

\$10 fee for each course unless otherwise indicated.

***EDUC 203SL. Foundations of Education, 3 hours, Fall, Spring, Summer**

Survey of historical, sociological, and philosophical foundations of American education. Practicum required. Must provide proof of liability insurance. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

EDUC 204. Educational Technology, 3 hours, Fall, Spring

The course prepares future teachers to effectively utilize technology as a tool for student learning and for their own productivity and professional development. Students learn basic computer skills as well as how to use productivity software and Internet tools. Macintosh and Windows computers are used.

EDUC 205. Introduction to Diagnostic Reading Instruction: Techniques and Strategies, 3 hours, Spring

Prepares teachers to conduct standardized and informal assessments of reading skills and to develop remediation strategies for struggling readers.

***EDUC 314. Literacy Development through Language Arts, 3 hours, Fall, Spring**

Introduction to theory, structures and strategies for integrating the language arts communication skills of reading, writing, listening, and speaking. Practicum required. Must provide proof of liability insurance. **Prerequisite: EDUC 341.**

EDUC 320. Special Topics in Education, 1-3 hours, Fall, Spring, Summer

A critical analysis of significant books, critical research, or current issues in foundations, organizations, learning, curriculum, instruction, evaluation, or specialty areas in education. This course may be repeated for credit with a different topic. A student may enroll for no more than a total of six (6) semester hours of topics courses taken independently within their program. **Instructor approval required.**

***EDUC 341. Curriculum, Instruction, and Management of the K-6 Classroom, 3 hours, Fall, Spring**

Provides an overview of developmentally appropriate practice in the K-6 classroom. Emphasis is placed on understanding that effective instruction and classroom management is based on an understanding of children's developmental characteristics, educational theories, and the requirements of the elementary curriculum. Practicum required. Must provide proof of liability insurance.

***EDUC 342. Curriculum, Instruction, and Management of the 6-12 Classroom, 3 hours, Spring. Mayterm as needed**

Provides an overview of developmentally appropriate practice in the 6-12 classroom. Emphasis is placed on understanding that effective instruction and classroom management is based on an understanding of student's developmental characteristics, education theories, and the requirements of the 6-12 curriculum. Practicum required. Must provide proof of liability insurance.

EDUC 350. Diversity in Schools, Homes, and Communities, 2 hours, Fall, Spring

Explores diversity in contemporary society and the implications of it for today's student population, schools and classroom teachers. Exploration of the relationships between students, schools, homes and communities will include the examination of value systems, communication strategies, roles of government, and power structures. A particular focus will be on meeting the needs of all learners through collaboration with other professionals including school administrators, school counselors and social workers, special educators, general educators, occupational, speech, and physical therapists, and other members of the medical profession.

EDUC 351. Study Abroad: Diversity in Homes, Schools, and Communities, 3 hours, Offered periodically for summer study abroad programs

This course provides an opportunity for students to travel abroad and take an in-depth look at culture and how it affects relationships between teachers, students, and families. Field experiences for this course will take place in the country that is being visited, which will vary depending on the particular study abroad program.

EDUC 400. Teaching Assistantship, 1-3 hours, Fall, Spring, Summer

Teacher Education student assists faculty members with grading, class exercises, tutoring, research, etc. May be repeated for a maximum of 3 hours. S/F grading. **Prerequisite: Departmental approval.**

160 Education Courses

EDUC 403. Assessment and Evaluation, 3 hours, Fall, Spring, Summer

Presents the student with theory and skill in techniques for measuring, learning and gathering information about learner performance in order to measure learning and improve instruction. Preparation in the areas of types of learning, norm- and criterion-referenced tests, test construction and evaluation, and the use of alternative grading systems will be included. The student will be involved in critiquing existing tests and in designing and evaluating new tests, as well as interpreting and communicating test results.

***EDUC 414SL Reading Instruction and Assessment, 3 hours, Fall**

Introduction to the theory that undergirds literacy development and emphasizes practical implementation of effective literacy strategies through a 25-hour practicum experience. Students will develop an understanding of the causes of reading difficulties and use this knowledge in planning and assessing literacy skills of an individual student. Practicum required. Must provide proof of liability insurance. **Prerequisites: Admission to Teacher Education Program, EDUC 204, 314, 341, SPED 313, 318.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

***EDUC 415. Mathematics, Science, and Social Studies in the Primary Grades, 4 hours, Fall odd years**

Introduction to methods and materials for teaching mathematics, science, and social studies in grades K-3. Activities will focus on curriculum, planning, strategies for teaching and assessing, and methods of integrating learning in the three subject areas. Practicum required. Must provide proof of liability insurance. **Prerequisites: Admission to Teacher Education Program.**

***EDUC 420. Content-Area Methods in 6-12 Classrooms, 3 hours, Fall**

This course equips prospective teachers to teach in secondary classrooms. Activities will focus on curriculum, methods, and materials for teaching, and students will focus on their particular content area. Additionally, the practicum for this course will be completed in the prospective teacher's content area. Practicum required. Must provide proof of liability insurance. **Prerequisites: Admission to the Teacher Education Program and EDUC 342.**

***EDUC 432. Disciplinary Literacy, 2 hours, Offered annually**

This course provides prospective teachers opportunities to attain and demonstrate an understanding of discipline-specific literacy skills and strategies essential to their endorsement area. **Prerequisites: Admission to Teacher Education Program and EDUC 205, 342.**

***EDUC 440. K-8 Mathematics Methods, 3 hours, Fall**

Introduction to methods and materials for teaching mathematics in the K-8 classroom. Activities will focus on curriculum, planning, and strategies for teaching and assessing K-8 mathematics. Practicum required. Must provide proof of liability insurance. **Prerequisites: Admission to Teacher Education Program, EDUC 204, 314, 341, PSY 404, SPED 313, 318; Corequisites: EDUC 414SL, 444, 449.**

***EDUC 444. K-8 Science Methods, 3 hours, Fall**

INTD 244. Interior Design Building Systems I, 3 hours, Fall odd years

Overview of building systems as related to the construction of the building envelope, materials, code information, healthy indoor air, and sustainable design.

INTD 245. Interior Design Building Systems II, 3 hours, Spring even years

Overview of building systems as related to electrical systems, lighting, and sustainable design. Prerequisite: INTD 244 or instructor's consent.

INTD 246. Architectural Drafting, 6 studio hours, 3 hours, Fall odd years

Examination and execution of architectural drawing and light construction techniques for interior visual design communication. Studio. \$10 fee.

INTD 252. Space Planning, 6 studio hours, 3 hours, Spring odd years

Study and application of analytical, conceptual, and applied aspects of programming and space planning through research and development of the design process for both residential and non-residential environments. Studio. \$10 fee.

INTD 254. Material and Finishes, 3 hours, Spring even years

The study of building products specified by the interior designer for the interior environment to include surface materials and finishes with an emphasis on creating healthy and sustainable spaces.

INTD 256. Computer-Aided Design, 6 studio hours, 3 hours, Spring even years

Study and application of basic computer-aided design (CAD) skills for design visualization. Studio. **Prerequisite: INTD 246 or instructor's consent. \$10 fee.**

INTD 345. History of Architecture and Interiors Before 1830, 3 hours, Fall even years

Historical survey of architectural forms, interior treatments, furnishings, and decorative arts from antiquity through the early 19th century.

