\*The last date to drop a course without being charged for the course in the module is *before* the module begins. Module classes are part of an academic term. To not incur charges, courses should be dropped by the date and time indicated on the Timetable of Dates. Students who confirm enrollment or begin attendance will incur charges. Dropping module courses during the semester may result in aid recalculation or return of funds to the funding agency for that term. When a student drops all courses of enrollment, the student is a withdrawal and follows the withdrawal policy for refunds and financial assistance re-calculations.

^ Courses dropped after this date until the end of the session are graded WF.

***Students enrolled in a session who do not plan to enroll in a subsequent session must notify the Office of the Registrar by the last day of the session in which they are currently enrolled. Failure to notify the Registrar will result in charges and processing of an administrative withdrawal.***