INTD 346. History of Architecture and Interiors After 1830, 3 hours, Spring odd years

Historical and aesthetic survey of architectural theories and trends, period styles in furnishings and interiors, and leading designers from the early 19th century to present. **Prerequisite: INTD 345 or instructor's consent.**

INTD 348. Kitchen and Bath Design, 6 studio hours, 3 hours, Fall odd years

Application of the National Kitchen and Bath Association (NKBA) standards for kitchen and bath design. Studio. **Prerequisites: FMD 141, INTD 101, and INTD 246. \$50 fee.**

INTD 350. Residential Design, 6 studio hours, 3 hours, Spring even years

The study of residential design development to include new construction, adaptation, and sustainable building systems. **Prerequisites: FMD 141, INTD 101, and INTD 256. \$10 fee.**

INTD 450. Commercial Design, 6 studio hours, 3 hours, Spring odd years

The study of commercial design development to include new construction, adaptation, and sustainable building systems. **Prerequisites: FMD 141, INTD 101, and INTD 256. \$10 fee.**

INTD 459. Professional Practice, 3 hours, Fall even years

Concepts relating to the business, practice, and profession of interior design. **Prerequisites: Junior or senior standing, CS 135, INTD 101, INTD 252, INTD 254, INTD 256, or instructor's consent.**

INTD 469. Internship in Interior Design, 3 hours, Fall, Spring, Summer

Supervised field experience with an interior design related business. **Prerequisites: CS 135, INTD 101, INTD 252, INTD 254, INTD 256, and instructor's consent.**

Liberal Arts (LA)

LA 101SL. Carson-Newman and the Liberal Arts, 2 hours, Fall, Spring limited

The purpose of a liberal arts education is to expand the students' minds and spirits by exposing them to civilization's fundamental achievements, questions, and debates. As a celebration of the liberal arts, each student at Carson-Newman is required to complete this seminar. The seminar explores the history of Christian liberal arts education and the history of such education at Carson-Newman by investigating the ideals celebrated on Carson-Newman's seal and throughout the University's history: Truth, Beauty, Goodness, Justice, and Courage. The course helps students refine skills that are essential for academic and career success and encourages students to be full and steady participants in the college experience. The goals of the seminar are as follows: to read critically, to listen actively, to reason well, to research effectively, to discuss ideas openly, and to express one's ideas with conviction and respect. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service. *Students should successfully complete this course within the first 30 hours completed at C-N. Students with a four-year baccalaureate degree are not required to take the course. Cannot be taken for additional credit.*

LA 102. Carson-Newman and the Liberal Arts for Transfers, 1 hour, Fall, Spring limited

Explores the history of Christian liberal arts education and the history of such education at Carson-Newman by investigating the ideals celebrated on Carson-Newman's seal and throughout the university's history: Truth, beauty, goodness, justice and courage. Students transferring with fewer than 45 transfer hours should enroll in LA 101SL.

Linguistics (LING)

LING 220. Introduction to Linguistics, 3 hours, Offered as needed

Students will be introduced to the systematic study of human language from a historical and social perspective. Out of that social and historical context, students will be introduced to the subfields of phonology, morphology, syntax, semantics and pragmatics, as well as the basics of linguistic analysis.

178 Linguistics - Management Courses

LING 305. Syntax, 3 hours, Offered as needed

This course provides a general introduction to syntactic theory and to the methodology of constructing a theory of syntax. We will explore syntax from the perspective of Chomsky's principles and parameters approach to language, which seeks to find the universal core of human language, and the parameters within which languages can differ. **Prerequisite: LING 220 highly recommended.**

LING 310SL. Phonology, 3 hours, Offered as needed

This course provides a general introduction to phonological theory and analysis and to the methodology of constructing a theory of phonology. It focuses on crucial phonological concepts such as underlying and surface representations, phoneme and allophone, contrast, alternation, neutralization, distinctive features, and syllable. **Prerequisite: LING 220 highly recommended.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

LING 320. Topics in Linguistics, 3 hours, Offered as needed

Sample topics: phonetics, morphology, language and society in the USA, language variation and change, child language acquisition, second language acquisition. May be repeated with different topics.

LING 327. Translation Theory, 3 hours, Offered as needed

Translation is not the mathematical or simple transfer of words between two languages, but rather a construction. The goal of this course is to provide students with a foundation in the theory, practice, and ethics of translation. **Prerequisites: English 201 and GER, GRK, HEB, or SPAN 202 or higher.**

LING 400. Teaching Assistantship, 1-3 hours, Offered as needed

By prior arrangement and departmental invitation only. Includes classroom experience and work in linguistics pedagogy and teaching methodology. Does not replace student teaching. Does not count as 400-level requirement in major or minor. S/F grading only. **Prerequisite: LING 220.**

LING 415SL. Advanced Topics in Linguistics, 1-3 hours, Offered as needed

Sample topics: Optimality-theory phonology, advanced aspects of phonological/syntactic theory, grammaticalization and language change, the structure of Appalachian English. May be repeated with different topics. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

LING 420. Advanced Seminar in Linguistics, 3 hours, Offered as needed

In-depth study of a topics, issues, formalisms, or theoretical nuances related to linguistics.

LING 430. Language and the Brain/Psycholinguistics, 3 hours, Offered as needed

The basic objective of psycholinguistics is to understand how the human mind/brain supports the learning, comprehension, and production of language. This course provides a hands-on introduction to modern approaches in psycholinguistics. **Prerequisite: LING 220.**

LING 450. Linguistics Research Group, 1-3 hours, Fall, Spring

Faculty-student collaborative research in linguistics. May involve fieldwork, bibliographic research, data analysis, presentation and/or publication of research, etc. May be repeated for up to 8 or 9 credits.). **Prerequisite: LING 220.**

LING 475. Capstone Project, 3 hours, Offered as needed

Management (MGT)

MGT 301SL. Essentials of Management and Leadership, 3 hours, Fall, Spring

An introduction to business management concepts and leadership. Innovative leadership will be embedded into topics throughout the course in areas of traits, behaviors, types of leadership, empowerment, communications, diversity, power, and influence. **Prerequisite: Business Foundation Core.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

MGT 302. Operations Management, 3 hours, Fall odd years

The study and application of widely used quantitative models used in the decision making process such as linear programming, decision analysis, linear regression, plant layout, facility location and quality control. **Prerequisite: Business Foundation Core.**

MGT 306. Organizational Behavior, 3 hours, Spring even years

Studies concepts, theories, and case studies concerning the behavior of people in modern business organizations. Analyzes the internal organization structure and managerial roles and functions, in the business and other goal-oriented institutions. Studies theory and design of organizational structure, impact of work flow, leadership styles, and control systems on human behavior. Same as PSY 306. **Prerequisite: Business Foundation Core.**

MGT 405. Human Resource Management, 3 hours, Spring odd years

Problem solving. Role of people in organizations--a review of the process of recruitment, employee selection, training, performance appraisal, employee benefits, laws governing employer/employee relationships. **Prerequisite: Business Foundation Core.**

MGT 408. Strategic Management, 3 hours, Fall, Spring

A comprehensive interdisciplinary case study course which serves as the capstone course for all business majors. Students work in teams, from the viewpoint of consultants to top management, presenting and defending their analyses and recommendations. **Prerequisites: Business Foundation Core and senior standing, fewer than 18 hours from graduation. \$150 fee.**

MGT 410. Entrepreneurship, 3 hours, Fall even years

Principles and tools required to set up a new business venture. The topics include assessing new opportunities, locating sources of information, organization and legal considerations, securing of financing, preparation of a business plan, and management of the operation. **Prerequisites: Business Foundation Core, junior standing, FIN 301, MGT 301SL, and MKT 300.**

Marketing (MKT)

MKT 300. Principles of Marketing, 3 hours, Fall, Spring

A study of the basic marketing concepts and functions in market-oriented organizations. This course will focus on issues such as understanding buyers and markets, selecting a target market, and decisions regarding the four P's of marketing: product, price, place, and promotion. **Prerequisites: Business Foundation Core, junior/senior standing or instructor's consent.**

MKT 350. Consumer Behavior, 3 hours, Fall even years

This course examines the nature and dynamics of customer markets and what influences product or service utilization and purchase decisions. Emphasis is placed on how business organizations conceptualize, gather, and analyze data needed by managers to learn about customers in markets. **Prerequisite: Business Foundation Core and MKT 300.**

MKT 400. Marketing Management, 3 hours, Spring odd years

The study of the Marketing Concept, environmental trends and the development of product, distribution, promotional, as well as pricing strategies. Students will make a major presentation on some current issue relating to marketing. **Prerequisites: Business Foundation Core, MGT 301SL, MKT 300, junior/senior standing.**

MKT 407. Marketing Research Methods and Design, 3 hours, Fall odd years

Methods and techniques for market analysis, business and economic forecasting, and analysis of consumer behavior and related problems of a mixed economy. **Prerequisites: Business Foundation Core and MKT 300.**

MKT 442. The Promotional Mix of Marketing, 3 hours, Spring even years

A study of the tools used to accomplish an organization's integrated marketing communications program, including advertising, sales promotion, personal selling, and public relations. **Prerequisites: Business Foundation Core and MKT 300.**

Mathematics (MATH)

MATH 105. Number and Operations for Teachers, 3 hours, Fall

Recommended for prospective elementary teachers. Properties of numeration systems, properties of whole numbers, integers, and rational numbers; topics from algebra, including solving equations and inequalities. **Prerequisite: High school algebra II or ASE 034.**

MATH 106. Data Analysis and Geometry for Teachers, 3 hours, Spring

Recommended for prospective elementary teachers. Real numbers; topics from algebra, probability, statistics, trigonometry, and geometry. **Prerequisite: High school algebra II or ASE 034.**

MATH 120. Introduction to College Mathematics, 3 hours, Fall, Spring

Not intended for students who are planning to enroll in a college calculus course. A liberal arts mathematics course that emphasizes modeling and applications to real world problems. **Prerequisites: High school Algebra II or ASE 034.**

MATH 125. Precalculus, 4 hours, Spring

For students planning to enroll in a college calculus course. A study of elementary functions - polynomial exponential, logarithmic, trigonometric, rational - their graphs, and applications. Note: A student who has previously received college credit for a calculus course will not receive credit for MATH 125. **Prerequisites: High school Algebra II or ASE 034.**

MATH 151. Calculus I, 3 hours, Fall

First year course in single-variable calculus, primarily intended for science, pre-engineering, and mathematics majors. Differential calculus with applications. **Prerequisite: MATH 125 or equivalent.**

MATH 152. Calculus II, 3 hours, Spring

First year course in single-variable calculus, primarily intended for science, pre-engineering, and mathematics majors. Integral calculus with applications. **Prerequisite: MATH 151 or instructor's consent.**

180 Mathematics Courses

MATH 201. Statistical Concepts and Methods, 3 hours, Fall, Spring, Summer

Basic statistical concepts including populations, samples, analysis and inference. One and two dimensional discrete and random variables. Applications of normal, t, chi square, F and binomial random variables. R statistical software. Same as PSY 203 and SOC 203. **Prerequisites: Strong algebra background evidenced by math ACT 21 (math SAT 530) or MATH 106, 120, or 125.**

MATH 207. Discrete Mathematics, 3 hours, Fall

Binary and hexadecimal number systems, sets and set operations, logic, proofs, permutations, combinations, and graph theory. **Prerequisite: instructor's consent.**

MATH 208. Linear Algebra I, 3 hours, Spring

Fundamentals of linear algebra: systems of linear equations, matrix and vector algebra, determinants, eigenvalues, Euclidean space and complex numbers, and applications. **Prerequisites: MATH 125.**

MATH 211. Calculus III, 3 hours, Fall

An overview of multi-variable calculus. Topics include: partial derivatives, double integrals, vector geometry, parametric/vector-valued functions, polar coordinates, infinite sequences and series. **Prerequisite: MATH 152.**

MATH 212. Introduction to Abstract Mathematics, 3 hours, Spring

Designed to help bridge the gap from predominantly problem solving courses to those courses that have a significant amount of abstract content. Emphasis to instill mathematical maturity through creating, writing and comprehending proofs. **Prerequisite: MATH 207.**

MATH 303. Differential Equations, 3 hours, Offered periodically

First order, first degree equations, linear differential equations, applications to geometry, physics, biology, chemistry and the behavioral sciences. **Prerequisite: MATH 152 or instructor's consent.**

MATH 304. Mathematical Modeling, 3 hours, Offered periodically

Construction and analysis of mathematical models used in science, business and industry. **Prerequisites: MATH 152 and 207, CSC 107.**

MATH 306. Modern Geometries, 3 hours, Fall

Foundations of geometry. An axiomatic approach to Euclidean geometry, with a brief introduction to non-Euclidean geometries. **Prerequisite: MATH 212.**

MATH 313. Calculus IV, 3 hours, Spring

Extends Calculus III to further concepts and applications of multi-variable calculus and vector calculus. Topics include Taylor series, multiple integrals, motion in space, optimization, and vector fields. **Prerequisite: MATH 211.**

MATH 320. Special Topics, 3 hours, Offered periodically

An exploration of a current topic in mathematics. May be repeated if taken with different topics. **Prerequisite: Instructor's consent.**

MATH 325SL. Principles of STEM Communication, 2 hours, Fall

Develop communication skills in the STEM disciplines and become familiar with tools used to help communicate STEM concepts. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service. Same as CSC 325SL and PHYS 325SL.

MATH 404. Abstract Algebra, 3 hours, Fall

The structure of algebra: elements of number theory, groups, rings, integral domains and fields. **Prerequisite: MATH 212.**

MATH 405. Advanced Calculus, 3 hours, Offered periodically

The theory of sequences, series, differentiation, and Riemann integration of functions of one or more variables. **Prerequisites: MATH 211 and 212.**

MATH 406. Mathematical Statistics, 3 hours, Offered periodically

Discrete and continuous distributions, mathematical expectation, the Central Limit Theorem, point and interval estimation, multivariate probability **Prerequisite: MATH 213.**

MATH 408. Numerical Methods, 3 hours, Offered periodically

Solving numerical problems via computer. Number systems and errors, function evaluation and approximation, root finding, interpolation, quadrature, numerical linear algebra, systems of equations, algorithm complexity. **Prerequisites: CSC 107, MATH 207, 211, and 303 or 403.**

MATH 409. Complex Analysis, 3 hours, Offered periodically

The theory of functions of a complex variable, including analytic functions, contour integrals, and applications. **Prerequisite: MATH 211.**

MATH 412. Senior Seminar in Mathematics, 3 hours, Fall

Fundamental ideas of mathematics and their connections within their historical contexts. This is the capstone course in mathematics. **Prerequisite: MATH 212 and at least one other MATH course at the junior/senior level.**

MATH 414. Linear Algebra II, 3 hours, Spring

A continuation of MATH 208. Further study of algebraic structures, with an emphasis on vector spaces. **Prerequisite:** MATH 208.

MATH 450. Senior Project, 1 hour, Fall, Spring

An independent investigation of some topic in the field that is of interest to the student and his/her career objectives. The student will be directed by a member of the faculty to research appropriate sources, write a paper, and make an oral presentation of the findings.

Military Science (MILS)

MILS 100. Military History of the US, 3 hours, Spring

Introduction to critical thinking, grounded in military history, as the basis for decision making. This course will examine military history of the U.S. from 1776 to the present. It will seek to develop students' awareness of the relationship of the military establishment to society, particularly in the United States. It will examine the evolution of war and the progression of military professionalism, giving the student an awareness of the history and purpose of joint operations, role of history in understanding the Army profession, and encourage the viewing of American military history from both joint and combined perspectives. Same as HIST 100.

MILS 101. Introduction to the Army and Critical Thinking, 1 hour, Fall

Cadets will learn how the personal development of life skills such as cultural understanding, goal setting, time management, stress management, and comprehensive fitness relate to leadership, officership, and the Army profession. The focus is on developing basic knowledge and comprehension of Army leadership dimensions, attributes and core leader competencies while gaining an understanding of the ROTC program, its purpose in the Army, and its advantages for the student. *\$10 fee.*

MILS 102. Introduction to the Profession of Arms, 1 hour, Spring

Cadets will learn how Army ethics and values shape the Army and the specific ways that these ethics are inculcated into Army culture. Cadets can expect to explore the seven Army Values, Warrior Ethos, explore the Profession of Arms, Army Leadership and critical communication skills. *\$10 fee.*

MILS 103. Physical Conditioning I, 1 hour, Fall

Introduction to physical fitness. Set and meet a physical fitness goal. Learn the principles of fitness and apply these principles to pass the Army Physical Fitness Test. Same as PE 013.

MILS 104. Physical Conditioning II, 1 hour, Spring

Progressive conditioning program. Army Physical Fitness Test is given as midterm and final. Same as PE 013.

MILS 201. Leadership and Decision Making, 2 hours, Fall

Primarily is drawing from the Adaptability ALA. The outcomes are demonstrated through Critical and Creative Thinking and the ability to apply Troop Leading Procedures (TLP). Comprehension of the officer's role in Leading Change by applying innovative Solutions to Problems in concert with the Principles of Mission Command. The Army Profession is also stressed through leadership forums and a leadership self-assessment. *\$10 fee.*

MILS 202. Army Doctrine and Team Development, 2 hours, Spring

Begins the journey to understand and demonstrate Cross-Cultural Competencies as they relate to Army doctrine and how they apply in a combatant commander's Engagement Strategies. Army Values, Teamwork, and Warrior Ethos and their relationship to the Law of Land Warfare and philosophy of military service are also stressed. The ability to lead and follow is also covered through Team Building exercises in small units up to squad level. Students are then required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during Leadership Labs (team building exercises, LTXs, VBS exercises). *\$10 fee.*

MILS 203. Airborne Operations, 2 hours, Summer

Students who successfully complete this three week course at Fort Benning, Georgia are awarded the coveted Army Parachutist Badge. The course has three phases: Ground Week, Tower Week, and Jump Week. Students make five static line qualification parachute jumps during the third week from military cargo aircraft. The course is very physically demanding. To qualify, students must pass an Airborne Physical Readiness Test.

Prerequisite: U.S. Army ROTC Cadet status or permission of the Professor of Military Science.

MILS 204. Airmobile Operations, 2 hours, Summer

Students who successfully complete this two week course at an Army post are awarded the prestigious Air Assault Badge. The course includes active participation in aircraft safety and familiarization in pathfinder techniques, airmobile insertions, basic rappelling and knots, advanced rappelling, helicopter rappelling, medical evacuation procedures and rigging/sling loading of rotary wing aircraft. Offered annually during the summer. **Prerequisite:** U.S. Army ROTC Cadet status or permission of the Professor of Military Science.

MILS 265. Master Fitness Trainer Course Internship, 2 hours, Summer

The Master Fitness Trainer Course (MFTC) trains selected Noncommissioned Officers (NCOs) and Commissioned Officers in all aspects of the Army's Physical Readiness Training (APRT) system so they can be unit advisors on physical readiness issues and monitor unit and individual physical readiness programs. The instruction includes the science of exercise, physical fitness assessment, exercise training principles, exercise prescription, exercise leadership, and development of individual and unit physical readiness programs in accordance with current Army doctrine and regulations.

182 Military Science - Music Courses

MILS 300. ROTC Cadet Basic Camp, 6 hours, Summer

Four weeks of military training at Fort Knox, KY, to qualify for the ROTC Advanced course. Equal to first two years of the on-campus program. The Army pays housing, meals, travel expenses and a stipend (approximately \$700) for the period. ROTC scholarships available.

MILS 301. Training Management and the Warfighting Functions, 3 hours, Fall

Challenges cadets to study, practice, and apply the fundamentals of Army Leadership, Officership, Army Values and Ethics, Personal Development, and small unit tactics at the platoon level. Cadets receive systematic and specific feedback on their leadership attributes values, and core leader competencies from instructor, other ROTC cadre, and MSL IV Cadets using the Cadet Officer Evaluation System (OES). **Prerequisite: MILS 202 or 300 or consent of Professor of Military Science. \$150 fee.**

MILS 302. Applied Leadership in Small Unit Operations, 3 hours, Spring

Builds on the lessons learned and leadership attributes gained and developed during MILS 301. This is an academically challenging course where Cadets will study, practice, and apply the fundamentals of Army Leadership, Officership, Army Values and Ethics, Personal Development, and small unit tactics at the platoon level. At the conclusion of this course, Cadets will be capable of planning, coordinating, navigating, motivating, and leading a squad and platoon in the execution of a mission during a classroom PE, a Leadership Lab, or during a Leader Training Exercise (LTX). **Prerequisite: MILS 202 or 300 or consent of Professor of Military Science. \$150 fee.**

MILS 303. ROTC Cadet Advance Camp, 4 hours, Summer

Five weeks of practical leadership application training, performed primarily in a field environment, at an Army installation between the junior and senior years. Nurses may attend a three week clinical phase in an Army hospital. The Army pays housing, meals, travel expenses and a stipend (approximately \$700) for the period. **Prerequisites: MILS 302 and consent of Professor of Military Science.**

MILS 304. Cadet Troop Leader Training, 3 hours, Summer

Assignment off-campus in an officer role with an active Army unit for three to five weeks in the summer after completion of the Leadership Development and Assessment Course. **Prerequisites: MILS 302 and 303 and consent of Professor of Military Science.**

MILS 305. Nurse Summer Training Program (NSTP), 2 hours, Summer

A three-week clinical experience for selected nurse cadets providing opportunities to develop and practice leadership skills in a clinical environment. Incorporates use of military, leadership, clinical nursing, administrative, and interpersonal skills. Will meet the 2 semester hour elective for nursing majors. Same as NURS 411. **Prerequisites: NURS 303 or permission of the Professor of Military Science.**

MILS 306. Military Science Practicum I, 1 hour, Fall, Spring

Participation on the intercollegiate Ranger Competition Team, Carson-Newman Color Guard, Marksmanship Competition Team or other selected official Military Science regular, on-going, supervised activities. **Prerequisite: Enrollment in the ROTC Program and permission of the Professor of Military Science.**

MILS 307. Military Science Practicum II, 1 hour, Fall, Spring

Additional hands-on experience in military enrichment activities which contribute to the development of leadership and management such as the intercollegiate Ranger Competition Team, Carson-Newman Color Guard, Marksmanship Competition Team, Eagle Battalion Drill Team, and other selected official Military Science regular, on-going, supervised developmental activities. **Prerequisites: Enrollment in the ROTC Program and permission of the Professor of Military Science.**

MILS 401. The Army Officer, 3 hours, Fall

Develops cadet proficiency in planning, executing and assessing complex operations, functioning as a member of a staff, and providing performance feedback to subordinates. Cadets assess risk, make ethical decisions, and lead fellow Army ROTC cadets. They identify responsibilities of Key staff, coordinate staff roles, and use situational opportunities to teach, train and develop subordinates. **Prerequisites: MILS 302 and 303 and consent of Professor of Military Science. \$150 fee.**

MILS 402. Company Grade Leadership, 3 hours, Spring

Explores the dynamics of leading in the complex situations of current military operations in today's operational environment. Cadets examine differences in customs and courtesies, military law, principles of war and rules of engagement in the face of international terrorism. They also explore aspects of interacting with nongovernmental organizations, civilians on the battlefield and host nation support. The course places significant emphasis on preparing cadets for their unit of assignment. **\$150 fee.**

Music (MUS)

Applied Music, Fall, Spring, Summer

Literature, technique, and for voice students, diction, are taught through private lessons, recitals, and examinations. Course numbers which begin with 1 (e.g., MUS 150) are taken by non-music majors and freshman/sophomore music majors. Course numbers which begin with 3 (e.g., MUS 350) are taken by music majors who have achieved upper division status. Instruction for applied courses at the 100 and 300 level is offered as variable credit 1-3 hours for music majors only. Non-music majors may only enroll for one(1) credit hour per semester of instruction:

Piano	150, 350*
Organ	152, 352*
Voice	155, 355*
Guitar	157, 357*
Flute	161, 361*
Oboe	162, 362*
Clarinet	163, 363*
Bassoon	164, 364*
Saxophone	165, 365*
String Bass	167, 367*
Violin	168, 368*
Cello	169, 369*
Percussion	170, 370*
Trumpet	171, 371*
Horn	172, 372*
Trombone	173, 373*
Euphonium	174, 374*
Tuba	175, 375*

**May be taken more than once for credit.*

Fees for applied lessons for accompanists are based on number of minutes of weekly lesson and credit hours registered. Additional fees are required during the semester the student gives a recital. Fees for lessons range from \$180 to \$270 per semester and the recital fee is \$75 for a 30 minute recital and \$100 for a 60 minute recital.

MUS 010. Marching Band, 1 hour*

May count for PE credit.

MUS 011. Symphonic Winds, 1 hour*

Open to all students.

MUS 012. Wind Ensemble Brass, .5 hour*

Select instrumental ensemble. Admission by permission of instructor.

MUS 013. Jazz Ensemble, .5 hour*

Select instrumental ensemble. Admission by permission of instructor.

MUS 015. Wind Ensemble Woodwinds, .5 hour*

Select instrumental ensemble. Admission by permission of instructor.

MUS 016. Handbell Ensemble, .5 hour*

Small handbell ensemble. Admission by permission of instructor.

MUS 017. Piano Ensemble, .5 hour*

Students will be coached on standard literature for piano duet and for two pianos. Counts as ensemble credit for keyboard majors. Admission by permission of instructor.

MUS 018. Wind Ensemble Percussion, .5 hour*

Select instrumental ensemble. Admission by permission of instructor.

MUS 020. A Cappella Choir, 1 hour*

Mixed choral group. Admission by audition.

MUS 021. Men's Chorus, 1 hour*

Open to all students without audition.

MUS 022. Women Singers, 1 hour*

Open to all students without audition.

MUS 025. Small Choral Ensemble, .5 hour*

Redemption, auditioned vocalists and instrumentalists, repertoire of Contemporary Christian music, perform in area churches, chapel and for campus events.

184 Music Courses

MUS 026. Contemporary Ensemble Lab, .5 hour, Offered as needed

The Contemporary Ensemble Lab provides students hands-on, laboratory-based instruction where they can learn, teach, rehearse, and perform with groups intended to support worship with a local church congregation. **Prerequisites: Any two of the following - Keyboard Improvisation in Worship, Guitar, Percussion, or Voice.**

MUS 030. Lyric Theatre, 1 hour*

Music theatre/opera study through performance laboratory.

MUS 031. Orchestra, 1 hour, Fall, Spring

Admission by audition.

MUS 035. Instrumental Chamber Ensemble, .5 hour, Fall, Also Spring as needed*

Small to medium instrumental chamber ensemble and/or opera/theatre orchestra.

MUS 100. Beginning Music Theory for Majors, 3 hours, Fall

Studies in intervals, scales, key signatures, chords, notation, rhythm, ear training, and sight singing for music majors preparing to take MUS 111.

MUS 101. Class Piano, 1 hour

Beginning piano instruction for students with no previous skills. Emphasizes introductory music theory and chord playing.

MUS 102. Class Voice, 1 hour*

Beginning vocal instruction for the general student and secondary applied music students, instruction in posture, breathing, phonation, resonance, diction, and interpretation in a class setting.

MUS 103, Class Piano I, 1 hour, Fall, Spring

Beginning piano instruction for music majors with limited prior study. Emphasizes development of functional skills, sight-reading, transposition, harmonization, improvisation, technique, and playing by ear. **Prerequisite: MUS 101 or instructor's consent.**

MUS 104, Class Piano II, 1 hour, Fall, Spring

In addition to the procedures and rules, students will learn methods to respond to applicable adverse and volatile situations. Career opportunities and methods for certification will be covered.

PE 235. Coaching Techniques in Strength Training and Conditioning, 3 hours, Offered periodically

Course will assist with the necessary skills and knowledge to establish and coach a weight training program at the secondary school level.

PE 247. Principles in Physical Therapy, 2 hours, Offered periodically

The career of physical therapy is explored including the history, laws, code of conduct, role, and practices within the profession. Students will learn appropriate foundational methods for rehabilitative practices.

PE 300. Teaching Assistantship, 1-3 hours, Fall, Spring

Assist with preparation for and management of physical education courses. **Prerequisite: Department chair's consent.**

PE 302SL. Teaching Health and Physical Education in Elementary School, 3 hours, Spring

Teacher methodology for developmentally appropriate K-5 physical education and health. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PE 303. Teaching and Assessment in Rhythmic Movement and Educational Gymnastics, 3 hours, Spring

Students will learn planning, organizing, assessment, and teaching activities for children's rhythmic movement and educational gymnastics. Scope, content, and skill practice will be explored.

PE 308. American Red Cross Water Safety Instructor Training, 3 hours, Offered periodically

Preparation for teaching swimming and waterfront safety. **Prerequisite: Advanced swimming skills.**

PE 310. Sports Administration, 3 hours, Offered periodically

Principles and methods of athletic administration. Topics include: Duties and Responsibilities of Administrators, Management of Personnel and Resources, and Contemporary Issues.

PE 311SL. Sport as Mission, 3 hours, Fall even years

Students will understand sport as a Christian mission. Coaching, athletic management, and recreation are explored in light of a Christian worldview. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PE 318. Practical Skills for Professionals in Sport and Recreation Management, 3 hours, Fall odd years

A theological foundation for sport mission is established. An overview of coaching, athletic management, and recreation are explore in light of the Scriptures. **Prerequisite: junior/senior standing or instructor's consent.**

PE 320. Special Topics in Physical Education, 1-3 hours, Offered as needed

A wide variety of topics in physical education, movement pedagogy, and education methods are explored in this contemporary research and special topics course. Relevant issues including conditioning, nutrition and supplementation, and biomechanics are analyzed. **Prerequisite: junior/senior standing or instructor's consent.**

PE 335. Ethical Consideration in Sport, 3 hours, Fall odd years

Students will understand decision making and ethical dilemmas in sport. Varied ethical perspectives are analyzed through the conflicts presented in sports-related questions. Course readings and lectures examine the theoretical constructs of ethical decision-making. Throughout this course, students develop their own sport philosophy and ethical standards regarding sport. **Prerequisites: PE major, junior level standing or instructor's consent.**

PE 360SL. Teaching and Assessment of Individual and Dual Sports, 3 hours, Spring

Pedagogy of individual and dual sports is learned as students learn and practice teaching and assessment for a variety of sport and leisure activities. **Prerequisites: PE major.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PE 361SL. Teaching and Assessment of Team Games and Leisure Activities, 3 hours, Fall

Pedagogy of team games and leisure activities is learned as students learn and practice teaching and assessment for a variety of sport and leisure activities. **Prerequisites: Junior/senior standing or instructor's consent.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PE 402. Human Motor Learning and Performance, 3 hours, Fall

The study of theory of how humans coordinate and control human movement and the application of that theory for teaching motor skills to include memory, attention, feedback, practice schedules, and transfer are explore. **Prerequisites: junior/senior standing or instructor's consent; admission into Teacher Education Program I.**

PE 403. Teaching Physical Education and Wellness in the Secondary School, 3 hours, Fall odd years

Teacher methodology for 6-12 physical education and wellness. Students will need to pay for and pass the Praxis health exam for successful completion of this course. **Prerequisite: Admission into Teacher Education Program I.**

PE 404. Measurement and Evaluation, 3 hours, Offered periodically

Selection and administration of PE related tests. Interpretation and communication of results.

PE 406. Motor Development, 3 hours, Fall even years

The course focuses on skill acquisition and performance at various developmental stages throughout the lifespan. This developmental approach emphasizes how motor behavior is influenced by the integration of psychological, sociological, cognitive, biological, and mechanical factors.

PE 407SL. Adapted Physical Education, 3 hours, Fall

Design and implementation of adaptations to meet the needs of disabled children and adults. **Prerequisites: One physical education teaching methods class needs to be completed as a prerequisite or instructor's consent.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PE 408. Sport Mechanics, 3 hours, Fall odd years

Concepts of mechanics are explored as related to human movement, exercise, sport, and physical activity. The mechanical and anatomical principles are applied so students develop the ability to analyze movement.

PE 440. Policy and Risk Management in Sport and Recreation, 3 years, Fall odd years

A thorough understanding of policy issues pertaining to athletics and recreation is developed in this course. This course provides an analysis of risk management strategies essential for safe and effective sport and recreation settings. **Prerequisites: Junior standing and instructor's consent.**

PE 469. Exercise, Recreation, and Sport Sciences Internship, 3-6 hours, Fall, Spring, Summer

Students will have had a leadership opportunity through assigned work experience. The teacher works with the cooperating institution to develop a learning experience beneficial to the specific student needs. A supervisor/mentor facilitates specific assignments and participates in a final evaluation supported by journal and portfolio. **Prerequisite: Department chair's consent.**

Physics (PHYS)

PHYS 100. Physics in Everyday Life, 3 hours, Offered periodically

An introduction to a variety of principles of physics that have applications to everyday life. Intended for non-science majors. Two lectures and one two-hour lab a week.

PHYS 101. Physics of Musical Sound, 3 hours, Offered periodically

An investigation of variety of fundamental physics principles and their application to the production, transmission and perception of sounds. Primarily intended for music majors and students with some music experience. Two lectures and one two-hour lab a week.

PHYS 102. Basic Physics and Astronomy, 3 hours, Offered periodically

An introduction to the major concepts and principles of physics and astronomy. Intended primarily for students pursuing licensure in K-8 education. Not open to students who have taken either PHYS 100 or 110. Two lectures and one two-hour lab per week.

PHYS 103. General Physics I, 4 hours, Fall

An application of physical principles, logic, and mathematical examination to understanding motion. Topics include forces, collisions, momentum, energy, rotations, fluids, and heat. Three lectures and one three-hour lab a week. **Prerequisite: MATH 120 or ACT math score of 24 or higher, or instructor's consent.**

PHYS 104. General Physics II, 4 hours, Spring

A continuation of PHYS 103, focusing on the nature of sound and light, electromagnetic phenomena, and optics. Three lectures and one three-hour lab a week. **Prerequisite: PHYS 103.**

194 Physics Courses

PHYS 110. Elementary Astronomy, 3 hours, Offered periodically

A survey of the tools and techniques of astronomy, our solar system, the stars, galaxies, and the structure of the universe. For non-science majors. Two lectures and one lab a week.

PHYS 201. Principles of Physics I, 4 hours, Fall

An application of physical principles, logic, and calculus to understanding motion. Topics include forces, collisions, momentum, energy, rotations, fluids, and heat. Three lectures and one three-hour lab a week. **Pre- or Corequisite: MATH 151.**

PHYS 202. Principles of Physics II, 4 hours, Spring

A continuation of PHYS 201, focusing on the nature of sound and light, electromagnetic phenomena, and optics. Three lectures and one three-hour lab a week. **Prerequisite: PHYS 201.**

PHYS 301. Electronics, 3 hours, Offered periodically

A study of electronic circuits and the nature of modern instruments commonly used in scientific labs. Topics include integrated circuits, analog and digital electronics, and logic circuits. Combined lecture and laboratory. **Prerequisites: PHYS 201 and MATH 152.**

PHYS 302. Electrodynamics, 3 hours, Spring odd years

An intermediate treatment of classical electricity and magnetism, including the use of vector calculus. Topics include fields, potentials, electromagnetic waves, and Maxwell's equation. **Prerequisites: PHYS 202 and MATH 152.**

PHYS 304. Thermodynamics, 3 hours, Fall even years

A study of gases, liquids, and solids, as well as an introduction to atomic and molecular structure. **Prerequisites: CHEM 104 and MATH 152; corequisite: PHYS 314.** Same as CHEM 401.

PHYS 307. Modern Physics, 3 hours, Fall odd years

A course covering Einstein's theory of special relativity, atomic physics, and elementary particles. **Prerequisite: PHYS 202.** Same as CHEM 403.

PHYS 308. Quantum Mechanics, 3 hours, Spring even years

A mathematical formulation of elementary quantum theory and its application to atoms and solids. **Prerequisite: PHYS 307.**

PHYS 313. Nuclear Physics, 3 hours, Offered periodically

An introduction to nuclear and elementary-particle physics. Topics covered typically include: nuclear models, radioactivity, nuclear reactions, fission, fusion, nuclear energy, nuclear weapons, and elementary particles. **Prerequisite: PHYS 307 or instructor's consent.**

PHYS 314. Thermodynamics Laboratory, 1 hour, Fall even years

Laboratory to accompany PHYS 304. Topics include gases, thermodynamics and phase equilibria. One three-hour lab a week. **Corequisite: PHYS 304.** Same as CHEM 415.

PHYS 318. Experimental Physics, 2 hours, Spring even years

A lab course designed to give students an understanding of data collection, experimental procedures, and analysis techniques. Both modern and classical experiments will be conducted. One lecture and one two-hour lab per week. **Prerequisite: PHYS 202.**

PHYS 320. Optics, 3 hours, Offered periodically

A study of wave nature of light and its application to scattering, reflection, interference, diffraction, and refraction. **Prerequisites: PHYS 202 and MATH 152.**

PHYS 325SL. Principles of STEM Communication, 2 hours, Fall

Develop communication skills in the STEM disciplines and become familiar with tools used to help communicate STEM concepts. This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service. Same as CSC 325SL and MATH 325SL.

PHYS 330. Mechanics, 3 hours, Fall even years

An application of vector calculus, generalized coordinates, differential equations, and Lagrangian and Hamiltonian formulations to solve problems in mechanics. Topics include rigid bodies, rotations, and oscillations. **Prerequisite: PHYS 202. Corequisite: MATH 211.**

PHYS 362. Energy and the Environment, 3 hours, Offered periodically

A study of energy and its influence on our lives, sources of energy, future shortages, social and political aspects of energy issues, environmental issues, alternative energy, and energy conservation.

PHYS 400. Teaching Assistantship, 1 hour, Offered on Demand

A course designed to help prepare students for teaching in graduate school. Students assist faculty with labs, grading, and other activities deemed appropriate by the instructor and in accordance with school policy. May be repeated once for credit. **Prerequisites: Senior standing and instructor's consent.**

PHYS 401. Special Topics in Physics, 3 hours, Offered periodically

A study of current research in physics or other areas which are deemed appropriate by the department. Topics might include solid state physics, nuclear physics, mathematical methods of physics, acoustics, or others. May be repeated for credit. **Prerequisites: PHYS 201 and MATH 152.**

PHYS 491. Senior Seminar, 1 hour, Fall

Introduction to physics literature and journals as well as other selected projects such as resume preparation and skills of the short interview. One lecture hour a week. **Prerequisite: Senior standing and instructor's consent.**

PHYS 495. Physics Research, 1-3 hours, Offered on demand

Experiments which introduce students to a variety of physical phenomena. The topic is selected by the student and a faculty member. May be repeated for credit. **Prerequisite: Instructor's consent.**

PHYS 496. Physics Internship, 1-3 hours, Offered on demand

Students have the opportunity to obtain academic credit for work experience normally completed during the summer. Both oral and written presentations dealing with the experience are required. May be repeated for credit. **Prerequisite: Instructor's consent.**

PHYS 497. Senior Studies, 1-3 hours, Offered on demand

A student chooses and studies a topic of particular interest on an individual basis. May be repeated for credit. **Prerequisite: Instructor's consent.**

Political Science (PSC)

PSC 101. Introduction to Civil Rights and Liberties, 3 hours, Fall, Summer periodically

Emphasis on historical background and contemporary issues related to civil rights and liberties in the United States.

PSC 102. American Government and Politics, 3 hours, Fall, Spring, Summer periodically

Study of American government and politics with emphasis on the Constitution, branches of government, public opinion, voting behavior, and campaigns and elections. **PSC 101 is not a prerequisite.**

PSC 105. Introduction to the Legal Profession, 1 hour, Fall odd years

Role of participants in the legal system. Various types of lawyers will be guest speakers each week.

PSC 200. Moot Court, 2 hours, Fall

Students will develop research, writing, oral communication and team building skills by writing a brief and preparing arguments for the AMC3 Moot Court Challenge competition. **Prerequisite: Instructor's consent.**

PSC 201. Global Politics, 3 hours, Fall odd years

Examination of contemporary events and issues across the international system including the role of the United States in those issues.

PSC 300. Teaching Assistantship in Political Science, 1-3 hours, Fall, Spring

Teaching assistantship for majors by departmental invitation.

PSC 302. Faith, Freedom and the Individual, 3 hours

See HONORS PROGRAM.

PSC 303. American Political Behavior, 3 hours, Spring every 4 years following presidential election year

Voting behavior, political power and its acquisition, public opinion, propaganda, polling, surveys and techniques of political analysis.

PSC 312. Modern Middle East, 3 hours, Offered periodically

Emergence of the modern Middle East from the late eighteenth century through the present by focusing on political and cultural changes. Same as HIST 312.

PSC 313. Introduction to International Relations, 3 hours, Spring odd years

Survey of the international relations field including theoretical background and contemporary issues.

PSC 314. International Human Rights, 3 hours, Offered periodically

Issues surrounding international human rights including how they are defined, the role of the United Nations and international law, and current controversies.

PSC 315. Contemporary International Issues, 3 hours, Offered periodically

An examination of current issues in global politics.

196 Political Science Courses

PSC 316. Comparative Politics, 3 hours, Once every 3-4 years

Comparison of contemporary political systems. Students will examine institutions and issues from industrialized to underdeveloped states. Country profiles are presented to highlight significant features.

PSC 317. The European Union, 3 hours, Once every 3-4 years

Introduction to the historical evolution and contemporary structure of the European Union. Students will examine the major political institutions and policy process within a regional entity comprised of sovereign actors. In addition, students will focus on contemporary issues like domestic pressure, migration, fiscal policy, common defense, political parties, and democratization.

PSC 318. Political Parties and Electoral Systems, 3 hours, Once every 3-4 years

Comparative examination of political party systems and party families. Students will begin with coverage of mainstream parties within the United States before transitioning to party families common through the world. Ideological features of Communist, Liberal, Conservative, Christian Democratic, Socialist, Social Democratic, Greens and Radical Right parties are presented. In addition, features of dominant party, two-party, and multi-party systems will be explored.

PSC 320. Special Topics in Political Science, 1-3 hours, Offered periodically

An examination of a specific area of study in the discipline. Can be repeated for credit when topic changes.

PSC 321. American Political Thought, 3 hours, Spring every 2-3 years

Survey from Puritans to modern thinkers. Same as HIST 321.

PSC 323. Global Feminisms: Women in the Modern World, 3 hours, Fall odd years

Explores the history of women in the 20th/21st century from a global and thematic perspective by looking at middle class feminism and working class unionism; women in political revolutions and women in peace movements; women and the development of human rights; the development of women's history; and women and the politics of globalization, development, and environmental politics. Same as HIST 323.

PSC 324. Popular Culture and American Politics, 3 hours, Once every 2-3 years

Popular culture related to American politics and government focusing on the role of film, television, fiction, and music. Specific topic will vary.

PSC 330. Law in American Society, 3 hours, Once every 3-4 years

Law as a process through which social problems are addressed. Attention devoted to the structure and function of the U.S. legal system (federal and state). Current controversial legal issues will also be discussed.

PSC 335. Church-State Relations, 3 hours, Once every 3-4 years

An examination of the historical roots and contemporary status of church-state relations in America with a focus on the writings of Madison, Jefferson, key court decisions, and the current political culture.

PSC 336. Administrative Law, 3 hours, Once every 2-3 years

Legal status of actions undertaken by government agencies through the study of court decisions.

PSC 337. Contemporary Criminal Procedure, 3 hours, Every 3-4 years

Emphasis on fourth, fifth, sixth, eighth, and fourteenth amendment issues in a chronological perspective. These criminal procedure rights will be analyzed in terms of the effects of US Supreme Court decisions on law enforcement and criminal defense.

PSC 338. Women and the Law, 3 hours, Every 2-3 years

Study of historical and contemporary gender-based discrimination via examination of state and federal court decisions concerning statutory, constitutional based and traditional schemes of such discrimination.

PSC 339. Right to Privacy, 3 hours, Every 3-4 years

The historical roots and contemporary applications of the right to privacy in the United States through an examination of US Supreme Court and lower court rulings.

PSC 365. Washington Semester, 3-9 hours, Offered as needed

Internship in the nation's capitol. Students learn about the workings of federal government under supervision of a US congressman out of whose office they work. Approvals from instructor, committee and Washington office required during semester prior to participation. **Prerequisite: senior standing.**

PSC 403. Southern Politics and Culture, 3 hours, Once every 3-4 years

An examination of the rise of a distinctive southern political and cultural outlook and the degree to which it presently may be losing that distinctiveness. Colonial Era to Present.

PSC 438. American Constitutional Law I, 3 hours, Fall every 2 years

Constitutional interpretation and judicial review. Supreme Court decisions in business and economic matters.

PSC 439. American Constitutional Law II, 3 hours, Spring every 2 years

Civil liberties cases. **PSC 438 is not a prerequisite.**

PSC 491SL. Senior Seminar in Political Science, 2 hours, Fall

Reading/discussion based course covering contemporary political issues. Students will write a significant research paper. Capstone course for political science majors. This is a service learning course and may require an additional time commitment outside of class.

Psychology (PSY)

PSY 101. Introduction to Behavioral Science, 3 hours, Fall, Spring

Empirical methods, brain function, perception, learning, memory, emotion, cognition and motivation.

PSY 102. Understanding Human Behavior, 3 hours, Fall, Spring

Human development, personality theory, abnormal and health behavior, therapy, interpersonal and social processes.

PSY 201. Adult Psychology, 1 hour, Fall

Research and practical applications in patterns of mature living. Will be the adult development module of PSY 206. Students who have taken or plan to take PSY 206 or CFS 206 may not take PSY 201. Students who take PSY 201 after PSY 06 or CFS 206 will not receive credit for the course. **Instructor Permission.**

PSY 203. Statistical Concepts and Methods, 3 hours, Fall, Spring, Summer

Basic statistical concepts including populations, samples, analysis and inference. One and two dimensional discrete and random variables. Applications of normal, t, chi square, F and binomial random variables. R statistical software. Same as MATH 201 and SOC 203. **Prerequisites: Strong algebra background evidenced by math ACT 21 (math SAT 530) or MATH 106, 120, or 125.** Students enrolling in a lecture section must also enroll in the corresponding lab section.

PSY 204. Psychology of Childhood and Adolescence, 3 hours, Fall, Spring

Developmental processes from early childhood to adolescence. Consideration of behavioral management techniques.

PSY 206. Human Development Through the Lifespan, 3 hours, Fall, Some Springs

Developmental processes from prenatal to late adulthood and death, including physical, cognitive, and psycho-social development. Same as CFS 206.

PSY 212. Social Entrepreneurship Seminar, 2 hours, Fall

An introduction to service that addresses human needs and problems by strengthening social infrastructure through community research and action, service learning, and civic engagement. Involves readings and a fieldtrip. Same as ID 212.

PSY 213. Research Design and Interpretation, 3 hours, Fall, Spring

An introduction to research design including quantitative and qualitative approaches. Students will learn how to interpret primary research articles and plan a research project with a specific design.

PSY 250. Society and the Individual, 3 hours

PSY 301. Social Psychology, 3 hours, Fall, Spring, Summer

Social factors influencing the thoughts and behavior of the individual. **Prerequisite: PSY 101 or 102.** Same as SOC 301.

PSY 302. Abnormal Psychology, 3 hours, Fall, Spring

Causes, treatments and prevention of maladaptive behavior. **Prerequisite: PSY 101 or 102.**

198 Psychology Courses

PSY 304. Child and Adolescent Psychopathology, 3 hours, Offered periodically

Causes, treatments, and prevention of disorders in children and adolescents. **Prerequisite PSY 101, 102, 204 or 206.**

PSY 306. Organizational Behavior, 3 hours, Offered periodically

Principles of management with emphasis on individual and group behavior in organizations. Same as MGT 306.

PSY 308. Cognitive Psychology, 3 hours, Offered periodically

An overview of the scientific study of the mind and mental processes, including memory, language, and decision-making with consideration of the neurological underpinnings of cognitive processes.

PSY 309. Psychology of Adjustment and Health, 3 hours, Fall

An examination of the areas of emotional and behavioral health with emphasis on personal assessment, goal-setting and personal improvement. Analysis of the patterns of behavior that relate to health and higher quality of life. Use of the biopsychosocial model.

PSY 310. Criminology, 3 hours, Fall

Overview of the field of criminology with attention given to behavior of the criminal and case studies. Same as SOC 310.

PSY 312SL. Social Entrepreneurship and Non-Profit Studies, 3 hours, Fall

Students will investigate how non-profit organizations can address human needs and problems by strengthening social infrastructure and empowering communities to help themselves. Students will complete a project that addresses human need and creates social change for the common good. Same as ID 312. **Prerequisite: ID/PSY 212. \$25 fee.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PSY 313. Statistical Analysis in Psychology, 3 hours, Spring

Students will learn statistical analysis from measures of central tendency to analysis of variance as it applies to psychology research. Students will gain expertise in use of SPSS as a means of analysis. **Prerequisite: PSY 213.**

PSY 316. Forensic Psychology, 3 hours, Spring

An overview of criminal behavior, including developmental, biological, learning, personality, and social psychological perspectives. Specific topics range from juvenile delinquents to psychopaths, from typical aggression to homicide and sexual assault. Where possible, both predicting crime and correctional options will be introduced. **Prerequisites: 3 hours of social science and junior standing, or 6 hours social science.**

PSY 318. Humanity and the Biosphere, 3 hours, Every 2-3 years

See HONORS PROGRAM.

PSY 320. Topics in Psychology, 1-3 hours, Offered periodically

Topics vary and may include historical readings, biofeedback, self-management, humor, environment and community, peace psychology, stress management and self esteem in children. May be repeated.

PSY 323. Peace Psychology, 3 hours, Offered periodically

A psychological approach to understanding wars, transforming conflict, and building peace. Requires a lab fee and field experience.

PSY 325. Psychology of Humor, 3 hours, Offered periodically

A comparison of motivational and cognitive theories. Key questions: To be funny, must one be aggressive or are verbal puns sufficiently arousing? We will view stand-up comedy, sit-coms, cartoons/comics, and full-length movies. We will deconstruct comedies in terms of "incongruity-resolution," and blend schemas/themes arising in politics, relationships, and regional stereotyping. Original research will support an inclusive model of how we think about humor.

PSY 400. Teaching Assistantship, 1-3 hours, Fall, Spring

Majors assist with grading, class exercises and tutoring. Taken by instructor's approval. 4 hours maximum. S/F grading.

PSY 401. Research Assistantship, 1-3 hours, Fall, Spring

Students will work closely with a faculty member on a research project that the faculty member directs. Students will gain research and statistical expertise. **Prerequisites: PSY 213 or instructor's consent.**

PSY 404. Educational Psychology II: Classroom Management, 2 hours, Offered periodically

Teacher/Student Management.

PSY 405. History and Systems of Psychology, 3 hours, Spring, Summer

A study of systems of psychological thought in history and contemporary society. **Prerequisites: PSY 101 or 102, junior/senior standing.**

PSY 406. Personality Theories, 3 hours, Fall

Overview of major personality theories. **Prerequisites: PSY 101 or 102, 9 additional hours of psychology.**

PSY 407. Gerontology, 3 hours, Offered periodically in Spring

Examination of the physical, social, and psychological aspects of the aging process. In-depth look at stereotypes, theories, demographics, and ways to age successfully. Same as SOC 417.

PSY 408. Psychology of Gender, 3 hours, Spring

A survey of current ideas from the field of psychology on gender with an emphasis on women's ways of knowing, positive expressions of masculine character in the age of feminism, and communication differences between the sexes.

PSY 409. Current Topics in Child and Family Studies, 3 hours, Offered periodically

Research and readings on selected issues affecting children and families. **Prerequisites:** CFS 206 or PSY 204, CFS 305. Same as CFS 407.

PSY 410. Advanced Skills and Practice, 3 hours, Fall

Supervised experience in local agencies or institutions. **Prerequisites:** 12 hours of psychology to include one of the following: PSY 302, PSY 309, PSY 413, and junior/senior standing.

PSY 412SL. Senior Seminar, 3 hours, Fall

Review of the field of psychology and career/graduate school preparation within the psychology and psychology-related fields. **Prerequisite: senior standing.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

PSY 413. Counseling Theories and Techniques, 3 hours, Fall, Spring

Psychodynamic, Rogerian, cognitive, behavioral and eclectic theories. Basic counseling skills. Laboratory. **Prerequisites:** PSY 302 and junior/senior standing.

PSY 421. Human Sexuality, 3 hours, Spring even years

Social, psychological and moral understandings of sexual behavior.

PSY 425. Positive Psychology, 3 hours, Offered periodically

Optimal functioning is explored by studying happiness, wellness, optimism-pessimism, setting goals, resilience, flow, and hope. A purposeful life is not equal to merely being "happy". Theoretical support comes from cognitive, personality, and social psychology as well as neuroscience and counseling. Students compare empirical research to counseling applications, and keep a self-reflective diary. **Prerequisite: Junior/senior standing.**

PSY 465. Psychology Internship, 1-3 hours, Summer

Experience through a psychology-related agency that has a formal internship program with supervision taking place in the outside agency. S/F grading. **Prerequisites: junior/senior standing and instructor's consent.**

PSY 491. Psychological Research, 2-3 hours, Spring

Supervised participation in research. May be repeated. 6 hours maximum. **Prerequisites: PSY 213 and instructor's consent.**

Recreation (REC)

REC 200. Foundations of Recreation, 3 hours, Offered periodically

An in-depth study of the theory and nature of recreation; the impact of recreation on the quality of life for individuals and society; the role of agencies in provision of services; and the professional's role in education for recreation and the building of positive recreation lifestyle(s).

REC 220. Recreation Practicum, 1 hours, Fall, Spring, Summer

Exploratory on-site practical experience in a recreation and/or park agency. Observe activities and lead programs requiring Recreation Leadership. **Prerequisites: Must be pursuing the Wilderness Recreational Management minor and department chair's consent.**

REC 304SL. Recreation Program Planning and Management, 3 hours, Spring

Provides the student with an understanding of recreation program practices including planning, program principles, and program evaluation. Practical application of this knowledge will be facilitated through direct experiences in organizational leadership and evaluation of programs. **Prerequisite: junior/senior standing or instructor's consent.** This course is a service-learning course and may require additional time commitment outside of class. Students are responsible for any additional costs necessary to complete the service.

REC 306. Administration of Recreation Programs, 3 hours, Offered periodically

Designed to introduce students to the principles of administration and organization of recreation agencies. The role of the manager will be explored by investigating the concepts, problems and responsibilities faced by management staff.

REC 320. Special Topics in Recreation, 1-3 hours, Offered as needed

A wide variety of topics in recreation and leisure studies are explored in this contemporary research and special topics course. Relevant issues including conditioning, nutrition and supplementation, and biomechanics are analyzed. **Prerequisite: Junior/senior standing or instructor's consent.**

200 Recreation Religion Courses

REC 340. Outdoor Recreation, 3 hours, Offered periodically

Designed to provide the student with an orientation to the field of outdoor recreation. Emphasis is placed on acquiring knowledge in background knowledge of outdoor pursuits, specific skills utilized, along with leadership and administration of outdoor recreation pursuits. Emphasis will also be placed on the leadership of selected activities.

REC 440. Wilderness Leadership, 3 hours, Fall, Summer

Implement wilderness programs including design, planning, implementation, and leadership with consideration of administrative techniques, environmental ethics, and risk management. Field experiences may include minimum-impact backcountry travel, living skills, navigation, climbing, canoeing, and trail service opportunities. **Prerequisite: Junior/senior standing or instructor's consent.**

REC 461. Critical Issues in Recreation, 3 hours, Offered periodically

Examination and exploration of critical issues in the field of Recreation. **Prerequisites: senior standing and instructor's consent.**

REC 463. Topics in Recreation, 1-3 hours, As needed

Study of special topics and problems through directed reading and research in recreation. May be retaken to a maximum of three hours. **Prerequisite: Department chair's consent.**

REC 465. Internship, 6 hours

Designed to place students in a recreation setting to observe and conduct activities. Students will additionally be gaining practical experience in the daily operations of a comprehensive recreation agency. Through this training, the student is provided an opportunity to test the concepts and competencies gained through his or her completion of college classroom experiences.
